absences — 1. Chapel, two unexcused are allowed each semester. Excuses must be to the Dean of Students' Office by the following Friday noon for the missed Tuesday chapel and by the following Monday noon for the missed Thursday chapel. Those who do not choose to go to chapels will be asked to leave school. 2. Classes, absences are counted from the first scheduled meeting of the class and are considered as either excused or unexcused. Excused absences are recognized as absences incurred because of illness, authorized school trips, or emergencies beyond the student's control. To have a class or laboratory absence excused a completed absence excuse form must be submitted to the absence committee no later than noon the first Monday following the absence. Absence forms are available at the student center, library, dormitories, and the dean's office. A box for submission of these forms is located in the Student Center. The absence committee will determine whether or not the absence is to be excused and notify the teacher of their decision. An excuse due to illness may not be granted unless the student has contacted Health Service prior to the absence. Students having absences exceeding the number of credit hours for the class may be subject to counsel and/or academic discipline. Make-up Work for classes — no make-up work will be allowed for daily quizzes and homework. A daily average will be recorded for excused absences. Tests and major assignments missed because of an excused absence will be made up within a week of the absence unless other arrangements are made with the teacher. 3. Residence Hall Worships — one unexcused absence allowed per week. (See Residence Hall Handbook for details). 4. Church, both Sabbath school and church attendance is required.

Academic Affairs Committee — to give study to and make policy recommendations concerning academic matters of the college, including the curriculum, the library, admissions and graduation requirements, and teacher training; to advise the academic dean on the application of the academic policies.

academic dean — Dr. Larry Hanson, office 2nd floor Wright Hall.

academic grievance — The college is committed to fair play in both social and academic problems—here is the route of appeal if a grievance of academic nature occurs: A student who believes that his academic rights have been infringed or that he has been treated unjustly with respect to his academic program or any portion thereof, shall be entitled to a fair and impartial consideration of his case. Before instituting the grievance procedure, the student shall first present his case to the teacher or teachers and then, if necessary, to the department involved. If the student feels that he has not obtained justice at this level, he has the option of submitting the matter to the Academic Dean or asking for a review of the case by the Grievance Committee. This committee shall be chaired by the Academic Dean or a person designated by him and shall include three other faculty members and two students. These members will be selected by the Academic Affairs Committee on demand. Both the student and faculty members involved in the case are entitled to appear before the committee or to present a written statement of the case. The decision of the committee shall be presented to the individuals involved in writing within three (3) days of the committee meeting unless a later time is agreed upon by both parties. The decision of the committee is binding and will be implemented by the teacher or administratively. “The decision of any committee may be appealed to the college president.” (See also Right to Petition).

academic probation — When for any reason a student’s scholarship falls below a “C” (2.00) average, he will be placed on academic probation. A student reaches the point of academic dismissal when his cumulative grade point average falls to reach the following accumulated levels:

application procedure — 1. When — New students are urged to submit applications not later than the last term of the senior year of high school. Applications submitted at the beginning of the senior year will sometimes enable the College to suggest ways of strengthening the student’s preparation. Because of the difficulty sometimes encountered during the summer months in obtaining necessary transcripts, test scores, and recommendations, more time will be necessary for processing late applications. Students in residence may submit re-applications without charge until March 31. Thereafter the regular application fee of $10 will be required until July 15, after which the fee becomes $15. 2. How — Request application forms from the Office of Admissions and Records. Return the completed application, budget sheet and medical form to the Office of Admissions and Records with the application fee of $10. This fee is $10 if the application is received at least six weeks before the beginning of the semester. After that the fee will be $15. It is the student’s responsibility to request his former schools (high school and college) to forward his transcripts to the Office of Admissions in support of his application. This will become the property of the College. NO TRANSCRIPTS WILL BE ACCEPTED DIRECTLY FROM AN APPLICANT. To permit a more effective program of counseling for admissions, applicants who have earned fewer than 12 semester hours must submit scores from the American College Testing Program (ACT). Test scores are valuable in determining ability to pursue a college program, and in discovering areas in which the student may be deficient. Upon receipt of the application, transcripts of credits, recommendations and test scores, the Admissions Committee will notify the applicant of the action taken.

