Southern Adventist University is a coeducational institution established by the Seventh-day Adventist Church, offering master’s, baccalaureate, and associate degrees, and one-year certificates.

**The Mission**

Southern Adventist University as a learning community nurtures Christ-likeness and encourages the pursuit of truth, wholeness, and a life of service.

**Core Values**

- A Christ-centered campus
- Academic and professional excellence in a distinctive Seventh-day Adventist environment—theologically, socially, morally, and intellectually
- Demonstrated hospitality and service
- Affordable education

**Institutional Goals**

- Graduates who master the basic skills of critical reasoning, independent thinking, computation, communication, collaboration, and creativity needed to enter the workplace with confidence, to pursue lifelong learning, and to exercise leadership as contributing citizens who advance their families, communities, the church, and society.
- Competent and diverse faculty and staff who model balanced ethical lives, integrate faith and learning, demonstrate scholarship through teaching, research, and other scholarly and creative activities, and celebrate and energize the student spirit as they respect and support the different ways students develop their minds, their persons, and their citizenship.
- Campus learning communities that engage students with ideas that mark educated persons, global and multicultural perspectives, and advanced technology to develop both ethical principles and intellectual flexibility.
- Active partnerships with alumni, church, community, business and industry, civic organizations, and government in order to analyze, project, and respond to changing needs to help ensure that graduates are prepared for a life of service.
- Responsible stewardship of resources entrusted to the university through effective fiscal management to fulfill the mission, vision, and goals of the university.

**GUIDING PRINCIPLES FOR GRADUATE PROGRAMS**

In keeping with the institutional mission statement, graduate education at Southern Adventist University provides an opportunity for motivated students to combine the acquisition of knowledge with refinement of their intellectual skills in the pursuit of truth. This experience extends beyond the transmission of information in the traditional disciplines. Rather, the learning environment consists of a community of
scholars where students and professors jointly share dilemmas as well as discoveries and insights, resulting in a mutually fulfilling growth experience. Such opportunities motivate the student to engage in open dialogue, debate, critique, thoughtful query and independent thinking. Previous knowledge and understandings are examined, reconsidered, and synthesized in light of new learning; and accepted practices undergo the rigor of thoughtful analysis.

Students study and integrate theory, research, and practice in specialized areas of expertise. Considerable emphasis is placed upon independent and collaborative projects, which require a complexity of skills, including problem identification, inquiry, problem solving, analysis, and synthesis. Depending upon the particular graduate program; comprehensive examinations, capstone seminars, portfolios, and theses afford additional demonstrations of scholarship and the potential for contributions to the field. Sound scholarship is expected, and these projects may lead to formal papers, professional presentations, or publishable manuscripts.

At Southern Adventist University, the quest for truth relates to matters of Christian faith. Because Biblical ideals lead to an appreciation of human dignity, participants in the community of scholars seek to apply theory in ways that preserve human worth. Christian education combines faith and learning, understanding and practice, erudition and service.

HISTORY

In 1892 the educational venture that developed into Southern Adventist University had its beginning in the small village of Graysville, Tennessee. The school became known as Graysville Academy. In 1896 the name was changed to Southern Industrial School and five years later to Southern Training School.

In 1916, because of limited acreage available for further expansion of plant facilities, the school was moved to the Thatcher farm in Hamilton County, Tennessee. The name “Collegedale” was given to the anticipated community. At its new location, the school opened as Southern Junior College and continued as such until 1944 when it achieved senior college status, after which the name was changed to Southern Missionary College. In 1982 the name was changed to Southern College of Seventh-day Adventists. University status was achieved in 1996 when the name was changed to Southern Adventist University.

SETTING

Southern Adventist University's 1,100 acre Collegedale campus is nestled in a valley 18 miles east of Chattanooga. The quietness and beauty of the surroundings are in keeping with the University's educational philosophy.

ACCREDITATION AND MEMBERSHIPS

Southern Adventist University is approved by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; telephone number 404-679-4501) to award one-year certificates, associate degrees, baccalaureate, and masters' degrees. It is also accredited by the Accrediting Association of Seventh-day Adventist Schools, Colleges, and Universities. Additional information regarding the University may be obtained by contacting the State Board of Independent Colleges and Universities, Department of Education, Tallahassee, FL 32399 (850-488-8695). The Master of Science degree in School Counseling is approved by the Tennessee State Board of Education.
The Schools of the University are also accredited by various organizations. The Associate of Science, Bachelor of Science, and Master of Science degree programs in nursing are accredited by the National League for Nursing Accrediting Commission (61 Broadway, New York, NY 10006, telephone number, 1-212-363-5555 ext. 153). The School of Nursing is an agency member of the Council of Baccalaureate and Higher Degree Programs and the Council of Associate Degree Programs of the National League for Nursing. The School of Nursing is approved by the Tennessee Board of Nursing. The School of Education and Psychology teacher education program is accredited by the National Council for Accreditation of Teacher Education. The University is approved by the Tennessee State Board of Education for the preparation of secondary and elementary teachers.

DISTANCE LEARNING
Distance learning offers the MBA graduate program online. The distance learning program provides the same quality of educational experience as the main campus to those students who cannot attend classes in Collegedale.

ADMISSIONS

Southern Adventist University welcomes applications from students who will commit themselves to an educational program that unites academic integrity and Christian principles. The University does not discriminate in admissions on the basis of age, gender, race, color, ethnic or national origin, religion, or disability.

WHERE TO WRITE
Inquiries regarding application and acceptance should be addressed to:
School of (Business and Management, Education and Psychology, Nursing, or Religion)
Southern Adventist University
P. O. Box 370
Collegedale, TN 37315-0370

ADMISSION PROCEDURES
The following materials must be submitted to the School of Business and Management, Education and Psychology, Nursing, or Religion before the applicant can be considered for acceptance:
1. A completed graduate application form.
2. A non-refundable application fee of $25.
3. Official transcripts from all institutions attended at the undergraduate and graduate level.
4. Scores for entrance examinations as required by the respective School.
5. Two professional recommendations as requested by the School.

ADMISSION CATEGORIES

Regular admission is based on the following criteria:
1. Graduation from a regionally accredited four-year college or university as evidenced by a transcript showing the completion of a baccalaureate degree. (Except for approved accelerated program in Nursing.)*
2. Completion of appropriate undergraduate prerequisites as determined by the respective School.
3. Minimum GPA, TOEFL, and entrance examination scores as required by the individual School. Additional criteria are described in each School’s section in this catalog.
4. Two satisfactory professional recommendations.

Special student:
An applicant who does not satisfy the graduate admission requirements may be permitted to enroll in specific classes as a special student while completing such requirements. A maximum of nine (9) semester hours may be taken on this basis.

*Nursing has an accelerated program where a student who has a RN may receive the MSN.
**Provisional admission** may be granted to students who do not meet all of the criteria for regular admission:

1. Students with a combined GPA and entrance examination score within a range as prescribed by each School. See respective Schools for additional criteria. Regular admission status will be granted if the student’s GPA averages 3.00 or higher at the end of the first 12 graduate semester hours. However, students who have not achieved a minimum GPA of 3.00 per 12 hours will not be permitted to take additional courses.

2. Positive work experience in areas related to the desired graduate specialization may be considered by the School for provisional admission.

3. Students who have not completed a four-year baccalaureate degree,* or the equivalent, from an accredited institution may be accepted provisionally upon the completion of all of the following:
   a) A four-year baccalaureate degree* or the equivalent from an American institution not recognized by a regional North American accreditation association.
   b) The minimum entrance examination requirements established by the School to which application is being made.
   c) A school recommendation that the student has had an adequate general education with any deficiencies to be earned from an accredited institution prior to acceptance.
   d) A recommendation by the School affirming adequate preparation in the subject areas as evidenced by a nationally normed test, where appropriate, with any deficiencies to be earned at the upper-division level from an accredited institution prior to acceptance.

**Non-degree admission** may be granted on a space-available basis. Students must have a bachelor’s degree and approval from the School which offers the courses.

---

*Exception is made for the accelerated MSN/MBA and MSN program.
ACADEMIC POLICIES

GENERAL REQUIREMENTS FOR MASTER’S DEGREE

Admission, Progression and Degree Candidacy
Students admitted under regular admission criteria are regarded as candidates for their declared degrees as long as they maintain a grade point average of 3.00, including no more than two classes with a minimum grade of C.

Students admitted provisionally will progress to candidacy after successfully completing 12 semester hours of graduate work in residence with a grade point average of 3.00 with no grade lower than C, including a maximum of one course with a grade of C.

Applicants who do not satisfy the graduate admission requirements may be permitted to enroll in specific classes as special students while completing such requirements. A maximum of nine (9) semester hours may be taken on this basis.

Credit and Course Requirements and Limitations
Students are responsible for meeting the semester hour requirement for the chosen degree.

A maximum of six semester hours taken for graduate credit from courses numbered 450 or higher, under special circumstances, may be applied to a student’s graduate program. Such courses must be approved by the student’s School and carry grades of B or better. A student may receive credit for the course from only one program (ie. graduate or undergraduate).

Only earned credit that applies to its graduate programs is recognized. Credit by validation exam is only permitted when a student has successfully completed a predefined structured course of study for which a validation exam has been established and approved by the School. Credit obtained by validation exam is considered earned credit. A maximum of 12 hours of credit may be obtained by validation exam. Credit for experiential learning, credit by challenge examination, and other categories of non-traditional credit may not apply to a graduate degree. Students may validate their knowledge in specific courses by waiver examinations but must also complete a commensurable number of hours in approved courses to meet the minimum amount of earned credit for graduation.

Graduation Requirements
In order to graduate, a candidate must:
1. Complete an application to graduate which must be filed with the Records and Advisement Office two months prior to the anticipated graduation date.
2. Complete the program with a minimum grade point average of 3.00.
3. Pass a comprehensive examination and/or a defense of a thesis/research project, portfolio, or case study, as may be required by the respective School. For additional graduate requirements, see catalog section on degree to be earned.

Second Master's Degree
Degree programs for students who have already completed a master's degree will be arranged individually. The amount of applicable class work from the first degree will be determined by the age of previously earned credit and its appropriateness to the
program. Ordinarily, theory courses that are more than ten years old and technology application courses that are more than five years old must be repeated or waived by a validating examination. Students must complete a minimum of two-thirds of the credits required for a second degree which may include independent study in residence. A thesis or research project may be required. The GRE/GMAT is not required for a student pursuing a second master's degree from a U.S. accredited institution.

**Thesis Requirement**

If a thesis is required by the School, the student must secure the Advisory Committee's approval of the thesis topic and research design. Research and thesis preparation are under the direction of the student's Advisory Committee.

Two copies of the approved thesis, one of which will be placed in the library, must be provided to the School.

**Time Requirement**

The time required to complete a degree is as follows:

<table>
<thead>
<tr>

</table>

Ordinarily, theory courses that are more than ten years old and technology application courses that are more than five years old must be repeated or waived by a validating examination.

