This is Southern Adventist University

Southern Adventist University is a co-educational institution established by the Seventh-day Adventist Church, offering doctoral, master's, baccalaureate, and associate degrees, and one-year certificates.

The Mission
Southern Adventist University as a learning community nurtures Christ-likeness and encourages the pursuit of truth, wholeness, and a life of service.

Vision
Southern Adventist University, responsive to its diverse constituencies, will provide high quality educational benefit, lead in the integration of faith and learning, and model academic and professional excellence. The institution will graduate servant leaders guided by faith and integrity, and committed to living balanced lives.

Core Values
- A Christ-centered, Seventh-day Adventist campus
- Academic and professional excellence
- Hospitality and service
- Affordable education
- Balanced lifestyle

Educational Philosophy
Rooted in its theological understanding of God and humanity, the educational philosophy of the Seventh-day Adventist church is summarized as follows:
- God, the creator and Sustainer of the universe, is the Source of all knowledge.
- Created in the image of God for the purpose of communion with Him, humanity has sinned and has separated from Him.
- Through infinite love, God sent His Son to restore this relationship with us—a personal relationship that begins now and continues throughout eternity.

Within the context of this theological understanding, education is viewed as an essential element of redemption, and must focus on developing the whole person. Through harmonious development of the physical, mental, and spiritual, and social dimensions, the individual becomes better equipped to bring wholeness to a broken world.

Institutional Goals
Southern Adventist University will
- Learning Community
  nurture campus learning communities that engage students with ideas that mark educated persons, global and multicultural perspectives, and advanced technology to develop both ethical principles and intellectual flexibility.
• **Faculty and Staff**
hire and develop a competent and diverse faculty and staff who model balanced ethical lives, integrate faith and learning, demonstrate scholarship through teaching, research, and other scholarly and creative activities, and celebrate and energize the student spirit as they respect and support the different ways students develop their minds, their persons, and their citizenship.

• **Students**
recruit, retain, and support a capable, diverse student body.

• **Campus Environment**
provide a safe, nurturing learning community of faith for students, faculty, and staff.

• **Student Service**
enable every student to participate in local service and/or mission service activities.

• **Partnerships**
pursue and nurture partnerships with alumni, church, community, business and industry, civic organizations, and government in order to analyze, project, and respond to changing needs to help ensure that graduates are prepared for a life of service.

• **Stewardship**
steward resources entrusted to the university through effective fiscal management to fulfill its mission, vision and goals.

---

**Student Learning Goals**

Students of Southern Adventist University will

• **Spiritual**
grow in a vibrant relationship with the Lord Jesus Christ, while integrating into their lives Bible-based beliefs and values as understood by the Seventh-day Adventist church.

• **Intellectual**
develop a commitment to life-long-learning and demonstrate a mastery of the cognitive skills of critical reasoning, independent thinking, reflective judgment, communication, and creativity needed to confront the issues, ideas, and values of historical and contemporary civilization.

• **Occupational**
exhibit excellence and moral leadership in their chosen field of study and/or profession.
• **Social**
  develop socio-emotional maturity that will enable them to be effective leaders and contributing members of their churches, families, groups, and communities in a global society.

• **Physical**
  take responsibility for their own well-being through a health-promoting lifestyle.

**Guiding Principles for Graduate Programs**

In keeping with the institutional mission statement, graduate education at Southern Adventist University provides an opportunity for motivated students to combine the acquisition of knowledge with refinement of their intellectual skills in the pursuit of truth. This experience extends beyond the transmission of information in the traditional disciplines. Rather, the learning environment consists of a community of scholars where students and professors jointly share dilemmas as well as discoveries and insights, resulting in a mutually fulfilling growth experience. Such opportunities motivate the student to engage in open dialogue, debate, critique, thoughtful query and independent thinking. Previous knowledge and understandings are examined, reconsidered, and synthesized in light of new learning; and accepted practices undergo the rigor of thoughtful analysis.

Students study and integrate theory, research, and practice in specialized areas of expertise. Considerable emphasis is placed upon independent and collaborative projects, which require a complexity of skills, including problem identification, inquiry, problem solving, analysis, and synthesis. Depending upon the particular graduate program; comprehensive examinations, capstone seminars, portfolio, and thesis afford additional demonstrations of scholarship and the potential for contributions to the field. Sound scholarship is expected, and these projects may lead to formal papers, professional presentations, or publishable manuscripts.

At Southern Adventist University, the quest for truth relates to matters of Christian faith. Because Biblical ideals lead to an appreciation of human dignity, participants in the community of scholars seek to apply theory in ways that preserve human worth. Christian education combines faith and learning, understanding and practice, erudition and service.

**History**

In 1892 the educational venture that developed into Southern Adventist University had its beginning in the small village of Graysville, Tennessee. The school became known as Graysville Academy. In 1896 the name was changed to Southern Industrial School and five years later to Southern Training School.

In 1916, because of limited acreage available for further expansion of plant facilities, the school was moved to the Thatcher farm in Hamilton County, Tennessee. The name “Collegedale” was given to the anticipated community. At its new location, the school opened as Southern Junior College and continued as such until 1944 when it achieved senior college status, after which the name was changed to Southern
Missionary College. In 1982 the name was changed to Southern College of Seventh-day Adventists. University status was achieved in 1996 when the name was changed to Southern Adventist University. In 2012, a doctor of nursing practice was added to the curriculum.

