PLANNING YOUR BUDGET

You can find affordable solutions by working out the details with your admissions counselor. Here are some of the numbers you'll be crunching:

The estimated total direct cost for Southern's 2020-2021 academic year is **\$30,300** (or \$22,930 for community students). However, most students pay less thanks to scholarships and grants.

Online Payment Plans

Students have access to a variety of payment plan options that help families to spread out the cost of tuition over the academic year without paying interest.

The university's payment system at southern.edu/payment allows you the convenience of online access and management. Students and anyone they grant permission to can view monthly statements, set up payment plans, make payments by credit card or bank draft, and manage other financial details.

A variety of resources are available to help you finance your education at Southern.