Tentative reservations may be made without a deposit before July 1, however, the deposit must be paid by that date in order to hold the reservation. After July 1, requests for reservations must be accompanied by the $50 deposit. On arrival at the campus the student should: 1. Present his official letter of acceptance at the college cashier’s office and make arrangements for cafeteria privileges, advance payment (If not paid in advance of arrival) and safekeeping of personal funds. 2. We believe that the application of these principles varies from place to place and from age to age. Therefore, we have a responsibility to all associated with the college to interpret these principles for the here and now. "There should be no carelessness in dress. For Christ's sake, whose witnesses we are, we should seek to make the best of our appearance. . . . In all things we are to be representative of Him. Our appearance in every respect should be characterized by neatness, modesty, and purity. . . . Even the style of the apparel will express the truth of the gospel." Testimonies, Vol. VI, p. 96.

A person's character is judged by his style of dress. A refined taste, a cultivated mind, will be revealed in the choice of simple and appropriate attire. "Education," p. 248.

Personal problems will be given thoughtful consideration. Members of the faculty deem it a privilege to discuss with the student the great principles, concepts, and ideas in an atmosphere of informality and friendliness. Students are urged to become personally acquainted with as many members of the faculty as possible. Students with personal problems who wish assistance from a professional counselor should consult the Dean of Students or Director of Counseling Services. Personnel trained in psychology and counseling are available to those with serious social and personal problems. The testing service works in close cooperation with the counseling service in providing guidance information to both students and counselors. Students are urged to take advantage of the testing service as a means of obtaining information useful in choosing a profession or occupation.

Students of average scholastic ability are advised to plan a study-work program involving less than the maximum hours of labor permitted. Freshmen in particular need more time for orientation and adjustment to the college academic program.

labor regulations — Birth Certificates and Work Permits — Whenever a student seventeen years of age or under is registered, the College issues a Tennessee Employment Certificate. This must be signed and on file at the College before a student may start work. In order to provide work opportunities to students, industries are operated by the College. The industries must serve their customers daily, necessitating a uniform working force. To continue these industries in operation, students assigned thereto must continue their work schedules to the end of the term. (Preparation for tests should be a day-by-day matter.) Any student who drops his work schedule without making proper arrangements may be suspended from class attendance until proper arrangements are made with the Director of Student Finance. It should be understood that once a student is assigned to work in a given department, he is expected to remain there for the entire school year except in cases where changes are recommended by the school nurse or approved by the College. Should a student find it necessary to be absent from work, he must make prior arrangements with his work superintendent. In case of illness, he will inform the Health Service. The Office of Student Finance for the college strives to place students on jobs to the best of its ability. For various reasons the college cannot guarantee work to a student even though his application may have been accepted on a plan calling for an approximate number of hours of work per week. Some students choose class schedules with classes so scattered that a reasonable work program is impossible. Some are physically or emotionally unable to work, others are erratic at meeting work assignments. It is the responsibility of the student to render acceptable service to his employer in order to maintain a job. The department superintendent reserves the right to dismiss the student if his service is unsatisfactory. The student pay rate is not less than student rates set by the government wage-hour law. It may be higher if a student possesses special skills or training.

The course load of a late registrant will be reduced by one to two semester hours of each expired week of instruction. No student should expect to register after two weeks of the semester have elapsed. Changes in Registration. To avoid changes in registration the student should carefully consider the program of courses necessary to meet his objectives. To avoid subsequent adjustments, a balance should be maintained between the course load, work program, and extra-curricular activities.

Late — Residence hall students are expected to remain in their residence halls between closing time and 6:00 a.m. if they have not arranged an overnight leave with the residence hall dean.

If the period of proposed leave from the campus includes a work or class appointment, suitable arrangements must be made with the work superintendent or Academic Dean respectively. Women students wishing a campus leave to visit a home other than their own or that of close relatives, should present a letter of invitation from the hostess and, if under 21 years of age, also authorization from their parents or guardians. Overnight leaves in the surrounding community (Chattanooga - Collegedale - Cleveland) are not permitted unless the students are accompanied by parents. Overnight leaves are cancelled at any time students are present on campus or in the surrounding community (Chattanooga - Collegedale - Cleveland) during the time of the leave. If under 21 years of age, freshmen students with less than a 3.00 grade-point average on a minimum of 12 graded semester hours and students who are on scholastic probation are limited to overnight leaves which involve a maximum of eight (8) nights of absence from the campus per semester, excluding vacations. Students on citizenship probation are limited to overnight leaves which involve a maximum of two (2) nights of absence from the campus per calendar month excluding vacations. In case of an emergency requiring a leave which is not provided for by regular policy, parents should contact the residence hall dean. Weekend leaves terminate at 10:30 p.m. Sunday. urged that all daytime off-campus activities involving mixed groups
have chaperones. Parents and faculty members may serve as
chaperones and on certain occasions the Dean of Women may grant
approval for chaperonage by married students. It is considered wise
that there be one chaperone for every 15-20 students. All student
organizations planning social or recreational activities off campus
must make proper advance arrangements through the Dean of Stu-
dents' Office. Requests, complete with the names of chaperones and
the signatures of the faculty sponsor, are to be filed by 10:00 a.m.
Wednesday of the week preceding the proposed activity with a