Setting
Southern Adventist University’s 1,100 acre Collegedale campus is nestled in a valley 18 miles east of Chattanooga. The quietness and beauty of the surroundings are in keeping with the University’s educational philosophy.

Accreditation and Memberships
Southern Adventist University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award one-year certificates, associate degrees, baccalaureate degrees, master’s degrees, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or 404.679.4500 for questions about the accreditation of Southern Adventist University.

It is also accredited by the Accrediting Association of Seventh-day Adventist Schools, Colleges, and Universities. Additional information regarding the University may be obtained by contacting the State Board of Independent Colleges and Universities, Department of Education, Tallahassee, FL 32399 (850.488.8695). The Master of Science degree in School Counseling is approved by the Tennessee State Board of Education.

The Schools of the University are also accredited by various organizations as follows:

- The School of Business and Management is accredited through the International Assembly for Collegiate Business Education (Olathe, KS 66221, telephone number, 913.631.3009).
- The School of Education and Psychology teacher education program is accredited by the National Council for Accreditation of Teacher Education (NCATE), www.ncate.org. This accreditation covers P-12 education at Southern Adventist University. However, the accreditation does not include individual education courses that the institution offers to P-12 educators for professional development, relicensure, or other purposes. The University is approved by the Tennessee State Board of Education for the preparation of secondary and elementary teachers, and has received preliminary approval for Administrator PreK-12 licensure.
- The M.S. in Global Community Development is pending SACS approval.
- The Associate of Science, Bachelor of Science, and Master of Science degree programs in nursing are accredited by the National League for Nursing Accrediting Commission (3343 Peachtree Road, NE, Suite 500, Atlanta, GA 30326). The School of Nursing is an agency member of the Council of Baccalaureate and Higher Degree Programs and the Council of Associate Degree Programs of the National League for Nursing. The School of Nursing is approved by the Tennessee Board of Nursing. The National League for Nursing Accrediting Commission has accepted the candidacy application for the Doctor of Nursing Practice program.
- The School of Social Work MSW program is fully accredited with the Council on Social Work Education (1701 Duke Street, Suite 200, Alexandria, VA 22314).

Admissions

Southern Adventist University welcomes applications from students who will commit themselves to an educational program that unites academic integrity and Christian principles. The University does not discriminate on the basis of age, gender, race, color, ethnic or national origin, religion, or disability.

Application for admission to graduate study, with the exception of the RN to MSN program and the accelerated Computer Science program is open to any person with a four-year bachelor’s degree from a regionally accredited institution. Applicants must have a satisfactory grade point average (see requirement of individual Schools). All application materials become the property of the University and are not forwarded or returned. Incomplete and inactive applications are purged after 12 months. An applicant whose file has been purged must reapply by the deadline dates for the term in which enrollment is anticipated.

Enrollment in a graduate program is a privilege that may be withdrawn at the discretion of the Dean of the Graduate Studies if the integrity of university standards is jeopardized.

Admission Requirements

A minimum GPA of 3.00 (on a 4.00 scale) is required for regular admission to a graduate program.

Applicants must submit the following materials to be considered for admission:
1. Graduate application form (available online at southern.edu/graduatestudies).
2. Non-refundable application fee.
3. Official transcript from the undergraduate school granting the undergraduate degree.
4. Professional recommendations as requested by the respective School.
5. Scores from the Graduate Record Examination (GRE), Graduate Management Admission Test (GMAT), and/or entrance examinations as required by the respective School. To register for the GRE and GMAT contact Educational Testing Service at www.ets.org.
6. Additional materials as required by the respective School.

Once all pertinent materials are received by Graduate Studies, the application is reviewed and forwarded to the respective School. Applicants are accepted at the discretion of each School’s admissions committee and are notified by mail once an action is taken.
Deadlines

Application materials should be submitted to Graduate Studies by these dates:

Admission Categories

Admission to the graduate programs is based on academic preparation and potential. Applicants who meet the admission requirements may be accepted under one of three categories.

Regular Admission

Regular admission status is granted to degree-seeking students meeting all admission criteria, including program-specified requirements.

Provisional Admission

Provisional admission status may be granted to an applicant whose GPA or test scores do not meet the minimum academic requirements.

Under provisional admission, students may take a maximum of 12 graduate hours and must maintain a minimum GPA of 3.00. Regular admission status may be granted once this requirement is met; students not meeting the GPA requirement are not eligible to take additional classes. See school specific admission requirements.

Non-degree Admission

Non-degree admission status may be granted to applicants who meet the academic requirements, but who are not pursuing a degree or who have not fully completed the admissions process (see Admissions Requirements). International students on student visas are not eligible for non-degree status.

Under non-degree admission, students may take a maximum of 12 graduate hours and must maintain a minimum GPA of 3.00. Non-degree admission does not guarantee acceptance into a degree program. Non-degree students who decide to pursue a degree must still meet all admission requirements.

Applicants who are not pursuing a degree may be granted non-degree status upon submitting these items to Graduate Studies:

- Non-degree Application form.
- Non-refundable application fee.
- Official transcript, with facts of graduation, from the undergraduate school granting the undergraduate degree.
Registrations
Students may register online for both on-campus and online classes. Clearance from Student Finance (423.236.2835) is required in order to register. For on-campus students, University Health Center clearance is required (423.236.2713).

To begin the registration process:
• Click on Current Students and under Account Management, click on Create Account.
• To register go back to southern.edu, click on Current Students and under Academics, click on Register for Courses. Follow the directions of Registration.