**Transfer Credit**

Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School. A maximum of twenty-five percent of transfer credit is allowed for a degree.

Ordinarily, theory courses that are more than ten years old and technology application courses that are more than five years old must be repeated or waived by a validating examination.

**Veterans Educational Benefits**

VA benefits will be terminated if the student’s cumulative grade point average falls below 3.00. Practical training or Internships required for graduation may be certified to VA and must meet the same standards of progress as students pursuing resident courses.

**Withdrawal From a Course**

The last day to drop and automatically receive a “W” equals two-thirds of the class days.
ENROLLMENT

Advisement
Each graduate student will be assigned an adviser who will provide academic counseling, approve course scheduling, and supervise research.

Attendance
Students are responsible for attending classes regularly and must comply with the attendance policies described in the course syllabi for courses in which they are enrolled.

Enrollment Status
Nine semester hours constitutes full-time status and five semester hours is equivalent to part-time status. The maximum number of hours for which graduate students may enroll is 12, unless special permission is given through the Dean of Graduate Studies.

Independent Study
A maximum of six semester hours may be taken as independent study within the graduate degree.

Maximum Course Load
No more than one credit hour per week for any given course may be earned.

Registration
Students must register for course work (on-line or regular) no later than the beginning of the second week of class.

Repeated Courses
A course may be repeated on the resident campus for the purpose of improving the GPA or to remove a non-passing grade. A maximum of two courses may be repeated.

Second Emphasis
Each emphasis must include a minimum of 18 hours that do not overlap with any other emphasis.

GRADE POLICIES

Grading System
An institutional grading system is not followed as course syllabi describe methods of evaluating students’ work and the grading system for each course. The following equivalencies are used:

Minimum Grades
A maximum of two courses with C grades may count toward a master’s degree. Grades lower than C (2.0) are not applied toward completion of a graduate program.

PETITION AND ACADEMIC GRIEVANCE PROCEDURES

Academic Grievances
The student, believing that he or she has been unfairly treated or disciplined, may enter into an academic grievance process. The student shall first discuss the grievance with the instructor, within two weeks, of the grievance in an informal conference. If the student believes that the solution is not appropriate, the student may submit the grievance, in writing, to the School’s Dean within four weeks of the informal conference. If the student believes that the resolution facilitated by the School Dean is not appropriate, the student can appeal to the Vice President for Academic Administration within six weeks of the informal conference. The Vice President will ask the Graduate Council to appoint a Grievance Committee according to the policies of the Employee Handbook. The decision of the Grievance Committee shall be final.

Academic Integrity
Students are expected to practice academic integrity in all instances. The penalties for dishonesty including plagiarism may include the following:

a. Record a failing grade on the exam, assignment, or project.
b. Assign a failing grade in the class.
c. Allow the student to resubmit the assignment with a reduced value for the assignment.
d. Assign the student a paper, project, or activity that improves the student’s understanding of the value and nature of academic integrity.
e. Dismissal from the University.

Disability Act
Students with disabilities should contact the Center for Learning Success (CLS) by phone: 423-236-2574 (or 2838), e-mail: cls@southern.edu (e-mail communication cannot be guaranteed confidential), or in person (physical location: second floor of the McKee Library.) Southern is in compliance with Section 504 of the Rehabilitation Act (1973) and has established the CLS to assist in advocating for reasonable accommodations. However, the university does not assume responsibility for providing accommodations or special services to students who have not voluntarily identified themselves as having qualifying disabilities or to those who have not provided the CLS with appropriate documentation of their disabilities. For information on Southern’s formal grievance procedure, contact the Counseling Center or the CLS.

Petitions
Students may petition the Graduate Council for exceptions to policy. Petitions should include reasons for the request. The form may be obtained from the Records and Advisement Office.
FINANCING YOUR EDUCATION

Southern Adventist University operates on the basis of each graduate student assuming the primary responsibility for his/her educational costs. Financial aid is available to U.S. citizens and permanent residents in the form of low interest federal and private educational loans. Repayment of these loans does not begin until after a student drops below half-time status. A limited number of private institutional scholarships and graduate assistantships are available for students in the Master of Business Administration, Education, Counseling, and Nursing programs. (Students may apply for these scholarships/assistantships through the school in which they are enrolled.)

Students receiving a Seventh-day Adventist conference subsidy/assistance for tuition and living expenses may not be eligible for financial aid. Specific assistance may vary between the conferences, therefore tuition and expenses not covered by the subsidy must be paid at, or before, registration. International students are not eligible for U.S. federal financial aid.

Federal Stafford Loan Requirements and Disbursements

Students must register for, and attend, a minimum of five credit hours per semester to receive a Federal Stafford Loan. The first half of the loan amount will be credited to the student’s account after the student’s attendance in at least five credits has been verified. Anyone who drops below five credit hours or does not attend at least two class periods of the second course will not receive loan funds.

The amount that graduate students may borrow per year is up to $18,500 ($8,500 Subsidized, $10,000 Unsubsidized Stafford Loan) or the cost-of-attendance, whichever is less, at an annual interest rate of approximately 2.77-8.25%. Principal repayment begins six months after the student ceases to be enrolled in at least five credit hours. Students receiving a Federal Stafford Loan will need to complete and mail the Free Application for Federal Student Aid (FAFSA) and a loan application six to eight weeks prior to registration. Loan fees of about 4% are deducted from the loan amount before the funds are disbursed to Southern. Student borrowers may not receive anticipated loan funds unless the amount borrowed exceeds the direct costs, and the funds have been received by Southern. If extenuating circumstances occur, students may appeal to the Financial Appeals Committee.

Ability to Benefit

The federal government requires that the university have a copy of the baccalaureate transcript from an accredited institution prior to disbursement of federal financial aid to graduate students. Therefore, students accepted provisionally will not receive their loan proceeds until a copy of their baccalaureate transcript is received by the Records and Advisement Office at Southern.

Students eligible for financial aid who are completing their first undergraduate degree and who are also enrolled in the graduate program at Southern will receive financial aid at the undergraduate level until they complete their undergraduate requirements. Those seeking a second undergraduate and a graduate degree at the same time, if eligible, will receive financial aid as a graduate student.
Satisfactory Academic Progress Policy for Graduate Students Receiving Federal Financial Aid

Government regulations require all financial aid recipients to maintain satisfactory academic progress toward a degree, as measured both qualitatively and quantitatively, in order to receive financial aid, including federal loans. This requirement applies to the entire period of enrollment in Southern Adventist University’s graduate program—including periods during which a student does not receive financial aid. Failure to comply with this requirement may result in a student becoming ineligible for financial aid.

Requirements

A student must maintain a cumulative grade-point average (GPA) of at least 3.00 and complete at least 67.00% of attempted credit hours per semester. “Attempted credits” are those credits for which a student registers and of which he/she attends at least two class periods. Aid is awarded based on these credits. (Incompletes, withdrawals, and failed classes count toward the total attempted credits. A repeated course counts as attempted credit each time it is taken.) “Completed credits” are those that apply to a student’s degree and for which a passing grade is received. (Incompletes, withdrawals, failed classes, and audits do not count as completed credits.)

Time Frame For Receiving Financial Aid

The maximum time to receive financial aid is 150% of the established course length. A student may receive financial aid for up to two graduate degrees.

Progress Review

Student Finance will review each student’s academic progress at least once per semester and will send a notice, in writing, if a student has not maintained satisfactory academic progress as outlined above.

A student whose financial aid/loans have been suspended as a result of failing to comply with this policy, and who feels that unusual and unavoidable circumstances led to this suspension, may appeal to the Financial Aid/Academic Progress Committee. Student Finance will advise the student, in writing, of the committee’s decision.

*Estimate: Figures are estimated and will vary, depending upon individual needs and number of credit hours for which the student has enrolled.

Refunds
If a student officially withdraws during the course or semester, a refund of tuition for hours dropped is made according to the date on the withdrawal form. All required signatures must be obtained and the form must be filed with the Records and Advisement Office.

Tuition refunds, when a student withdraws from a course, are calculated as follows:
- during the first two class periods 100%
- from the third class to course midpoint 50%
- from midpoint to course ending date 0%

Students withdrawing from all classes will be charged a cancellation of program fee of $100.

International Student Deposit
In addition to regular University charges, international students must provide an International Student Deposit of $3,000 U.S. This applies to all international students except documented permanent residents of the U.S. or residents of Canada. The deposit must be received by the Enrollment Services Office before a U.S. Immigration Form I-20 is sent to the prospective student for entry to the U.S. Because mail service from many foreign countries takes time, this deposit should be sent at least eight weeks prior to enrollment. This deposit, once paid, remains untouched (with interest paid at the rate
of two percent) until the student graduates, withdraws from Southern, or is unable to pay his or her student account, at which time the international deposit will be applied to the student’s account. If the student’s account has been paid in full, the deposit will be refunded after the final statement is issued.

Credit Cards

The Cashier’s Office honors VISA, MasterCard, Discover, and American Express cards for making payments on a student’s account. **No cash withdrawal service is available from the Cashier’s Office.** This service may be obtained from a local financial institution or ATM.

When using a credit card to pay on an account, the following information must be supplied: 1) type of credit card being used, 2) cardholder’s name, 3) credit card number, and 4) expiration date.

Summer Residence Hall

A refundable deposit of $250 is required of each student. This deposit is held in reserve until the student permanently moves out of the residence hall. Seventh-day Adventist conference-sponsored students enrolled part-time in the summer program are exempt from this requirement.

The rental charge per person for dual occupancy is $10 per day. When available, single occupancy is permitted at $15 per day. Room charges will be posted to a student’s account monthly, based on the number of days a room was occupied/reserved during the month.

Pets and children of students are not permitted to stay in the residence halls.

University Apartments

The University apartments are available on a first-come first-served basis. Rental arrangements are made with the office of the Vice President for Financial Administration. The first month’s rent and a $250 housing deposit is required before a rental agreement is issued. An additional $5 per key deposit must be paid before keys to the apartment are issued. These deposits are fully refundable unless there are unpaid rental charges, cleaning charges and/or unreturned keys. Additional charges will be assessed if the deposit is insufficient to cover these costs. Semester rental charges will be posted to the student’s account to be paid monthly. Subject to change without notice.

Books and Supplies

Textbooks, school supplies, and other class materials are available at the Campus Shop.

Release of Transcripts or Diplomas

It is the policy of the university to withhold transcripts, diplomas, certificates of completion, and other records if a student has an unpaid or past-due account at the school, any unpaid account for which the university has co-signed, or if a federal loan borrower has not completed a Federal Stafford Loan Exit Interview.

When payment is made by personal check, the transcript will be held for up to ten working days to allow the check to clear.