The chief function of the College is to provide an educational environment in harmony with Biblical teachings and standards. PHILOSOPHY

Seventh-day Adventists recognize that God is not only the Creator and Sustainer of the earth and the entire universe, but also the source of knowledge and wisdom. Although many values common to classical and modern humanism are accepted at Southern Missionary College, it is held that these secular values are reflections of the mind of the Creator, the Author of all truth, transcending both space and time.

In His image God created man perfect—sufficient to have stood, though free to fall. Because of sin, this man who bore a likeness to his Creator in his physical, mental, and spiritual nature has become separated from God, losing most of his similarity to his Maker.

To restore in man the image of his Creator—to promote the development of body, mind, and soul that the divine purpose in his creation might be realized—is the object of Christian education, the great object of life.

Believing man to be God's crowning act of creation, Seventh-day Adventists accept as reality the Biblical concept of man's body as the temple of God. Consequently, principles of health are emphasized that the student may more effectively carry out God's purpose, that he may respect the paramount work of the Creator, and that he may live the rewarding and abundant life promised in the Scriptures to those who do His will.

Another aspect of having been created in the image of God is that every human being is endowed with a power akin to that of the Creator—individuality, the power to think and to do. It is the work of true education to develop this power, to train youth to be thinkers and not mere reflectors of other men's thoughts; it is the purpose of this college to send forth men and women who possess breadth of mind, clearness of thought, and courage of conviction.

Seventh-day Adventists believe that knowledge of a personal God can never be derived by human reason alone, but that God has communicated His nature, purposes, and plans through divine revelation. They further believe that the Bible—both Old and New Testaments—was given by inspiration of God, contains a revelation of His will to men, and constitutes the only unerring rule of faith and practice. The purpose of Christian education is to assist the students in knowing and doing, with Christ's help, the will of God more perfectly. Only through Christ can man be restored fully as he was created in the image of God.

Our educational philosophy is, then, that true education means more than the pursual of a certain course of study or a preparation for the life that is now. It encompasses the whole being and the whole period of existence possible to man. It is the harmonious development of the physical, mental, social and spiritual powers, preparing the student for the joy of service in this world and in the world to come.

GENERAL PHILOSOPHY OF BEHAVIOR

Southern Missionary College subscribes to the philosophy that education and redemption are one and the same. To this end the resources of the college are dedicated. From time to time there are students who are
struggling to overcome serious problems such as those relating to alcohol, narcotics, drugs, and sex (homo and hetero). The college is eager to help these students in their fight for victory over sin. Personnel are available for counseling either on campus or on a referral basis off campus.

If, however, a student by choice does not approach these problems with a determination to overcome them or if the student is defensive of his own persistence to participate in actions relating to moral difficulties, the resources of the college are of no benefit to the student, who then will be asked to leave the college until such a time as there is evidence on the part of the student of distinct Christian desires and growth.

PROBLEMS RELATING TO SEX

Southern Missionary College and the Seventh-day Adventist Church which sponsors it do not subscribe to the current, growing philosophy that all matters relating to sexual conduct are totally private and should not bear the scrutiny of the Church or society. The college insists upon its right to make decisions regarding admission and retention of students based upon matters relating to the student's sexual conduct along with conduct in other matters. Sexual immorality cannot be condoned and places a student subject to dismissal. Conduct leading to dismissal includes homosexuality and illicit heterosexual activities, on or off campus. It also includes the possession of prurient materials which are made available for scrutiny of others. Suggestive language and a coarse public attitude relating to sex will not be tolerated.

Occasionally a person makes the decision to change sex and embarks upon an emotional and sometimes medical course of action relating to sexual transformation. Since people in these circumstances have an uncertain sexual role, it will not be possible for students claiming to undergo sexual changes to remain in school. People engaged in sexual changes need an environment more suitable for them to work out their unique problems than a crowded college campus.

A student who undergoes sexual transformation will normally be ill at ease on a campus as a student and usually should not return even after the person involved believes the transformation has been completed.