Admission of International Students
International applicants must have a four-year bachelor’s degree equivalent with a minimum GPA of 3.00 and meet the admissions requirements for acceptance.

The following items must be submitted before admission is considered.
1. A completed application form and nonrefundable application fee.
2. Official or attested university records, including proof of all degrees received, with certified translations and evaluations. (See International Evaluations)
3. Certification of English proficiency. Students whose native language is not English must have a minimum TOEFL score of 600 (paper-based) or 100 (Internet-based). TOEFL information and registration are available online at www.ets.org/toefl.
4. Documented evidence of financial resources sufficient to support the student for the calendar year, in addition to an international student deposit of $3,000 (USD).
5. Official scores on the Graduate Record Examination (GRE) or Graduate Management Admission Test (GMAT), if required.
6. Letters of recommendations or rating forms.

After admission is granted and financial documentation and degree confirmation are received, Southern Adventist University issues the I-20 Form for obtaining a visa. Only students approved by the Immigration and Naturalization Service may enroll at Southern Adventist University. The University issues a letter of acceptance and the I-20 Form, which are to be presented to the U.S. consular officer when applying for a student visa. Southern will not accept visas issued for admission to other institutions.

International students admitted to graduate study are encouraged to arrive on campus two weeks prior to the beginning of classes. They should contact the international student adviser as soon as they arrive. Graduate Studies must be notified of any change in the entering date after admission has been granted. All international students with student visas are required by current immigration laws to be enrolled in a full course study (a minimum of nine graduate credit hours) for each semester in attendance.
According to current immigration laws, international students with student visas may work on campus provided that employment is available and provided that the student is enrolled in a full course of study nine (9) graduate hours for each semester in attendance and is making progress to the completion of a degree. On-campus employment is limited to 20 hours per week while classes are in sessions and 40 hours per week during university vacation days.

International students should not leave their homeland until they have in their possession:

1. An admission letter of acceptance from Southern Adventist University.
2. I-20 Form issued by Southern Adventist University.
3. A valid passport.
4. A valid visa to travel to the United States.
5. Sufficient funds for the first year at Southern Adventist University.

**International Transcripts**

Precise, word-for-word, English translations are required for all non-English documents. Often the issuing institution will provide an English translation. Alternatively, the student may provide the translation. If the translation is anything other than the issuing institution’s official document, an original language official transcript is still required from the issuing institution. Inclusion of the student’s name in English on an original language transcript, by the issuing foreign school, helps identify the transcript.

**International Evaluations**

All non-U.S. transcripts must be submitted through one of the following approved credential evaluation agencies:

Evaluations are to be sent directly to Southern by the service. All evaluation reports are considered to be advisory; Southern reserves the right to make final equivalency decisions.

**English Proficiency**

Regardless of nationality or citizenship, an applicant whose native language is not English must have a minimum TOEFL score of 600 (paper-based) or 100 (Internet-based). TOEFL scores are valid for two years from the test date. After two years, the test must be retaken and the new score submitted.
Financing Your Education

Graduate students assume the primary responsibility for their educational costs. Financial aid is available to U.S. citizens and permanent residents in the form of low-interest federal and private educational loans. Repayment of these loans begins after a student drops below half-time status. Some private institutional scholarships and graduate assistantships are available for students in the Master of Business Administration, Computer Science, Counseling, Education, Nursing, and Social Work programs. Students may apply for scholarships and assistantships through the respective schools.

Students receiving Seventh-day Adventist conference assistance for tuition and living expenses may not be eligible for financial aid. International students are not eligible for U.S. federal financial aid.

Federal Stafford Loan Requirements and Disbursements

Students must register for and attend a minimum of five credit hours per semester to receive a Federal Stafford Loan. The first half of the loan amount is credited to the student's account when part-time attendance has been verified.

Graduate students may borrow up to $20,500 per year, or the cost of attendance, whichever is less, at an annual interest rate that will not exceed 6.8 percent. Principal repayment begins six months after the student ceases to be enrolled in a minimum of five credit hours. Students receiving a Federal Stafford Loan must complete and mail the Free Application for Federal Student Aid (FAFSA) and a loan application six to eight weeks prior to registration. Student borrowers may not receive anticipated loan funds unless the amount borrowed exceeds the direct costs, and the funds have been received by Southern. If extenuating circumstances arise, students may appeal to the Financial Appeals Committee.

Ability to Benefit

The federal government requires that the university have an official copy of the baccalaureate undergraduate transcript from an accredited institution prior to disbursement of federal financial aid to graduate students. Therefore, provisionally accepted students will not receive loan proceeds until an official copy of their undergraduate transcript is submitted to the Graduate Studies office.

Satisfactory Academic Progress Policy for Receiving Federal Financial Aid

Government regulations require financial aid recipients to maintain satisfactory academic progress toward a degree, as measured both qualitatively and quantitatively, in order to receive financial aid, including federal loans. This requirement applies to the entire period of enrollment in a graduate program at Southern Adventist University—including periods during which a student does not
receive financial aid. Failure to comply with this requirement may result in ineligibility for financial aid.

Requirements
To be eligible for receiving financial aid, students must maintain a minimum cumulative GPA of 3.00 and complete a minimum of 67 percent of attempted credit. Attempted credits are determined as of the census date. Aid is awarded based on these credits. Incompletes, withdrawals, and failed classes count toward the total attempted credits. A repeated course counts as attempted credit each time it is taken.