Any student that has an amount that has been written off due to an uncollectible account, settlement, or lost account must pay the written off amount prior to enrolling in any class or being accepted or re-accepted as a graduate student.
Any student with an account that has not been paid in full due to a bankruptcy filing, must be paid in full before acceptance or enrollment unless (1) the student has received a hardship discharge from the bankruptcy court and provides a copy of the same to the University or (2) the student can demonstrate to the satisfaction of the University that his or her account falls outside of the educational benefit discharge exception of Section 523(a)(8) of the Bankruptcy Code.
The mission of the School of Business and Management is to provide a high quality professional education within the context of the Seventh-day Adventist Christian community. A God-centered environment that integrates personal integrity, ethics, respect, and dignity in all relationships is valued. The emphasis is excellence in teaching at the graduate level with value given to the development of knowledge. Programs and instruction provide both theory and application to promote strategic outcomes in a free market society exemplified by qualified alumni committed to dedicated service.

Programs Offered
The School of Business and Management offers a Master of Business Administration (MBA), Master of Financial Services (MFS), and a Master of Science in Administration (MSA).

The emphases in the MBA are:
- Accounting
- Church and Nonprofit Leadership
- Healthcare Administration
- Human Resource Management (by special arrangement)
- Management (SAU Campus, Websouthern)
- Marketing Management (by special arrangement)

Online Program:
The Master of Business Administration (Management emphasis) degree program is available online. You may contact http://business.southern.edu or the School of Business and Management (423-236-2527) for more information.

Admission Requirements
In addition to the admission requirements for graduate study, a candidate for a Master of Business Administration, Master of Financial Services, or a Master of Science in Administration will comply with the following requirements.
1. A Bachelor’s degree from an accredited institution in any major.
2. A cumulative undergraduate grade point average of 3.00 or higher.
3. A Graduate Management Admissions Test (GMAT) taken within the past five years. Students will be admitted based on the following formula: GPA x 200 + GMAT = 1000.
4. International students must have a TOEFL score of at least 600 having taken the test within the past year or demonstrate proficiency in the use of the English language.

Note: All graduate admission documents are to be sent to the School of Business and Management. After initial processing, documents will be forwarded to the Office of Records and Advisement.

Provisional Admission:
An applicant with less than a 3.00 grade point average or a combined GPA/GMAT score of less than 1000 may be admitted provisionally. A student accepted provisionally will be admitted to regular status upon the completion of 12 credit hours taken on the resident campus with a minimum grade of “B” in each course. Students are not permitted to repeat courses in order to satisfy this requirement. Students who do not satisfy this requirement will not be permitted to continue in the program.

Special Student:
An applicant who does not satisfy the graduate admission requirements may be permitted to enroll in specific classes as a special student while completing such requirements. A maximum of nine (9) semester hours may be taken on this basis.

Admission to the Programs:
Full-time students may be admitted into the program during the fall semester. Part-time students may enter the program at the beginning of any semester. (Fall, Winter, Summer)

Time Limits:
The programs are structured to meet the needs of the part-time as well as the full-time student. Normal progress through the programs for the full-time student will be four courses per semester (five for the MFS). Normal progress for part-time students will be one or more courses per semester. The time allowed from enrollment to the graduate program to the conferring of the Master of Business Administration degree may not exceed five years (four years for the MFS). Application for an extension will be considered on an individual basis.

Residence:
The last 30 semester hours (24 hours for the MFS) must be taken through the Southern Adventist University School of Business and Management.

Progression:
1. A maximum of six semester hours with a minimum grade of “B” may be transferred into the program to satisfy graduation requirements provided they are equivalent to course requirements.
2. A course may be repeated one time on the resident campus for the purpose of improving the GPA or to remove a non-passing grade. A maximum of two courses may be repeated.
Graduation Requirements

A candidate must:
1. Complete an application to graduate, which must be filed with the Records and Advisement Office two months prior to the anticipated graduation date.
2. Complete the program with a minimum grade point average of 3.00. A maximum of two courses with C grades may count toward a master’s degree.

MASTER OF BUSINESS ADMINISTRATION

The MBA program consists of 36 hours of courses. The regular schedule is a three semester regimen of four courses each. The areas of emphasis are: Accounting, Church and Nonprofit Leadership, Healthcare Administration, Human Resource Management, Management, and Marketing Management.

Objectives:
1. To give the student a broad background of knowledge of the free enterprise system within a framework of moral and ethical guidelines.
2. To assist the student to develop a sound Christian business philosophy toward our current economic environment and the ever-changing business world of the future.
3. To provide the student with a quality academic program at the graduate level with skills required for today’s job placement.
4. To prepare the student to serve in a position of business leadership.
5. To provide the necessary academic background for entrance into terminal degree programs in business or related areas of concentration.

   - MATH 120 (Precalculus Algebra)
   - BUAD 221 (Business Statistics)
   - ECON 224, 225 (Macro/Micro Economics)
   - FNCE 315 (Business Finance)

Special Students:
Applicants who do not satisfy the graduate admission requirements may be permitted to enroll in specific classes as special students. Such students will be allowed to take a maximum of nine (9) semester hours.

Admission to the Program:
Full-time students may be admitted into the program during the fall semester. Dual degree students may be admitted into the program at the beginning of the fall or winter semester.
Time Limits:
The program is structured to meet the needs of both the full-time and part-time student. Normal progression through the program for the full-time student will be five courses per semester. Normal progression through the program for the part-time student will be two courses per semester. The time allowed from enrollment to the graduate program to the conferring of the Master of Financial Services degree may not exceed four years. Application for an extension will be considered on an individual basis.

Residence:
The last 24 semester hours must be taken through the Southern Adventist University School of Business and Management.

Progression:
1. A maximum of six semester hours with a minimum grade of “B” may be transferred into the program to satisfy graduation requirements provided they are equivalent to course requirements.
2. A course may be repeated one time on the resident campus for the purpose of improving the GPA or to remove a non-passing grade. A maximum of two courses may be repeated.

Graduation Requirements
A candidate must:
1. Complete an application to graduate which must be filed with the Records and Advisement Office two months prior to the anticipated graduation date.
2. Complete the program with a minimum grade point average of 3.00.
3. A maximum of two courses with C grades may count toward a master’s degree.

MASTER OF SCIENCE IN ADMINISTRATION

The Master of Science in Administration degree is designed for students with a non-business undergraduate background or who desire further preparation in leadership. Students with an undergraduate degree from an accredited four-year institution may be accepted in the program without further prerequisites upon compliance with the admission requirements for graduate study.

Objectives:
1. To give the student an interdisciplinary training in business administration and leadership in the chosen professional field.
2. To assist the student to develop a sound Christian business philosophy toward our current economic environment and the ever-changing business world of the future.
3. To provide the student with a quality academic program at the graduate level with skills required for today’s workplace.
4. To prepare the student with a balance of business skills and professional area skills to serve in a position of leadership and administration.

Admission Requirements
In addition to the admission requirements for graduate study, a candidate for a Master of Science in Administration will comply with the following requirement.

In some instances a Graduate Management Admissions Test (GMAT) taken within the past five years may be required. In such situations students will be admitted based on the following formula: GPA x 200+GMAT=1000.

Note: All graduate admission documents are to be sent to the School of Business and Management. After initial processing, documents will be forwarded to the Office of Records and Advisement.
Admission to the Program:
The program is designed for part-time students. Part-time students may enter the program at the beginning of any semester based on when courses are offered.

Courses for the Master of Science in Administration

The program consists of 36 hours of courses including eight courses (24 hours) in the business area and the emphasis of four courses (12 hours) in the professional area. Select one of the areas of emphasis either in Church Administration or Outdoor Education.

TOTAL 12

Total Hours Required 36-39*
Business Administration General Courses

BUAD 504. Communication Skills for Managers 3 hours
The course analyzes basic models of communication applicable to the workplace. This analysis provides a theoretical framework for effective communication. Emphasis is placed on the connection between communication and the functions of management.

BUAD 505. Management in a Changing World 3 hours
Presents an overview of the fundamental issues underlying a post-industrial society, such as the changing concepts of technology and knowledge. The impact of technological and workforce changes on society, on organizations, and on the role of the manager are explored in depth. The nature of organizations in a changing environment, the evolution of management thought and its relevance for modern managers. Organizational theory, structure, and design are emphasized. The relationships between individuals and organizations, the social responsibility of organizations and ethical issues for managers, workforce diversity, and the challenges of managing in today’s complex organizational environment are studied.

BUAD 510. Accounting for Control and Decision Making 3 hours
Prerequisite: ACCT 505 or a course in Principles of Accounting. This course is cross-listed with ACCT 510. A student may receive credit for this course from only one program.
Review of basic financial accounting and financial statements. Study of the use of accounting for the planning and control of a firm, application of accounting techniques for budgeting, pricing, and decision making.

BUAD 520. Financial Management 3 hours
Prerequisite: A course in Principles of Finance or permission of dean or program coordinator. This course is cross-listed with FNCE 510. A student may receive credit for this course from only one program.
Understanding and analyzing information for decision making. The financial environment, financial statement analysis, operating, cash and capital budgeting, working capital management, interest mathematics, and cost of capital are discussed.

BUAD 530. Organizational Behavior 3 hours
Leadership, motivation, group dynamics, decision making, interpersonal relations, change. Designing and implementing the organizational structure: corporate divisions, departments, support groups. Organizing work: positions, specifications, performance standards and review, reward systems, program and project management.

BUAD 540. Marketing Management 3 hours
The marketing process, product development, pricing, packaging, promotional strategy, development of channels of distribution integrated into a program for profit and nonprofit organizations. Contains a research component.

BUAD 555. Leadership and Change 3 hours
Examines theory and leadership practices in various types of organizations. Particular emphasis is placed on the strategic role of leaders in leading organizational development and change in an age of rapidly changing markets and technologies. Examines why organizational change efforts succeed or fail, and what leaders can do to anticipate and effect needed organizational changes successfully.

BUAD 560. Seminar in Entrepreneurship 3 hours
Examines the theory and practice of entrepreneurship and how the field fits traditional business models. A business plan is developed and presented, including market research, legal organization business forms, and a human resource plan. Includes case studies devoted to successful entrepreneurial businesses.
BUAD 570. Strategic Decision Making 3 hours
Prerequisite: Permission of dean or program coordinator if taken before completion of core curriculum.
A capstone seminar in which the applied behavioral aspects and the impact of the continuous changes affecting post-industrialized society are linked to the key organizational function known as decision making. The course integrates previous course work. Focus is given to effective decision strategies, ensuring decision quality, differences between group and individual decision making, and a variety of constraints facing decision makers. Utilizing a case approach to integrate earlier course work, the course enhances decision making skill by providing students the opportunity to analyze the effects of various decision strategies on organizational outcomes. The use of technology to enhance research and decision making skills are key components.

BUAD 595. Independent Study 3 hours
Individualized research into a selected topic chosen by the faculty adviser and the student.

Accounting and Finance Courses

ACCT 505. Financial Accounting 3 hours
An introduction to financial accounting. Emphasis is on uses of information contained in financial statements. Students are also introduced to the principles of managerial accounting. (ACCT 505 is required for students who have not taken two semesters of undergraduate accounting or can validate equivalent work experience approved by the dean or accounting professor.)