STUDENT VEHICLE CODE

The use of motor vehicles on campus is considered to be a privilege. Motor vehicle privileges may be suspended at the discretion of the Judiciary Committee, the residence hall deans, or the Dean of Students.

All Southern Missionary College students are held responsible for acquainting themselves with and conducting themselves according to the following motor vehicle code:

Section I — Motor Vehicle Privileges

1. Definition of motor vehicle privileges: Motor vehicle privileges as understood in this code mean the possession or use of a motor vehicle—motor scooters, motor bikes, motorcycles, automobiles.

2. Due to the limited parking facilities, individuals who have satisfactory citizenship and meet any one of the following stipulations qualify for motor vehicle privileges:
   a. Completion of a minimum of 24 semester hours.
   b. Twenty-one years of age or older.
   c. Off-campus resident.

3. Lending or borrowing of motor vehicles is discouraged.

4. Disqualified Vehicles:
   Unless previous arrangements have been made with a dean of men or a dean of women, residence hall students who do not qualify for motor vehicle privileges are not permitted to bring a motor vehicle to the College or to the greater Chattanooga-Cleveland area. Students who violate this regulation will be disciplined and may be required to return their vehicle to their home immediately.

Section II — Motor Vehicle Registration

1. Any motor vehicle that is subject to the use of a student must be registered with the College in the student's name at registration time or within 48 hours of its arrival in the vicinity. Provision has been made for registration of motor vehicles without charge during the regular college registration procedures and at the residence halls.

2. Temporary registration for motor vehicles brought to the campus for a short period of time must be made with the residence hall dean.

3. Secreting a motor vehicle, undeclared and unregistered with the College, or failure to register one's motor vehicle is considered a serious infraction of College rules.

4. A student may not register a motor vehicle which is owned or operated by another student.

Section III — Parking

1. For each semester residence hall students are charged a parking fee of $15.00 for automobiles and $15.00 for two-wheeled motor vehicles. Students who bring cars during the course of a semester will be charged on a pro-rated basis. No refund on parking fees will be made.

2. Residence hall student vehicle parking is restricted to assigned parking in the respective resi-
dence hall parking lots and to non-restricted parking areas on campus.

3. Students who live off campus are charged a parking fee of $5.00 per semester for either an automobile or motorcycle.

4. Students who live off campus may park vehicles in areas approved for community student use during the school day.

Section IV — Driving

1. A residence hall student must have permission from his residence hall dean for use of a motor vehicle after residence hall closing time, and between Friday evening sunset and 1:00 p.m. Sabbath afternoon.

2. Motor vehicles are not permitted to be driven on lawns, sidewalks or other places not intended for vehicular use.

Section V — Penalties for Violations:

1. Parking violations are subject to a fine of $2.00 for the first offense, and $5.00 for each subsequent offense. Failure to pay a fine within the time prescribed on the ticket will result in cancellation of the student’s registration.

2. Violations of the campus traffic code such as speeding and failure to observe stop signs will result in a fine of $10.00.

3. Secreting or failure to register a motor vehicle with the College will result in a $25.00 fine and possible disciplinary action.

4. In the event of continued violations of the campus traffic code, disciplinary action may be necessary.

5. All fines must be paid in cash to the Dean of Students’ office by a specified assigned date.

Failure to pay by this time automatically cancels the student’s registration.

Section VI — Out-of-State Vehicles:
A student from a state other than Tennessee should check with the State Highway Patrol in Chattanooga to determine whether the vehicle license issued by his home state is valid in the state of Tennessee. Purchase of a Tennessee State vehicle license is necessary where reciprocity agreements do not exist which validate the home state license during residence in the State of Tennessee.

Section VII — Damage, Loss or Theft:
Southern Missionary College assumes no responsibility for loss resulting from theft or accident, vandalism, fire and other causes for damage of any vehicle or its accessories on College property. Automobile parts or tools left outside of automobiles may be hauled away without notice.

Section VIII — Bicycles:

1. All bicycles should be locked when not in use.

2. Bicycles are not to be ridden on campus sidewalks or on grassed areas of the campus.

3. Bicycles are to be stored only in designated areas.

Section IX — Inoperable Vehicles:

1. Except by permission of a residence hall dean or the Dean of Students, inoperable vehicles may not be parked on the campus. Such vehicles parked without permission will be towed away at the owner’s expense.

Section X — Traffic Court:

1. A faculty-student appeals court meets periodically to hear appeals on citations given for violations of the vehicle code. See the Activities Calendar for dates.