Completed credits apply to a student’s degree and receive a passing grade. Incompletes, withdrawals, failed classes, and audits do not count as completed credits.

Time Frame for Receiving Financial Aid
The maximum time to receive financial aid is 150 percent of the established course length. A student may receive financial aid for up to two graduate degrees.

Progress Review
Enrollment Services reviews each student’s academic progress at least once per academic semester and sends written notice if satisfactory academic progress in not maintained.

A student whose financial aid has been suspended as a result of failing to comply with this policy, and who believes that unusual and unavoidable circumstances led to this suspension, may appeal to the Financial Appeals Committee. Enrollment Services advises the student in writing of the committee’s decision.

Fees and Charges 2013-2014
Effective May 1, 2013, graduate tuition is $570 per credit hour. Tuition for a doctorate program is $800 per credit hour.

**Payment Plans**

Southern Adventist University offers a three-percent discount for students enrolled at least half-time who pay with cash or check their full expenses prior to the start of classes; or a one-percent discount to those enrolled at least half-time who pay by credit card their full expenses prior to the start of classes. Southern offers a monthly payment plan option for any charges that are not paid in full before the semester begins or that are not already covered by federal loans. Students receiving federal loans that are equal to or greater than their tuition expenses and are guaranteed by the lender prior to registration are not required to pay until the loan proceeds are received by Southern.

### Refunds

A student who withdraws completely or partially during the semester will receive tuition and fees refund based on the date the completed withdrawal form, with all required signatures, is filed with the Records and Advisement Office. Financial aid received will also be adjusted based on the refund amount that a student receives.

Refunds are calculated as follows:

- 1st week: 100%
- 2nd and 3rd weeks: 80%
- 4th and 5th weeks: 60%
- 6th, 7th, and 8th weeks: 40%
- 9th week through end of term: 0%
Refunds for shortened school term including summer sessions:

1st and 2nd Day 100%
3rd and 4th Day 60%
5th Day through end of term 0%

**International Student Deposit**

In addition to regular University charges, an international student deposit of $3,000 (USD) is required. (Canadians and documented permanent residents of the U.S. are not required to pay the international student deposit.) The deposit must be received by Enrollment Services before an I-20 Form is sent to the prospective student for entry to the U.S. This deposit is held until the student graduates, withdraws from Southern, or is unable to pay his or her student account, at which time the international deposit is applied to the student’s account. If the account has been paid in full, the deposit is refunded after the final statement is issued.

**Student Insurance**

Graduate students are eligible to enroll in the university’s student health plan. Maintaining medical coverage through the university or another health plan is strongly encouraged. The university’s student medical coverage is available for spouses and dependents. If you would like to sign up for coverage please submit the online Student Insurance Information Form to Risk Management at the beginning of each school year. A policy brochure describing benefits, terms, and limits is available on the Risk Management website, southern.edu/risk. Students who are only enrolled in online classes are not eligible for health insurance.

**Credit Cards**

The Cashier’s Office honors VISA, MasterCard, Discover, and American Express cards for making payments on student accounts. No cash withdrawal service is available from the Cashier’s Office. This service may be obtained from a local financial institution or ATM.

The following information is required for paying an account with a credit card: 1) type of credit card, 2) cardholder’s name, 3) credit card number, and 4) expiration date.

**Summer Residence Hall**

A refundable deposit of $250 is required of each student. This deposit is held in reserve until the student permanently moves out of the residence hall. Seventh-day Adventist conference-sponsored students enrolled part time in the summer program are exempt from this requirement.

The rental charge per person for dual occupancy is $16 per day. When available, single occupancy is permitted at $23 per day. Room charges are posted monthly to the student account based on the number of days a room is occupied/reserved.

Pets and/or children are not permitted to stay in the residence halls.

Arrangements for summer residence hall housing are made through the Talge Hall office manager (423.236.2990).
University Apartments
The University apartments are available on a first-come-first-served basis. An online application can be found at southern.edu/housing. Rental arrangements are made in Financial Administration (423.236.2816). Approval through Student Finance for the rent to be billed on the student account, and a $250 commitment deposit, is required before a rental agreement is issued. An additional $5 deposit for each key will be billed on the student account. These deposits are fully refundable unless there are unpaid rental charges, cleaning charges and/or unreturned keys. Additional charges are assessed if the deposit is insufficient to cover these costs. Semester rental charges are posted to the student’s account a semester at a time to be paid monthly. Rates are subject to change without notice.

Books and Supplies
Textbooks, school supplies, ISBN numbers, and other class materials are available at the Campus Shop.

Release of Transcripts or Diplomas
Transcripts, diplomas, certificates of completion, and other records are withheld if a student has an unpaid or past-due account at the school, any unpaid account for which the University has co-signed, or if a federal loan borrower has not completed a Federal Stafford Loan Exit Interview.

When payment is made by personal check, the transcript is held until the check clears.

Students with an amount that has been written off due to an uncollectible account, settlement, or lost account must pay the written off amount prior to enrolling in any class or being accepted as a graduate student.