ACCT 507. Intermediate Financial Accounting I 3 hours

The mission of the School of Education and Psychology is to prepare professional educators and psychologists at both undergraduate and graduate levels who can function effectively in a culturally pluralistic society and who are dedicated to assisting students in reaching their maximum potential in service to God and humanity.

The School of Education and Psychology is approved by the Tennessee State Board of Education for the preparation of secondary and elementary teachers. The Master of Science degree in School Counseling is also approved by the Tennessee State Board of Education.

**Programs Offered**

The School of Education and Psychology offers a Master of Science degree with three emphases in Counseling and a Master of Science in Education degree with five emphases.

The emphases in Counseling are:
- Community Counseling
- Marriage and Family Therapy
- School Counseling

The emphases in Education are:
- Curriculum and Instruction
- Educational Administration and Supervision
- Inclusive Education
- Literacy Education
- Outdoor Teacher Education

**MASTER OF SCIENCE**  
Community Counseling, Marriage and Family Therapy and School Counseling

**Objectives:**
1. To enhance competency in several areas of counseling services.
2. To facilitate placement in the professional field.
3. To provide studies in preparation for more advanced programs.
4. To prepare candidates to obtain the appropriate credentials and/or licensure.

**Note:** Each candidate is responsible for the realization of this goal, as each state has its own standards. Our programs are designed in keeping with the Council for Accreditation of Counseling and Related Education Programs (CACREP)
standards for Community Counseling, Marriage and Family Therapy, and School Counseling. Upon completion of a program, students will have met the academic eligibility requirements for TN Licensed Professional Counselor (LPC) or School Counselor Certification.

5. To train candidates to effectively serve others.

Prerequisites for Admission

In addition to the admission requirements for graduate study, a candidate for the Master of Science program with emphases in Community Counseling, Marriage and Family Therapy, or School Counseling will comply with the requirements listed below. Students who have not met all requirements for regular admission upon completion of 12 semester hours will be prohibited from registering for additional credits until all requirements are satisfactorily completed.

1. The completion of a minimum of nine semester hours in psychology or behavioral sciences on the upper division of the undergraduate level or on the graduate level, including one class in research and/or statistics.
2. The absence of any felony or pending prosecution for felony. (Completion of form verifying such).
3. Two recommendations, including one from a college professor and another from a work supervisor, attesting to the qualities of the candidate in terms of relationships and stability.
4. An interview by members of the psychology area of the School of Education and Psychology to assess the candidate's values, commitment to multiculturalism, attitudes, and communication skills. (The interview may take place before admission or during the first session of classes.)
5. Prior to the faculty interview, candidates are asked to complete a written “Statement of Purpose” regarding their motivation for joining the counseling program as part of their application. This will be used to assess the candidate’s written expression skills.
6. Academic records are examined to determine whether the applicant has established a firm basis for graduate work in the proposed field of study. In harmony with accepted academic practice for regular admission status, a minimum of 3.0 grade point average on undergraduate credit or 3.0 average on 12 semester hours of graduate credit is required. Students with a grade point average less than 3.0 may be considered for provisional admission on an individual basis. Regular admission status will be granted if the provisional student’s GPA averages 3.0 or higher at the end of the first 12 graduate semester hours.
7. The results of the required Graduate Record Examination General Test (GRE) provide additional evidence of the applicant’s aptitude and knowledge. Consideration is given to scholarly promise as well as achievement. International students whose first language is not English and who are applying for on-campus programs will be exempt from taking the Graduate Record Exam, but must submit their score on the Test of English as a Foreign Language (TOEFL).
8. Minnesota Multiphasic Personality Inventory results on record before the end of the first session of classes.
The School of Education and Psychology reserves the right to revoke admission should a candidate be deemed inappropriate for a counseling degree.

**Graduation Requirements**

A candidate must:
1. Complete an application to graduate, which must be filed with the Records and Advisement Office two months prior to the anticipated graduation date.
2. Complete the program with a minimum grade point average of 3.00.
3. Pass a written comprehensive examination designed by the faculty.
4. Pass an oral defense of a video case presentation and/or a final position paper.

**Courses for Master of Science: Community Counseling Emphasis**

*These courses are offered exclusively during summer sessions and are generally scheduled for morning and/or afternoon.

**MASTER OF SCIENCE IN EDUCATION**

**Objectives:**

1. To provide knowledge about school administration, educational curriculum, and effective methods used in elementary, secondary, and college classrooms.
2. To enhance the proficiency of career educators in their chosen areas of specialization.
3. To instill in students the desire to effectively serve others.
4. To encourage students to perceive education as an on-going process.
5. To lead students to a broad vision of education as a tool for analyzing and processing social trends.

**Prerequisites for Admission**

In addition to the admission requirements for graduate study, a candidate for the Master of Science program in Education will comply with the following requirements:

1. Academic records are examined to determine whether the applicant has established a firm basis for graduate work in the proposed field of study. In harmony with accepted academic practice for regular admission status, a minimum of 3.0 grade point average on undergraduate credit or 3.0 average on 12 semester hours of graduate credit is required. Students with a grade point average of less than 3.0 may be considered for provisional admission on an individual basis. Regular admission status will be granted if the provisional student’s GPA averages 3.0 or higher at the end of the first 12 graduate semester hours.
2. Completion of a minimum of nine (9) semester credits in education courses. Generally, candidates who have graduated from undergraduate education programs easily fulfill this requirement. Candidates who have not completed this requirement may be granted provisional admission for a period of time mutually agreed upon with the Dean. Candidates for the Master of Science in Education with an Outdoor Education emphasis are exempt from this requirement, but are required to be interviewed prior to admittance to this program.

3. The results of the required Graduate Record Examination General Test (GRE) provide additional evidence of the applicant’s aptitude and knowledge. Consideration is given to scholarly promise as well as achievement. International students whose first language is not English and who are applying for on-campus programs will be exempt from taking the Graduate Record Exam, but must submit their score on the Test Of English as a Foreign Language (TOEFL).

Graduation Requirements

A candidate must:
1. Complete an application to graduate, which must be filed with the Records and Advisement Office two months prior to the anticipated graduation date.
2. Complete the program with a minimum grade point average of 3.00.
3. Pass a written comprehensive examination designed by the faculty and/or present a cumulative portfolio (Outdoor Education emphasis).

Emphasis in OUTDOOR TEACHER EDUCATION

This program is designed for classroom teachers, outdoor professionals, youth workers or anyone who wants to use more effectively God’s book of nature in teaching and outdoor programming. Generally, the classes and field experiences involve examining, evaluating, developing, and implementing outdoor education programs. Activities, such as canoeing, kayaking, backpacking, and rock climbing, are included as part of many of the courses, but are not the primary focus. Students can complete their coursework in three to four semesters, and may choose from two attendance options.
Option 1: The Outdoor Professional Intensives

These intensive sessions are designed for outdoor professionals (camp directors, naturalists, etc.) who need to continue working while enrolled in classes. To accommodate the work schedules of such professionals, each semester requires attendance to a ten day intensive, with additional projects and/or assignments to be completed individually in an outdoor setting after the session. Participation in these intensive sessions represents a commitment to the outdoor education field and is an opportunity for students to test their skills, knowledge, desires, and career goals while sharing topics of discussion and interest with the instructors and each other. Students in this attendance option must be employed or have access to an outdoor facility in order to complete field experiences required.

Option 2: The Classroom Teacher Summer Field School

The summer field school attendance option is designed for K-12 teachers who would like to use outdoor laboratories to enrich the classroom curriculum. Typically the student will attend three consecutive eight-week summer field school sessions in order to complete the degree. Some students may elect to do Independent Study or Internship as part of their coursework. Independent Study allows the teacher to develop outdoor units of study within their classrooms. Internships allow the teacher to network with outdoor professionals in their home community. Resources used for Internships typically include nature centers, parks, zoos, aquariums, museums, and government agencies offering outdoor education programming for teachers and schools. All students attending the summer field school should come prepared with outdoor appropriate clothing and basic camping gear. Suggested schedules for Summer Field School and a list of items typically required for classes are available from the School of Education and Psychology.

A survey of the history of inclusive education with attention to movements in educational philosophy, curriculum planning, and government legislation. Includes a comprehensive survey of the psychological and educational problems faced by exceptional children in the regular classroom. Consideration is given to exceptionalities such as hearing impairment, speech and language difficulties, mental retardation, learning disabilities, emotional disturbance, visual impairment, physical handicaps, and the gifted child. Procedures for including the exceptional child into the regular classroom are emphasized.

EDIE 512. Counseling and Psychology of Exceptional Individuals and Their Families  
3 hours  
This course is cross-listed with COUN 551. A student may receive credit for this course from only one program.

Consideration and practice of counseling techniques for use with exceptional individuals and their families. Included is a discussion of the psychological aspects of exceptionality, including giftedness, and disabilities in language, sensory, physical, intellectual, perceptual, and emotional areas with implications for counseling and classroom learning.

EDIE 531. Behavior Management of Exceptional Individuals  
3 hours  
In-depth examination and administration of various models and techniques for the management of exceptional individuals within the classroom, home, and community.

EDIE 541. Assessment of Exceptional Individuals  
3 hours  
Examination and administration of assessment measures for exceptional individuals. On-site field experience required. Teachers will learn how to administer screening instruments and draw instructional implications from these. Case studies will be reviewed and teachers will be assisted in determining when a student should be referred for further professional testing.

EDIE 557. Leadership in Inclusive Education  
3 hours  
A philosophical and practical course designed for teachers to develop leadership in organizational skills and planning strategies for inclusive classrooms and schools. A review of historical and current research in inclusive school communities and the administration of these schools will be included.

EDIE 567. Curriculum and Strategies for Children with Learning Differences  
3 hours  
Planning, developing and implementing curriculum for exceptional students. Study will include the identification of students with special learning needs and strategies for inclusion in the multiage classroom. A special emphasis is given to cognitive studies.
EDIE 580. Field Work 2 hours
Prerequisite: Completion of 12 hours of Inclusive Education classes.
Designed to meet the particular needs and interests of the individual participant. Action research forms the basis for field work.

EDIE 595. Independent Study in Inclusive Education 1-3 hours
Individual research/study project in special education in the regular classroom under the supervision of a graduate studies professor. Must be conducted at a school where exceptional children are in the regular classroom.

EDLE 527. Implementing Reading Workshop 3 hours
A course designed to immerse the graduate student in the rationale and instructional structures of a Reading Workshop approach to the teaching of reading. The course includes a significant applications component designed to assist students in translating theory into practice. Offered concurrently with EDLE 537, Implementing Writing Workshop.

EDLE 537. Implementing Writing Workshop 3 hours
A course designed to immerse the graduate student in the writing process as well as in the rationale and instructional structures of a Writing Workshop approach to the teaching of writing. The course includes a significant applications component designed to assist student in translating theory into practice. Offered concurrently with EDLE 527, Implementing Reading Workshop so that students see the interconnectedness of reading and writing.