Accounts that have not been paid in full due to bankruptcy must be paid in full before acceptance or enrollment unless (1) the student has received a hardship discharge from the bankruptcy court and provides a copy of the same to the University or (2) the student can demonstrate to the satisfaction of the University that his or her account falls outside of the educational benefit discharge exception of Section 523(a)(8) of the Bankruptcy Code.
Academic Policies

General Requirements for Master’s Degree

Admission, Progression and Degree Candidacy

Students under regular admission criteria are considered degree-seeking candidates and must maintain a minimal grade point average of 3.00, earning a minimum grade of C in no more than two courses.

Students under provisional admission status may be permitted to enroll in specific classes until admission requirements are met. Under provisional status, students may take up to twelve (12) semester hours and must maintain a minimum grade point average of 3.00. See respective schools for program-specific requirements.

Credit and Course Requirements and Limitations

All master’s degrees require a minimum of 30 hours of graduate credit. Students are responsible for meeting the semester hour requirement for the chosen degree.

Under special circumstances the School may allow a maximum of six semester hours from courses numbered 450 or higher to be applied to a graduate program. A minimum grade of B is required, and students may not receive both undergraduate and graduate credit for any given course.

Validation Examinations

Upon the approval of the school dean and the graduate dean, students may obtain credit for curricular requirements by successfully completing a validation examination—written, oral, manipulative, or otherwise, as determined by the school involved.

Credit obtained by validation examination is considered earned credit and maybe permitted only as part of an established course of study. Credit for experiential learning, credit by challenge examination, and other categories of non-traditional credit does not apply to a graduate degree.

Students may earn a maximum of six hours of credit by validation examinations. All examinations are given on a pass/fail basis. Scores will not be placed on a student’s permanent record and are, therefore, not transferable. An examination and recording fees will be charged.

Graduation Requirements

In order to graduate, a candidate must:

1. Submit an application to graduate which must be filed with Records and Advisement two months prior to the anticipated graduation date.
2. Complete all coursework with a minimum grade-point-average of 3.00, including no more than two classes with a grade below B-. Classes with a grade below a C are not counted toward the master’s degree.
3. Pass a comprehensive examination and/or a defense of a thesis/research project, portfolio, or case study, as may be required by the respective School. Specific requirements for each degree are listed under the School.

Responsibilities of the Student
Students are responsible for regulations and procedures published in this bulletin and in school entrance materials. Advancement in the program is contingent upon the adherence to the decisions of the Graduate Council and the policies and procedures as published in this catalog. To avoid unnecessary delay or interruption of study, the student must assume the initiative in such matters as securing approval of a program of study and arranging for required tests and examinations.

Second Master's Degree
Courses of study for students already holding a master’s degree are arranged individually. Some class work from the previous degree may be applicable to the current program. Southern Adventist University requires that theory courses taken ten years previously and technology application courses taken five years previously must be repeated or waived by a validating examination. For a second degree, at least 2/3 of the credits required (including independent study and excluding graduate prerequisite credits) cannot overlap with the first degree and must be completed at Southern either online or on campus. A thesis or research project may be required. The GRE/GMAT is not required for a student pursuing a second master's degree from a U.S. accredited institution.

Student Records Privacy Policy
A student’s record is regarded as confidential, and release of the record or of information contained therein is governed by regulations of the federal law on “Family Educational Rights and Privacy.” Only directory information, such as a student’s name, photograph, address, e-mail address, telephone listing, birthplace and date, major fields of study, participation in officially recognized activities and sports, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended, may be released by the institution without consent of the student unless the student has asked Southern to withhold such information.

The law also provides for the release of information to university personnel who demonstrate a legitimate educational interest, other institutions engaged in research (provided information is not revealed to any other parties), and certain federal and state government officials.

A student may inspect and review records and is entitled to challenge the content of records. Students may access online a history of their coursework, grades, and degree audit.

A more thorough explanation of records may be obtained from the Records and Advisement Office. The Director of Records and Advisement will further explain and clarify the Family Educational Rights and Privacy Act to students, parents, or
interested parties upon request. A FERPA tutorial and quiz is available at southern.edu/records.

Thesis Requirement
When a thesis is required, the topic and research design must be approved and supervised by the School.

Student must submit to the School, two copies of the approved thesis, one of which will be placed in the McKee Library.

DNP Scholarly Project
For the DNP degree, a student is required to write a scholarly project and successfully defend it in an oral examination at an officially designated time and place.

Time Limit for Degree Completion
The time allowed for degree completion is listed for each school/degree in the table below.

Transfer Credit
Transfer students must complete 75 percent of the degree program at Southern Adventist University. Transfer credit may be applied toward the degree requirements for courses from an accredited institution of higher education with a minimum grade of B upon approval of the School.

Veterans Educational Benefits
VA benefits will be terminated if the student’s cumulative grade point average falls below 3.00. Practical training or Internships required for graduation may be certified to VA and must meet the same standards of progress as students pursuing resident courses.

Withdrawal from a Course
Withdrawals at 80% tuition refund automatically receive a W. The grade for any withdrawal during the final two weeks of a class will be an F.
**Enrollment**

**Advisement**
Each graduate student enrolled under regular and provisional admission status is assigned an adviser who provides academic counseling, approve course scheduling, and supervises research.

**Attendance**
Students must comply with the attendance policies for courses in which they are enrolled.

**Course Load for Intensive Classes**
No more than one credit hour per week for any given course may be earned. For every week of class instruction a maximum of one credit hour may be earned.

**Enrollment Status**
A semester load of nine graduate hours constitutes full-time status; five hours constitutes part-time status. Graduate students may enroll in a maximum of 12 hours unless special permission is obtained by petition to the Dean of Graduate Studies. Enrolling in a combination of graduate and undergraduate classes may affect compliance with status, loan deferment, and health insurance policies.

**Independent Study**
A maximum of six semester hours may be taken as independent study within the graduate degree.

**Medical Records**
Students attending on-campus classes are required to submit a completed Health Information form available at the University Health Center or online at southern.edu/universityhealth. Registration is not complete until this form is submitted.

**Online Programs**
Graduate programs are available online from the School of Business and Management, the School of Education and Psychology and the School of Nursing. Course offerings and their information are available at southern.edu/online or by calling Southern Online Office at 423.236.2087.

**Readmission**
A Southern graduate student who has not registered for courses at Southern for three consecutive terms (including summers), or two consecutive terms for summer intensives, must apply for admission. An admission application should be submitted to the Office of Graduate Studies at least two weeks prior to the desired reentry date or the application deadline required by the respective school. An official transcript showing all coursework taken in the interim at other institutions is required. The student is notified when Office of Graduate Studies and the School have taken action.
Reclassification
A student who wishes to change a program of study must submit a Request for Change of Graduate Program form, which is available online at graduatestudies.southern.edu. The form requires the signature of the Dean of the School in which admission was previously granted. No signature is needed if a student requests to change from non-degree status to a degree program or from one degree to another within the same School. The student must be in good standing for a revision to be processed. Acceptance into a new degree program is contingent upon review and recommendation by that School. If the student is not accepted into the program requested, he/she remains in the former program. The results of each request for program change are communicated to the student by mail or email.

Registration
Students must register online or on campus no later than the beginning of the second week of class.

Reinstatement Policy
Students not meeting progression and graduation candidacy requirements may appeal to the Graduate Council for reinstatement to a program.

Repeated Courses
Up to two courses may be repeated for the purpose of improving the GPA. This does not apply to students under provisional admission status.

Second Emphasis
Courses may be taken online or on campus toward a second emphasis; transfer credit does not apply. Each emphasis consists of additional credits totaling at least one-third the amount of credits required for the degree. Refer to the School for clarification. Credit hours may apply to only one emphasis.

Grade Policies

ACADEMIC POLICIES
Minimum Grades
Grades below C do not count toward graduate earned credit. A maximum of two
courses with earned C grades may count toward a master's degree. Students
accepted under provisional status are permitted one C grade providing the overall
GPA is 3.00 or above.
Requirements for the DNP degree are:
1. No grade below a B is allowed during the DNP program.
2. A course with a grade below B must be repeated.
3. One course may be repeated in the DNP program.

Petition and Academic Grievance Procedures

Academic Grievances
The student who believes that he or she has been unfairly treated or disciplined, may
enter into an academic grievance process. The student shall first discuss the
grievance with the instructor, within two weeks of the grievance, in an informal
conference. If the student believes that the solution is not appropriate, the student
may submit the grievance, in writing, to the Dean of the School within four weeks of
the informal conference. If the student believes that the resolution facilitated by the
Dean is not appropriate, the student can appeal to the Dean of Graduate Studies
within six weeks of the informal conference. The Dean of Graduate Studies will ask
the Graduate Council to appoint a Grievance Committee according to the policies of
the Employee Handbook. The decision of the Grievance Committee shall be final.

Academic Integrity
Students are expected to practice academic integrity. The penalties for dishonesty
including plagiarism may include the following:
1. Receive a failing grade on the exam, assignment, or project.
2. Receive a failing grade in the class.
3. Resubmit the assignment with a reduced value for the completed work.
4. Complete a paper, project, or activity that improves the student's understanding
   of the value and nature of academic integrity.
5. Dismissal from the University.

Disability Services
Southern is in compliance with Section 504 of the Rehabilitation Act (1973) and is
dedicated to the elimination of architectural and prejudicial barriers which prevent
any qualified person from attending. Southern has designated Disability Support
Services (DSS), located on the third floor of Lynn Wood Hall, to provide academic
disability services according to the provisions of applicable disability law.
The University does not assume the responsibility of identifying students who qualify
for accommodations or special services. The student must 1) voluntarily and
confidentially identify to the Disability Services Coordinator (DSC) as having a
qualifying disability and 2) provide appropriate documentation to be certified to receive accommodations.

Students with physical or academic disabilities that could impact their learning experiences at Southern must contact DSS, by phone (423.236.2574) or in person (LWH 308), to schedule an appointment with the DSC. Students are to make this contact no later than the first three weeks of the semester. Otherwise, the process of certifying eligibility and arranging for reasonable accommodations might not be completed in time to meet their needs before mid-term. Students who make initial contact with DSS after the first month of the semester should not expect to receive accommodations for that semester.

More information about services, as well as the requirements and processes involved in qualifying for accommodations at Southern, are available online at dss.southern.edu.

**Petitions**

Students may petition the Graduate Council for policy exceptions. Petitions should include reasons for the request. Petition forms are available online at southern.edu/records or at the Records and Advisement Office.
School of Business and Management

Dean and Program Coordinator:
Graduate Enrollment Counselor: Linda Wilhelm
Faculty: Michael Cafferky, H. Robert Gadd, Julie Hyde, Rob Montague, Braam Oberholster, Cliff Olson, Dennis Steele, Jon Wentworth
Adjunct Faculty: Neville Webster, Gunter Wessels, Ben Wygal

Mission Statement
The mission of the School of Business and Management lies within the mission of Southern Adventist University. The mission of the School of Business and Management is to develop Christ-centered business leaders who integrate knowledge and application with high moral values.