EDLE 565. Critical Thinking in Content Literacy 3 hours
Study given to the theoretical framework for teaching literacy in the content areas. Instructional strategies for facilitating critical thinking are modeled and practiced. Strategies are also taught that are designed to enhance academic performance in reading, writing, listening, talking, viewing, and visual representation across the various subjects taught in the elementary/middle school curriculum.

EDLE 567. Literacy Instruction in Primary Classrooms 3 hours
An advanced course focusing on the literacy development of K-3rd grade students. Theory and research relevant to literacy instruction in the primary grades studied within the context of developmentally appropriate instructional approaches and practice. The course also examines the implications and practices for facilitating successful literacy instruction for English Language Learners.

EDLE 580. Literacy Internship 2 hours
Designed to meet the particular needs and interests of the student as those relate to classroom instruction in literacy. A proposal will be submitted by the student using action research as the design.

EDLE 585. Professional Applications in Literacy 2 hours
Provides opportunity for individual students to identify an area of particular passion in literacy. In cooperation with the professor, students design a proposal specifying a plan for applying what has been learned within the context of the professional community rather than the individual classroom. This class will enable graduate students to work in collaboration with the university professor to enhance literacy development in a community of professional setting.

EDLE 595. Independent Study in Literacy Education 1-3 hours
Individual research/study project in literacy education under the supervision of a graduate professor.

EDOE 503. Principles and Concepts of Outdoor Education 2 hours
Co-requisite: EDOE 504.
Basic concepts and the history of the outdoor education movement. Scope of contemporary programs in the U.S. and abroad. Examination of the teaching of learning processes relevant to outdoor and environmental education. An additional lab fee will be required.
EDOE 504. Field Experience in Principles and Concepts of Outdoor Education

Co-requisite: EDOE 503.
Experiences in this course are designed to support and supplement the theoretical foundations presented in Principles and Concepts of Outdoor Education (EDOE 503) by on-site examinations of schools, nature centers, and residential camps.

EDOE 513. Nature Study

Co-requisite: EDOE 514.
A field course for teachers and outdoor leaders to increase their knowledge, confidence, and awareness of nature. Interpretation of urban and rural wildlife that could be encountered by the teacher and students in the outdoor classroom will be covered. An additional lab fee will be required.

EDOE 514. Field Experience in Nature Study

Co-requisite: EDOE 513.
The experiences in this course are designed to support and supplement the lectures presented in Nature Study (EDOE 513) and provide practical field experiences for helping outdoor teachers in using field keys, observing nature, and acquiring skills needed for studying plants and animals in a variety of habitats.

EDOE 523. Leadership in Outdoor Education

Co-requisite: EDOE 524.
This course is for outdoor leaders and gives training in planning, organizing, and implementing outdoor programs for children, youth, and adults. Experiences include evaluating the operations of camp, recreation and residential programs.

EDOE 524. Field Experience in Leadership in Outdoor Education

Co-requisite: EDOE 523.
The experiences in this course are designed to support and supplement the theoretical foundations presented in Leadership in Outdoor Education (EDOE 523) and to provide opportunities to conduct on-site evaluations of outdoor education programs, their curricula, staffing, and financial management.

EDOE 528. Interpretation of Natural and Historical Resources

This course will examine the fundamental principles of natural and historical interpretation. Students will research local resources in order to develop interpretive programs. Particular attention is given to contemporary methods of interpretation in parks, nature centers, camps, and other outdoor settings.

EDOE 533. Developing Outdoor Teaching Sites

Co-requisite: EDOE 534.
This is an intensive seminar designed to provide practical field experience in developing a wide range of activities for the school yard, park or use in a resident facility. Participants in this seminar will develop materials in the evenings and implement them at a camp or environmental school site. An additional lab fee will be required.

EDOE 534. Field Experience in Developing Outdoor Teaching Sites

Co-requisite: EDOE 533.
This course is designed to support and supplement Developing Outdoor Teaching Sites (EDOE 533) and to provide practical field experiences in developing curriculum, as well as trails, gardens, ropes courses, or other physical needs of an outdoor site. The students will complete a project at a camp, nature center, or school yard site.

EDOE 535. Outdoor Therapy: Design and Procedures

Co-requisite: EDOE 536.
An examination of design, procedure, and group therapy dynamics used as a therapeutic tool in the outdoor setting.
EDOE 536. Field Experience: Outdoor Therapy  1 hour
Co-requisite: EDOE 535.
The experiences in this course are designed to support and supplement the theoretical foundations presented in EDOE 535, Outdoor Therapy: Design and Procedures, and to provide hands-on training in outdoor therapeutic settings.

EDOE 537. Lab Experience: Technology in Outdoor Education  1 hour
Must be taken concurrently with EDOE 538.
This course is designed to support and supplement Technology in Outdoor Education (EDOE 538) and to provide practical laboratory experiences in surveying, sampling, or collecting data for biological research.

EDOE 538. Technology in Outdoor Education  2 hours
This course will provide participants with knowledge in using various types of equipment used in surveying, sampling, or collecting data for biological research. Students will work with professionals in the field to develop the skills needed to use equipment, and then learn ways to involve their students in similar activities in the outdoor classroom.

EDOE 539. Outdoor Recreation  1-2 hours
This course focuses on programming and leadership of adventure activities. Topics covered may include, but are not limited to backpacking, spelunking, canoeing, and wilderness living. It may be repeated with different skill emphases. It will be taught at a location suitable for the particular activity being offered. An extra lab fee will be charged.

EDOE 543. Environmental Ministries for Teachers and Youth Leaders  2 hours
This seminar will focus on the use of nature study to lead children and youth to Christ. It is designed for teachers and youth leaders who want to learn more about using nature as a tool for witnessing. Participants will learn to use nearby and/or familiar locations for environmental understanding and inspiration.

EDOE 553. Ecology Education  2 hours
A study of the interrelationships of plants, animals, and their environment. Field work will introduce the teacher to actual activities and simple sampling techniques that can be reproduced in the classroom and outdoor teaching site. Lab fee will be required for equipment to be taken back to the teacher’s classroom.

EDOE 563. Wilderness Stewardship  2 hours
An intensive back country camping course to be taught entirely in the field. It will provide the student with basic knowledge and understanding of minimal environmental impact on nature while pursuing outdoor recreational activities. Professional reading will be required prior to the trip from writers such as Thoreau, Leopold, Muir, Carson and other voices of stewardship. Field trip fee will be charged for food and transportation.

EDOE 565. Nature Journaling  1-2 hours
This class will help the student explore the natural world through journaling. It focuses on writing and revising a journal. The following will be discussed: the creative process, and the elements of good writing, including the discovery process, writing introductions and conclusions, using concrete and specific language and appropriate style.

EDOE 568. Nature Photography  1-2 hours
A theoretical and practical study of photography as a means of communicating and recording nature. Topics will include outdoor lighting, composition, exposure, color, and choosing equipment and film for nature photography. Students need their own cameras. A lab fee will be charged for film processing.
EDOE 573. Outdoor Curriculum and Methods, Grades 1 - 6  
1-2 hours
This course may focus on any of the following areas of emphasis: art, music, language arts, math, social studies, science, technology, health and physical education. The student will collect and organize a file of teaching materials appropriate for outdoor education and evaluate outdoor education activities. Twenty hours (20) of field experiences in selected outdoor schools and attendance at selected professional meetings are considered a part of this course. (One to two hours may be taken in each emphasis.)

EDOE 574. Outdoor Curriculum and Methods, Grades 7 - 12  
1-2 hours
This course may focus on any of the following areas of emphasis: English, history, math, social studies, science, technology, health and physical education. Students will collect and organize a file of teaching materials appropriate for outdoor education and evaluate outdoor education activities. Twenty (20) hours of field experience in selected outdoor schools and attendance at selected professional meetings are considered a part of this course.

EDOE 575. Internship in Outdoor Education  
1-4 hours
An internship designed to meet the particular needs and interests of the individual participant. Internship will be conducted in cooperation with a day or resident outdoor education facility. A minimum of forty (40) clock hours are required for each semester hour of credit. This course may be repeated for a maximum of four (4) semester hours total.

EDOE 585. Workshop in Outdoor Education  
1-4 hours
Various topics in outdoor education, including nature study, adventure programming, curriculum, and wilderness medical certification may be covered. This course may be repeated with different topics. The class will be taught in a location suitable for the topic being covered. A lab fee will be required.

EDOE 593. Adventure-based Counseling  
2 hours
A survey course introducing teachers, camp professionals, and other outdoor professionals to the field of adventure-based counseling. Adventure games, initiative problems, and trust activities will be used to guide the class in theory, concepts, methods, and philosophy of educational, vocational, health, and civic/ethical/social guidance.

EDOE 595. Independent Study in Outdoor Education  
1-3 hours
Prerequisites: EDOE 503 and consent of the School of Education and Psychology.
Individual research/study project in outdoor education under the supervision of a graduate studies professor. May be conducted at a school or camp site. Independent studies must be limited to two, with a maximum of six semester hours of credit earned total.

EDUC 520. Theories of Learning  
2 hours
A Biblical view of the learner and the learning process is used to examine current approaches to learning theory. Behavioristic and cognitive-field learning theories, as well as teaching practices, are examined as they relate to theoretical perspectives. Theoretical principles are then used to devise practical teaching methodologies.

EDUC 531. Technology and the Educator  
3 hours
Study and analysis of the integration of technology in learning environments. The course examines technology-related issues from instructor, student and administrator perspectives. Issues include the philosophy of and need for technology, learning outcomes associated with the use of technology, implementation of and problems associated with technology in the instructional environment and technology related to administrative function and professional development. This course also seeks to provide the educator with an array of professional competencies so as to optimally leverage technology for instructional ends. This course incorporates a hands-on approach and assumes basic competencies in word processing, presentation software, Internet usage, and the Windows operating system.
EDUC 541. Principles of Counseling 3 hours
This course is cross-listed with COUN 520. A student may receive credit for this course from only one program.
See COUN 520 for course description. (Summer)

EDUC 577. Reading Assessment and Remediation 3 hours
Examines the various causes of reading difficulties and the instructional procedures, strategies, and materials for remediating those difficulties.

EDUC 588. Statistics 3 hours
This course is cross-listed with COUN 588. A student may receive credit from this course from only one program.
See COUN 588 for course description.

EDUC 596. Educational Research 2 hours
This course is cross-listed with COUN 596. A student may receive credit from this course from only one program.
See COUN 596 for course description.

EDUC 599. Master’s Research Project 3 hours
This is a concentrated study on a problem or issue to be examined in the light of research. The student is urged to work closely with his/her advisor during each phase of the development of the research project.
School of Nursing

Dean: Barbara James  
Graduate Program Coordinator: Holly Gadd  
Faculty: Desiree Batson, Holly Gadd, David Gerstle, Barbara James, Mary Ann Roberts

Mission Statement
Southern Adventist University’s School of Nursing provides a Christian learning environment that fosters personal and professional excellence in caring for individual, family, and community health needs.

The School of Nursing’s graduate program is designed to provide opportunities for advanced practice and upward mobility within healthcare. The purpose of the graduate program is to provide an SDA Christian graduate nursing education for individuals who desire to serve the Seventh-day Adventist world church and local communities in advanced nursing roles.

Programs Offered
The School of Nursing offers a Master of Science in Nursing with the following emphases:
- Adult Nurse Practitioner  
- Family Nurse Practitioner  
- Nurse Educator

The School of Nursing in collaboration with the School of Business and Management offers a dual degree:
- Master of Science in Nursing/Master of Business Administration (MSN/MBA)

The School of Nursing offers an accelerated RN to MSN program for Registered Nurses with an Associate Degree or Diploma in nursing. The emphases include:
- Adult Nurse Practitioner  
- Family Nurse Practitioner  
- Nurse Educator  
- Master of Science in Nursing/Master of Business Administration (MSN/MBA)

The School of Nursing offers post-Master’s certificate programs with the following emphases:
- Adult Nurse Practitioner  
- Family Nurse Practitioner  
- Nurse Educator

Master of Science in Nursing

MSN Admission Requirements
1. Completed application to the School of Nursing.
2. A baccalaureate degree with a major in nursing from a recognized college or university with an accredited program.
3. Current licensure as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee. A Georgia license is recommended for nurse practitioner students.
4. Three hours in statistics.
5. An undergraduate GPA of 3.00 or better. If the candidate has previously taken 12 or more graduate credits from another college or university, the graduate GPA may be substituted in the formula for the undergraduate GPA.
6. Applicants with less than a 3.00 grade point average may be admitted provisionally, but may progress through the program with a maximum of one C grade.
7. Personal interview and two professional references.
8. One year of nursing experience after graduation or recommendations from nursing faculty.
9. International students must have a TOEFL score of at least 600 with testing within the past year.

**Admission to the Program:**

Full or part-time students may be admitted to the program during the fall or winter semesters.

**Application Process:**

1. Submit completed SAU nursing graduate application and all required documents prior to July 31 for fall admission, and by December 1 for winter admission. Priority is given to early applicants and applicants with current nursing work experience. Enrollment in the nurse practitioner emphasis is limited.
2. Arrange for a personal interview with the graduate program coordinator prior to the application deadline.
3. Provide proof of current Tennessee RN licensure or multistate RN licensure, current immunization, and Health Care Provider CPR certification.
4. Complete essay of 250 words or less (see application).
5. A criminal background check, paid for by the student, must be submitted with the application.

**Time Limits:**

The program is arranged to meet the needs of part-time and full-time students. Normal progression through the program for the full-time student requires registration for 9 to 12 hours per semester. Normal progression for the part-time student requires registration for a minimum of one course per semester. Time permitted from enrollment in the program to conferring of the MSN degree may not exceed five years. Application for an extension will be considered on an individual basis.

**Residence:**

The last 30 semester hours must be taken through the Southern Adventist University School of Nursing. A maximum of 25% of program requirements are allowed as transfer credit. Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School of Nursing.

**MSN Graduation Requirements**

1. Completed application to graduate, to be filed with the Records and Advisement office a minimum of two months prior to expected graduation date.
2. Completion of the program with a minimum GPA of 3.00 and no more than two courses with C grades (one C grade for students admitted provisionally).
3. Successful completion of NRSG 598 with a minimum of four credit hours or NRSG 596 with a minimum of three hours.

MASTER OF SCIENCE IN NURSING/
MASTER OF BUSINESS ADMINISTRATION

Objectives:
Graduates of the MSN/MBA program will:
1. Demonstrate interdisciplinary expertise in nursing, business, and healthcare administration.
2. Develop a wholistic Christ-centered nursing and business philosophy related to the dynamic healthcare arena.
3. Acquire a balance of nursing, administrative and business skills for service in positions of leadership and management.
4. Contribute to nursing knowledge through active involvement in research.
5. Influence healthcare policy and the future direction of nursing.

Prerequisites for Admission
The Master of Science in Nursing/Master of Business Administration (MSN/MBA) is designed for students with a baccalaureate degree in nursing and ability to demonstrate competency in healthcare management. Individuals with minimal or no business/management background may be required to demonstrate basic knowledge and/or skills in these areas.

MSN/MBA Admission Requirements:
1. Completed applications to the School of Nursing and the School of Business and Management.
2. A Baccalaureate degree with a major in nursing from a college or university with an accredited nursing program.
3. Current licensure as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee.
4. Three hours in statistics, equivalent to MATH 215.
5. A Graduate Management Admissions Test (GMAT) taken within the past five years. Students will be admitted based on the following formula: GPA x 200 + GMAT = 1000.
6. Applicants with less than a 3.00 grade point average or a combined GPA/GMAT score of less than 1000 may be admitted provisionally provided their combined score is above 850.
7. One year of nursing experience after graduation or recommendations from nursing faculty.
8. International students must have a TOEFL score of at least 600, with testing within the past year.
9. Personal interview with the Graduate Program Coordinator and two professional references.
10. A criminal background check, paid for by the student, must be submitted with the application.
Admission to the Dual-degree Program:

Full-time or part-time students may be admitted to the MBA program during the fall, winter, or summer semesters and the MSN courses for the fall or winter semesters. Fall applications must be made by July 31 and winter applications by December 1. Students may choose to take the MSN core courses and MBA courses at the same time or complete one program of study prior to entering the other.

Time Limits:

The programs are structured to meet the needs of part-time and full-time students. Normal progression through the dual-degree program for the full-time student requires registration for a minimum of 9 to 12 hours per semester. Normal progression for the part-time student requires registration for a minimum of one course per semester. Time permitted from enrollment in the dual-degree program to conferring of the MSN/MBA degrees may not exceed six years. Application for an extension will be considered on an individual basis.

Residence:

The last 30 semester hours must be taken through the Southern Adventist University School of Nursing and/or the School of Business and Management. A maximum of 25% of program requirements are allowed as transfer credit. Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School.

MSN/MBA Graduation Requirements

1. Completed application to graduate, to be filed with the Records and Advisement office a minimum of two months prior to expected graduation date.
2. Completion of the dual-degree program with a minimum GPA of 3.00 and no more than two courses with C grades.
3. Successful completion of NRSG 598 with a minimum of four credit hours or NRSG 596 with a minimum of three hours.

ACCELERATED RN TO MASTER OF SCIENCE IN NURSING

The accelerated RN to MSN program allows the RN to move more quickly through the nursing requirements toward a professional career goal. In this program there is no BS degree. Instead the student moves through a combination of BS and MSN course work and is awarded only a MSN degree at completion of all MSN requirements. Students choosing not to complete the accelerated RN to MSN program may receive the BS degree in nursing only by completing the regular BS program requirements (see undergraduate catalog).

RN to MSN Admission Requirements:
1. Completed application to the School of Nursing.
2. An Associate degree or diploma with a major in nursing from a recognized college or university with an accredited program.
3. Current licensure as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee. A Georgia license is
recommended for nurse practitioner students.

4. Completion of all Southern Adventist University general education and cognate course requirements for the BS degree with a major in nursing, or an approved plan for concurrent completion of these requirements.

5. A minimum undergraduate GPA of 3.25.

6. Personal interview and two professional references.

7. One year of nursing experience after graduation or recommendations from nursing faculty.

8. International students must have a TOEFL score of at least 600, with testing within the past year.

Admission to the Program:

Full-time or part-time students may be admitted to the program during the fall or winter semesters after completion of BS general education and cognate requirements.

Application Process:

1. Submit completed SAU nursing graduate application and all required documents prior to July 31 for fall admission, and by December 1 for winter admission. Priority is given to early applicants and applicants with current nursing work experience. Enrollment in the nurse practitioner emphasis is limited.

2. Arrange for a personal interview with the graduate program coordinator prior to the application deadline.

3. Provide proof of current Tennessee RN licensure or multistate RN licensure, current immunization, and Health Care Provider CPR certification.

4. Complete essay of 250 words or less (see application).

5. A criminal background check, paid for by the student, must be submitted with the application.

Time Limits:

The program is arranged to meet the needs of part-time and full-time students. Normal progression through the program for the full-time student requires registration for a minimum of 9 to 12 hours per semester. Normal progression for the part-time student requires registration for a minimum of one course per semester. Time permitted from enrollment in the program to conferring of the MSN degrees may not exceed five years. Application for an extension will be considered on an individual basis.

Residence:

The last 30 semester hours must be taken through Southern Adventist University School of Nursing. A maximum of 25% of program requirements are allowed as transfer credit. Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School.

Accelerated RN to MSN Graduation Requirements

1. Completed application to graduate, to be filed with the Records and Advisement office a minimum of two months prior to expected graduation date.

2. Completion of the program with a minimum GPA of 3.00 and no more than two courses with C grades.

3. Successful completion of NRSG 598 with a minimum of four credit hours or NRSG 596 with a minimum of three hours.

ACCELERATED
RN TO MASTER OF SCIENCE IN NURSING/
MASTER OF BUSINESS ADMINISTRATION

Objectives:
Graduates of the RN to MSN/MBA program will:
1. Demonstrate interdisciplinary expertise in nursing, business and healthcare administration.
2. Develop a wholistic Christ-centered nursing and business philosophy related to the dynamic healthcare arena.
3. Acquire a balance of nursing, administrative and business skills for service in positions of leadership and management.
4. Contribute to nursing knowledge through active involvement in research.
5. Influence healthcare policy and the future direction of nursing.

Prerequisites for Admission
The accelerated RN to Master of Science in Nursing/Master of Business Administration (MSN/MBA) is designed for Registered Nurse students with the ability to demonstrate competency in healthcare management. Individuals with
minimal or no business/management background may be required to demonstrate basic knowledge and/or skills in these areas. The accelerated RN to MSN/MBA program allows the RN to move more quickly through the nursing requirements toward a professional career goal. In this program there is no BS graduation. Instead the student moves through a combination of BS, MSN and MBA course work and is awarded both the MSN and MBA degrees at completion of all BS and MSN/MBA program requirements. Students choosing not to complete the accelerated RN to MSN/MBA program may receive the BS degree in nursing only by completing the regular BS program requirements (see Undergraduate Catalog).

**RN to MSN/MBA Admission Requirements:**

1. Completed applications to the School of Nursing and the School of Business and Management.
2. An Associate degree or diploma with a major in nursing from a college or university with an accredited nursing program.
3. Current licensure as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee.
4. Completion of all Southern Adventist University general education and cognate course requirements for the BS degree with a major in nursing.
5. A Graduate Management Admissions Test (GMAT) taken within the past five years. Students will be admitted based on the following formula: GPA x 200 + GMAT = 1000.
6. Applicants with less than a 3.25 grade point average or a combined GPA/GMAT score of less than 1000 may be admitted provisionally provided their combined score is above 850.
7. One year of nursing experience after graduation or recommendations from nursing faculty.
8. International students must have a TOEFL score of at least 600, with testing within the past year.
9. Personal interview with the Graduate Program Coordinator and two professional references.
10. A criminal background check, paid for by the student, must be submitted with the application.