Objectives
In order to carry out this mission, the Graduate School of Business and Management seeks to accomplish the following goals for each master emphasis:

1. To give the student a broad background of knowledge of the free enterprise system within a framework of moral and ethical guidelines.
2. To assist the student in developing a sound Christian philosophy toward our current economic environment and the ever-changing business world of the future.
3. To provide the student with a quality academic program at the graduate level with skills required for today's job placement.
4. To prepare the student to serve in a position of business leadership.
5. To provide the necessary academic background for entrance into terminal degree programs in business or related areas of concentration and obtain professional degrees.

Degrees Offered
The School of Business and Management offers a Master of Business Administration (MBA), Master of Financial Management (MFM), and a Master of Science in Administration (MSA). In conjunction with the School of Nursing, a Master of Science in Nursing/Master of Business Administration degree is offered (MSN/MBA).

Online Program
The Master of Business Administration (Management and Healthcare Administration emphases) degree program is available online. You may contact southern.edu/business or the School of Business and Management (423.236.2751) for more information.
Accreditation
Southern Adventist University has received specialized accreditation for its business and business-related programs through the International Assembly for Collegiate Business Education (IACBE), Olathe, Kansas. The following degree programs are accredited by the IACBE:

- Bachelor of Business Administration degree
- Bachelor of Science degrees in Business Administration, Corporate Community Wellness Management, Long-Term Care Administration, Nonprofit Management, and Sports Studies
- Master of Business Administration
- Master of Financial Management
- Master of Science in Administration

Prerequisites for Admission
Students with a non-business undergraduate background may be required to take specific courses in accounting and/or finance.

Admission Requirements
The School of Business and Management considers both qualitative and quantitative factors when considering an applicant’s acceptance into its graduate programs. While no single formula exists for determining acceptance, the following factors are considered: undergraduate GPA, GMAT score, undergraduate degree, work experience, and the application essay. These factors, as well as additional factors, are considered in determining the applicant’s potential for success in our graduate programs as well as success in a business career upon completion of our program.

In addition to the general admission requirements for graduate study, a candidate for a Master of Business Administration, Master of Financial Management, or a Master of Science in Administration will comply with the following requirements unless noted otherwise in specific degree requirements:

1. A Bachelor’s degree from an accredited institution in any major.
2. A cumulative undergraduate grade point average of 3.00 or higher.
3. A Graduate Management Admissions Test (GMAT) taken within the past five years. An applicant with an undergraduate degree from an accredited U.S. college or university, and who has an undergraduate GPA of 3.25 or above, or a GPA of 3.00 and five years of full-time business-related management experience may be admitted without a GMAT score.
4. International students must provide an official GMAT score as a prerequisite for acceptance. In addition they must have a TOEFL score of at least 600 (paper based)/250 (computer-based)/100 (Internet-based), having taken the test within the past year or demonstrate proficiency in the use of the English language.
Provisional Admission
A student accepted on academic provisional basis may be admitted to regular status upon the completion of 12 credit hours taken through Southern with a minimum grade of B in each course. Students are not permitted to repeat courses in order to satisfy this requirement. Students who do not satisfy this requirement will not be permitted to continue in the program.

The above provision does not apply to students accepted provisionally for other reasons.

Admission to the Programs
Full-time students may be admitted into the program during the fall semester. Part-time students may enter the program at the beginning of fall or winter semester.

Time Limits
The programs are structured to meet the needs of the part-time as well as the full-time student. Normal progress through the programs for the full-time student will be four courses per semester. Normal progress for part-time students will be one or more courses per semester. The time allowed from enrollment to the graduate program to the conferring of the Master of Business Administration degree may not exceed five years. Application for an extension will be considered on an individual basis.

Residence
The last 30 semester hours (24 hours for the MFM and MSA) must be taken through the Southern Adventist University School of Business and Management.

Transfer Credit and Progression
1. A maximum of six semester hours with a minimum grade of B may be transferred into the program to satisfy graduation requirements provided they are equivalent to course requirements.
2. A course may be repeated one time for the purpose of improving the GPA. A maximum of two courses may be repeated.

Second Emphasis
Each emphasis must include a minimum of 12 hours that do not overlap with any other emphasis.

Graduation Requirements
A candidate must:
1. Complete an application to graduate, which must be filed with the Records and Advisement Office two months prior to the anticipated graduation date.
2. Complete all coursework with a minimum grade-point-average of 3.00, including no more than two classes with a grade below B-. Classes with a grade below a C will not be counted for credit toward the master’s degree.
The Master of Business Administration program consists of 36 hours of courses (24 core and 12 emphases). The regular schedule is a three-semester regimen of four courses each.

The emphases in the MBA are:

- Accounting
- Customized
- Finance
- Healthcare Administration (Southern Campus, Online)
- Management (Southern Campus, Online)
- Marketing Management
- Nonprofit Leadership
- A dual degree program (Master of Science in Nursing (MSN/MBA) is offered in conjunction with the School of Nursing. This program is offered on campus and online. (see SON section for details.)

Applicants without undergraduate accounting and finance courses will be required to complete prerequisite accounting and finance courses (see Prerequisites for Admission Requirements). Prerequisites can be taken in conjunction with the graduate program.