**Admission to the Dual-degree Program:**

Full-time or part-time students may be admitted to the MBA program during the fall, winter, or summer semesters and the MSN courses for the fall or winter semesters after completion of the BS general education and cognate courses. Students may choose to take the MSN core courses and MBA courses at the same time or complete one program of study prior to entering the other.

**Time Limits:**

The programs are structured to meet the needs of part-time and full-time students. Normal progression through the dual-degree program for the full-time student requires registration for a minimum of 9 to 12 hours per semester. Normal progression for the part-time student requires registration for a minimum of one course per semester. Time permitted from enrollment in the accelerated dual-degree program to conferring of the MSN/MBA degrees may not exceed six years. Application for an extension will be considered on an individual basis.
Residence:
The last 30 semester hours must be taken through the Southern Adventist University School of Nursing and/or the School of Business and Management. A maximum of 25% of program requirements are allowed as transfer credit. Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School.

**MSN/MBA Graduation Requirements**
1. Completed application to graduate, to be filed with the Records and Advisement office a minimum of two months prior to expected graduation date.
2. Completion of the dual-degree program with a minimum GPA of 3.00 and no more than two courses with C grades.
3. Successful completion of NRSG 598 with a minimum of four credit hours or NRSG 596 with a minimum of three hours.

Master of Science in Nursing Core Courses

NRSG 515. Theoretical Concepts of Nursing 2 hours
Prerequisite: Admission to the program or permission of dean or program coordinator.
A survey of the theories and concepts of nursing science as applied to the increase in substantive nursing knowledge. A wholistic Christian perspective is taken on major issues involved in the development of nursing knowledge. Critique of theory is applied to the Neuman Systems Model and other selected models and theories.

NRSG 520. Health Promotion Across the Lifespan 3 hours
Prerequisite: Admission to the program or permission of dean or program coordinator.
Focuses on assisting clients in retaining, attaining, and maintaining optimal health through management of stressors across the five variables of the client system. Change theory, nursing theory, learning theory, and health promotion principles are used to design and evaluate interventions that enhance client’s flexible line of defense.

NRSG 526. Nursing Research: Design and Critique 2 hours
Pre- or co-requisites: Basic statistics course equivalent to MATH 215 and NRSG 515.
Examination of the fundamental elements of quantitative and qualitative research designs utilized to ethically address nursing research questions related to stressors and their impact on equilibrium in client and nursing systems. Evaluation and critique of existing research is emphasized. Development of an area of research interest and related research questions are achieved through an initial review of literature. Assumes basic computer skills.
NRSG 530. Nursing Research: Methods and Application 3 hours

Prerequisite: NRSG 526.
Continued review of literature, examination and application of quantitative and qualitative research methods, leading to the development of a research proposal. Emphasis is placed on ethical data collection, management and analysis in investigating research questions and hypotheses in client and nursing systems. Application of descriptive and inferential statistics is included.

NRSG 541. Health Care Policy 2 hours

Prerequisite: Admission to the program or permission of dean or program coordinator.
Examines health care policy issues affecting nursing education, administration, advanced clinical practice, clients, and client systems. Includes an overview of health care policy in the public and private sectors and provides the student with essential skills to understand and influence current health care policy formation as it relates to areas of interest for nurses such as clinical practice, health promotion and disease prevention and intervention at the primary, secondary, and tertiary levels.

NRSG 545. Supervised Research 3 hours

Prerequisites: Senior status and permission of dean or program coordinator.
Participation in a faculty research study including assigned experiences at various steps of the research process, culminating in a scholarly paper appropriate for professional publication and/or presentation.

NRSG 596. Nursing Project 3 hours

Prerequisites: Senior status and permission of the dean or program coordinator.
The student addresses a practice problem, issue, or need within his or her area of emphasis by writing a proposal and carrying out activities directed to solving the problem, resolving the issue, or meeting the need. The project may involve research, producing a product, or instituting change in a practice setting, or any combination of these three. The student is supervised by a faculty mentor. The project should lead to a scholarly paper, a presentation, an implementation, a product usable by others, or a publishable manuscript.

NRSG 598. Thesis 4 hours

Prerequisites: NRSG 530, senior status, and permission of program coordinator.
Student designed research under the supervision of a faculty committee culminating in a master thesis.

Adult Nurse Practitioner Courses

NRSG 550. Advanced Pathophysiology 3 hours
A study of alterations in physiologic systems frequently encountered in primary care, with in-depth analysis of risk factors, pathophysiologic changes, and associated clusters of signs/symptoms. Pathophysiologic theories and research are presented as a basis for advanced practice.

NRSG 552. Advanced Pharmacology 3 hours

Prerequisite: Enrollment in core courses or permission of dean or program coordinator.
Focuses on the appropriate clinical use of medications in the maintenance and strengthening of the client system’s lines of resistance and defense. Emphasis is placed on therapeutic prescription/use of medications in common recurrent health problems.

NRSG 554. Advanced Physical Assessment 3 hours

Prerequisite: Enrollment in core courses or permission of dean or program coordinator.
In-depth focus on history taking and assessment of the five variables of the client system. Builds on basic assessment skills through didactic and clinical applications. Includes advanced preparation in obtaining and interpreting ECGs and analyzing radiologic films. Includes a minimum of 60 hours clinical practice.
NRSG 556. Family and Community Systems 3 hours
Prerequisite: Completion of core courses or permission of dean or program coordinator.
Perspectives of family composition, culture, values, ethics, development, growth, and behaviors that influence the well-being of the client in the framework of the community. Methods in assessment of family structure, dynamics, performance, epidemiology, and strengths/weaknesses furnish the basis for developing approaches for primary, secondary and tertiary interventions and improvement of family functions.

NRSG 560. Primary Care of Adults 4 hours
Prerequisites: NRSG 550, 554; Pre- or co-requisite: NRSG 552.
Comprehensive primary care course emphasizing primary, secondary, and tertiary care of well and ill adults. Concepts of health promotion, pathophysiology, epidemiology, pharmacology, and physical assessment are integrated throughout as common and chronic health problems are studied. Diagnostic tests are reviewed. Differential and actual diagnoses are discussed based on client presentation. Management plans are formulated based on standards of practice and best evidence.

NRSG 562. Practicum: Primary Care of Adults I 4 hours
Pre- or co-requisite: NRSG 560.
Clinical practicum in the differential diagnosis and management of common and chronic adult health problems. Includes intensives for clinical procedures and wound management. Precepted by nurse practitioners and other healthcare providers. Includes a minimum of 240 hours of clinical practice.

NRSG 564. Role Development for Nurse Practitioners 2 hours
Prerequisite: NRSG 560.
A capstone course focusing on professional and clinical issues, roles, relationships, legal and ethical situations, practice management, and preparation for professional NP certification.

NRSG 566. Practicum: Primary Care of Adults II 4 hours
Prerequisite: NRSG 562; Co-requisite: NRSG 564.
A continuation of clinical practicum with emphasis on the differential diagnosis and management of the more intensive common, acute, and chronic adult health problems. Precepted by nurse practitioners and other healthcare providers. Includes a minimum of 240 hours of clinical practice.

Family Nurse Practitioner Courses

NRSG 570. Primary Care of Children 3 hours
Pre- or co-requisites: NRSG 550, 552, 554.
Theoretical concepts in primary, secondary, and tertiary prevention in infants, children, and adolescents including the assessment, health promotion, diagnosis, and therapeutic management of common acute and chronic health problems. Emphasis is placed on developmental needs and the pathophysiologic stressors as well as the impact of the family on the health of the child.

NRSG 571. Practicum: Primary Care of Families I 5 hours
Pre- or co-requisite: NRSG 560, 570.
Clinical practicum that promotes application of theoretical concepts and development of skills in primary, secondary, and tertiary prevention and healthcare across the lifespan. Diagnosis and therapeutic management of common acute and chronic health problems is precepted by nurse practitioners and other healthcare providers in a variety of adult, family, pediatric, outpatient, acute, and long-term care settings. Includes intensive for clinical procedures and wound management. A minimum of 300 hours clinical practice is required.
NRSG 573. Practicum: Primary Care of Families II  5 hours
Prerequisite: NRSG 571; Pre- or co-requisite: NRSG 564.

Includes a minimum of 300 hours clinical practice.

Nurse Educator Courses

NRSG 576. Assessment for Advanced Practice  2 hours
Prerequisite: Enrollment in core courses or permission of dean or program coordinator.
Advanced studies in history taking and assessment of the five variables of the client system. Builds on basic assessment skills through didactic and clinical applications. Applies pharmacologic principles to assessment findings. Not open to students in nurse practitioner emphasis.

NRSG 580. Nursing Curriculum Design and Evaluation  4 hours
Prerequisite: Enrollment in core courses, or permission of dean or program coordinator.
A study of curriculum development, design, implementation, and evaluation in nursing education. Theories and models for curriculum design and evaluation are examined. The Neuman Systems Model and selected educational and nursing theories are evaluated for usefulness and implementation into the nursing classroom situation. Curricular strategies and evaluation methods that address the affective, cognitive, and psychomotor domains of learning within classroom and clinical settings are analyzed. Test design, construction, blue printing, and analysis are included. Some objectives for this course are met through attendance at an off-site “boot camp” for new nurse educators.

NRSG 582. Teaching Practicum: Area of Clinical Emphasis  3 hours
A capstone course that provides a setting for practice of the nurse educator role. Opportunity will be provided for the student to integrate theories such as the Neuman Systems Model, concepts, strategies, and technical innovations in the classroom. Some objectives for this course are met through attendance at an off-site “boot camp” for new nurse educators. One hour theory, two hours clinical (90 clock hours).

NRSG 584. Clinical Education Practicum: Area of Clinical Emphasis  1 hour
Provides opportunity to apply educational strategies with students of nursing in the clinical area of choice. Includes 60 hours of clinical practice.

NRSG 591. Practicum: Area of Clinical Emphasis  2 hours
An individualized clinical practicum in the specific area of clinical emphasis chosen by the student designed to foster growth in clinical expertise and enrich the nurse educator role. Ninety clock hours of practice.

Master of Science in Nursing Courses

NRSG 500. Individual Study and Clinical Practice  1-3 hours
Prerequisite: Permission of dean or program coordinator.
Particularly designed to make-up deficiencies in a student’s undergraduate program. Hours do not count towards MSN degree. This class is designed to make up deficiencies in a student’s undergraduate preparation and is not applicable to the graduate degree program.

NRSG 505. Directed Study and Research  1-3 hours
Prerequisite: Permission of dean or program coordinator.
Directed study and/or research in nursing designed to meet the needs of the individual student.
NRSG 565. Graduate Studies - Topics in Nursing 1-3 hours

Prerequisite: Permission of dean or program coordinator.
Selected topics designed to meet the needs or interests of students in specialty areas of nursing not covered in regular courses. This course may be repeated for credit.

NRSG 578. Advanced Nursing Leadership and Role Development 3 hours

Prerequisite: Permission of program coordinator.
This course is cross-listed with HADM 536 in the School of Business and Management. A student can receive credit for this course from only one program.
Examines the role of the nurse executive or manager within the managed care system through analyses of selected leadership, management, and nursing theories. The concepts derived from these analyses are applied to the various role functions (leader, strategic planner, organizer, facilitator, evaluator). Leadership principles, continuous quality improvement, human resources management, negotiation skills, marketing, and strategic planning are emphasized. The learner will complete a project focusing on one of the roles of the nurse leader under supervision of the course professor and a preceptor in a mid- to top-level administrative position at a health care facility.

NRSG 595. Independent Study 1-3 hours

Individual study and research under the supervision of the graduate faculty. Only two independent studies (a total of no more than six hours) are allowed to apply toward a student’s degree.
The mission of the School of Religion is to equip students to carry out the global mission of the Seventh-day Adventist Church more effectively.

The Master of Arts programs in Church Leadership and Management, Evangelism, Homiletics, Religious Education, and Religious Studies are designed to provide quality education in preaching, church leadership, outreach, teaching, religion, and lay ministry. The purpose of these programs is to enhance the ability of students to serve a culturally diverse church and society from a biblical perspective and to deepen each student’s personal relationship with Jesus Christ.

Programs Offered

Master of Arts (MA) with the following five emphases:
- Church Leadership and Management
- Evangelism
- Homiletics
- Religious Education
- Religious Studies

Courses for the Master of Arts Degree

The curriculum of the Master of Arts consists of a minimum of 36 semester credit hours beyond the baccalaureate degree. Electives must be approved by the School of Religion. A maximum of six (6) semester hours of transfer credit are allowed from other institutions. All degree requirements must be completed within seven years from first enrollment. Most courses will be available as class intensives during the summer.

Guidelines for Intensives

1. Students must receive permission to take classes before registering for their first course.
2. Students can only take up to 12 hours of course work before completing all prerequisites for admission and being formally accepted in the MA program.
3. Students should expect pre-session assignments for graduate intensives. Typical pre-session assignments include 1000-1500 pages of reading, depending on other pre-session assignments.
4. Pre-session assignments are due the first day of the intensive. Only assignments handed in on time will receive full credit. There will be no credit for pre-session assignments that are handed in following the completion of the intensive.
5. Post-session assignments give the student opportunity to apply information learned during the intensive to the local ministry context for further research on the subject. These will be due five months after the session is over. Late work may not be accepted for credit after the due date.
MASTER OF ARTS

Prerequisites for Admission
In addition to the general application and application fee requirements for graduate study, the candidate will comply with the following requirements:
1. Two recommendations. If the applicant works for the Seventh-day Adventist Church, a recommendation from the applicant’s employing organization is required.
2. If applicable, a record of denominational employment indicating the places and dates of service, and the capacity in which the applicant was employed.
3. Completion of 16 Personality Factor Profile concurrently with the first course taken in residence at Southern Adventist University or submit results from a 16PF taken within the year preceding registration for the first course.
4. Upon request, the student will need to take the Graduate Record Examination (GRE) and submit a score based on the student’s cumulative undergraduate GPA x 200 plus the GRE score for a minimum of 1400. Provisional acceptance is between 1300 and 1400.
5. Presentation of an official transcript from an accredited bachelor's degree. Other prerequisites may apply to the specific emphases.
6. A non-refundable commitment deposit of $100 per class, applicable to tuition.
7. Upon request, a minimum TOEFL score of 600 (paper-based)/250 (computer-based), for students for whom English is not the first language.
8. International graduate students with TOEFL scores between 550 and 599 will be required to study English as a Second Language (ESL). If they maintain ESL grades of B or above for two semesters or when their TOEFL scores reach 600, they will be permitted to take a full course-load of graduate classes.

Graduation Requirements
1. File a completed graduate application with the Records and Advisement Office two months before the expected graduation date.
2. Finish all coursework with a minimum grade point average of 3.00, including no more than two classes with a minimum grade of C.
3. Pass a written comprehensive examination taken no earlier then three months and no later then twelve months after completion of the last period of the student's last course in the program. Specific examination dates will be posted by the School of Religion.
   a. The examination is expected to last four and a half hours.
   b. The candidate for graduation will need to give comprehensive answers to several questions drawn from a larger list of questions available for research and review at the end of his or her coursework.
   c. A score of 80% or above will constitute a passing grade.
   d. In case of failure, the examination may be repeated only once. A second failure will disqualify the student for graduation from the MA program.

A significant research assignment is required.

RELP 521. Time and Life Management  
3 hours  
This course is a comprehensive study of time and life management. It explores the fundamentals of time and its management within a theological and pastoral context. Special consideration will be given to articulating personal values, achieving goals, evaluating and implementing a time-management system, overcoming personal time-management weaknesses, and applying strategies of efficiency and effectiveness to everyday life.

RELP 524. Evangelistic Preaching  
3 hours  
This course concentrates on the development and delivery of Christ-centered, distinctive Adventist messages with emphasis on soul-winning decisions and the use of multi-media. Instruction includes sermon preparation for an evangelistic series.

RELP 525. Youth Ministry in the Local Church  
3 hours  
This course will emphasize the understanding of the various youth groups in the local church and how each age level grows spiritually. The purpose of the course is to demonstrate how to develop effective youth leaders and to enable them to minister to, retain, and engage youth in the mission of the church.

RELP 532. Principles and Strategies for Church Growth  
3 hours  
This course will focus on the application of biblical principles of church growth to the North American church, as well as practical evangelistic strategies for the local Adventist congregation. These will include year-long planning for community outreach, church planting, evangelistic preparation, and membership training.

RELP 534. Personal Soul-Winning Skills  
3 hours  
A study of the importance, principles, and methods of personal evangelism. The course focuses on the development of skills to help individuals make favorable decisions for Jesus Christ through one-on-one small group evangelism. Practical experience will be gained in laboratory exercises and in the field.
RELP 537. Church Planting Strategies 3 hours
The course will focus on planting churches in a Seventh-day Adventist context. Biblical and historical models, various methods of church planting, and the current state of Adventist church planting will be surveyed. Students will learn how to develop a strategy for starting and multiplying congregations, how to integrate discipleship with church planning, and how to protect the personal life of the church pastor.

RELP 542. Urban Ministry and Evangelism 3 hours
A study of the city as the locus of mission and ministry. The course considers the forces which create cities, their development, and their ethos, with emphasis on the process of secularization and the church’s holistic approach to the urban setting. Special attention is given to evangelism and church planting in the urban context. Students are exposed to various ministries dealing with the hungry, homeless, addicted, and the alienated.

RELP 561. Preaching to the Secular Mind 3 hours
The understanding of post-modern society and how to communicate the character of God and the truths of Scripture through effective sermons. Course requirements will include preparation, delivery, and evaluation of sermons in a peer-review setting.

RELP 565. Topics in Professional Studies 3 hours
This course will deal with selected topics of interest in the area of pastoral studies.

RELP 569. Sermon Designs for Biblical Preaching 3 hours
The student will explore a variety of sermon designs such as inductive, narrative plots, and other audience-centered preaching forms. Delivery focus will be on youth, secular people, and various ethnic congregations. Course requirements will include preparation, delivery, and evaluation of sermons in a peer-review setting.

RELP 591. Preaching Practicum 3 hours
The course is offered in connection with a field school of evangelism in which students will participate in supervised evangelistic preaching. Students must demonstrate adequate preparation in order to be considered for this course. Class requirements include preparation of a theoretical framework to be done, field supervision, and a final report.

RELP 595. Independent Study 1-3 hours
Individual study and research under the supervision of the graduate faculty.

Theological Studies

RELT 500. Directed Study 1-3 hours
Directed study designed to make up deficiencies in a student’s undergraduate degree.

RELT 520. Spirituality in Ministry 3 hours
An examination of a biblical model for spiritual leadership and its implications for personal spiritual life and development. The objective of this course is to discover how to experience life and ministry that is “full of God's grace and power.”

RELT 525. Theology of Ministry 3 hours
An in-depth study of the theology of ministry in the context of the church, clergy-laity roles, and the mission of the local congregation. A significant research assignment or project is required.

RELT 531. Hermeneutics and Biblical Interpretation 3 hours
An investigation into fundamental hermeneutical presuppositions and the formulation of both sound principles of biblical interpretation and proper methods of interpreting the writings of Ellen G. White, for use in preaching and ministry. Particular attention will be paid to contemporary methods of interpretation and their impact on the authority and trustworthiness of Scripture.
REL 538. Prophetic Guidance in the Adventist Church 3 hours
An in-depth study of the gift of prophecy as seen in the life and ministry of Ellen G White. Controversial issues in revelation and inspiration are explored. A significant assignment answering objections is required.

REL 542. Studies in Biblical Doctrines 3 hours
An in-depth study of key biblical doctrines such as salvation, the nature of God and man, the Great Controversy, and the final destiny of God’s people. A significant research assignment is required.

REL 546. Doctrine of Salvation 3 hours
The central purpose of this class will be to study the plan of salvation/righteousness by faith. It will focus on building a biblically based understanding of salvation through the sanctuary and key soteriological books like Romans, Galatians, and John. Some time will also be spend in examining and critiquing varying views of salvation from theologians such as Abelard, Calvin, Arminius and Wesley. The significance of these views for Seventh-day Adventism will also be explored.

REL 552. Theology of Mission and Evangelism 3 hours
The biblical foundation for evangelism. A theological reflection of its essence, goals, motives, and strategies, with special emphasis on the mission of the SDA Church. The course provides a theological foundation for all courses in the area of evangelism, ministry, and missions.

REL 563. Contemporary Theological Issues 3 hours
A study of contemporary theological issues that impact the Seventh-day Adventist Church with a view to assisting inquirers to respond appropriately. A significant research assignment is required.

REL 565. Topics in Theological Studies 3 hours
This course will cover selected topics of interest in the area of theological studies.

REL 568. World Religions 3 hours
A study of several major representative Christian and non-Christian religions, including a survey of the history and the distinctive characteristics of each. This course will also compare and contrast these religions, consider areas of commonality between these religions and biblical Christianity, and provide insights as to how to share Christianity with practitioners of these religions. A research paper will be required.

REL 571. Renewal and Mission of the Church 3 hours
A biblical study of ecclesiology as it relates to the mission of the church. Emphasis will be placed on church renewal through worship, small groups, missional focus, and the empowering baptism of the Holy Spirit.

REL 573. Biblical Eschatology 3 hours
A biblical evaluation of end-time movements, teachings, and events to prepare the church for Christ's soon return.

REL 581. Biblical Ethics and Contemporary Society 3 hours
An examination of the major ethical teachings of the Bible in light of their cultural and historical setting and in relation to contemporary moral issues. This course will deal with how to approach ethical problems in ministry, as well as Christian strategies dealing with basic matters such as confidentiality, church-state relations, racism, sexual vulnerability, and marriage/divorce/remarriage.

REL 595. Independent Study 1-3 hours
Individual study and research under the supervision of the graduate faculty.