A customized emphasis is available to students who have a clearly defined academic objective not covered by existing emphases. This program must be worked out with the Dean in advance.

MASTER OF FINANCIAL MANAGEMENT, M.F.M.

The Master of Financial Management is designed to meet the needs of three distinct groups of applicants: (1) applicants who have completed an undergraduate degree in accounting, (2) applicants who have completed an undergraduate degree in finance, (3) students pursuing a dual BBA-FM/MFM degree. Graduate admission requirements for each group is listed below.

Applicants without an accounting or finance undergraduate degree will be required to complete prerequisite accounting and finance courses (see Admission Requirements).

Admission Requirements

In addition to the admission requirements for graduate study and SBM admissions requirements, a candidate for a Master of Financial Management will comply with the following requirement:

A Bachelor’s degree from an accredited institution in accounting, finance, or financial management. Applicants with a bachelor’s degree in another area are required to add ACCT 505, ACCT 507, ACCT 508, and FNCE 505 to their programs unless they can show credit for such courses at the undergraduate level.

MASTER OF SCIENCE IN ADMINISTRATION, M.S.A.

The Master of Science in Administration degree is designed for students with a non-business undergraduate background or who desire further preparation in leadership. Students with an undergraduate degree from an accredited four-year institution may be accepted in the program with minimum prerequisites upon compliance with the admission requirements for graduate study.

The emphases in the MSA are:
- Church Administration
- Customized (See below)
- Nonprofit Leadership
- Outdoor Education

Admission Requirements
In addition to the admission requirements for graduate study, a candidate for a Master of Science in Administration will comply with the following, if required:
In some instances a Graduate Management Admissions Test (GMAT) taken within the past five years.

Admission to the Program
The program is designed for part-time students. Part-time students may enter the program at the beginning of any semester based on when courses are offered.
Courses for the Master of Science in Administration

The program consists of 30 hours of courses including six courses (18 hours) in the business area and the emphasis of four courses (12 hours) in the professional area. In addition, students who have not taken undergraduate accounting must take ACCT 505 or equivalent. School of Computing

Dean: Richard Halterman
Program Coordinator:
Faculty: Scot Anderson, Tyson Hall, Richard Halterman, Timothy Korson

Mission Statement
The mission of Southern Adventist University’s School of Computing is to provide an exemplary Christian learning environment that enables students to become Christian computing professionals, who, in addition to being competent in their chosen profession, realize their responsibility to God, church, family, employer, colleagues, and society.

MASTER OF SCIENCE IN COMPUTER SCIENCE, M.S.
• Emphasis in Computer Science
• Emphasis in Embedded Systems

Prerequisites for Admission
Students with undergraduate degrees in Computer Science from non-ABET accredited programs and students with an undergraduate degree in an area outside of Computer Science may be required to take specific prerequisite undergraduate courses in computer science or embedded systems prior to admission.

Admission to the Program
An applicant for the Master of Science in Computer Science will comply with the following requirements:
1. A BS in Computer Science degree from an ABET-accredited program, or a four-year undergraduate degree in Computer Science or related program with permission.
2. Cumulative undergraduate grade point average of 3.00 or higher.
3. International students must have a TOEFL score of at least 600 (paper-based)/250 (computer-based)/100 (Internet-based) having taken the test within the past year or demonstrated proficiency in the use of the English language.
4. Students may be admitted to the program at the beginning of both fall and winter semesters

Provisional Admission
A student accepted on provisional basis may be admitted to regular status upon the completion of 12 graduate credit hours taken through Southern with a minimum grade of B- in each course. Students are not permitted to repeat courses in order to
satisfy this requirement. Students who do not satisfy this requirement will not be permitted to continue in the program.

**Permission to Take Classes**
Before the end of their junior year students wishing to complete the BS/MS dual-enrollment program should request and be granted permission to take graduate classes. Undergraduate students need to receive at least a B- in each graduate course to continue.

**Time Limits**
Graduate students will normally take two courses per semester (6 hours) for four semesters (24 hours). During the second year of the program students will add the project/thesis course to the normal course load giving a total of nine hours per semester (an additional 6 hours). Normal progress of part-time students will be one or more courses per semester. The time allowed from graduate program enrollment to the conferring of the Master of Science in Computer Science degree may not exceed five years. Application for an extension will be considered on an individual basis.

**Residence**
The last 27 hours must be taken through Southern Adventist University School of Computing. Project/Thesis credit hours must be taken in residence.

**Transfer Credit and Progression**
1. A maximum of six semester hours with a minimum grade of B may be transferred into the program to satisfy graduation requirements provided they are equivalent to courses required for the degree.
2. A maximum of two courses may be repeated one time for the purpose of improving the GPA.

**Graduation Requirements**
A candidate for graduation must:
1. Complete an application to graduate, which must be filed with Records and Advisement at least two months prior to the anticipated graduation date.
2. Complete all required coursework with a minimum GPA of 3.00, including no more than two courses with a grade below B-. Courses with a grade below a C will not be counted for credit toward the MS in Computer Science degree.
3. Successfully complete and defend a project or thesis.
   - A project consists of significant individual development work. In the process the student will successfully complete an approved Project Proposal and publicly defend a final Project Report that meets the standards defined on the School of Computing web site.
   - The Thesis consists of a body of original scholarly work completed by an individual student. In the process the student will successfully complete an
approved Thesis Proposal and publicly defend a thesis that meets the standards defined on the School of Computing web site.

- After all coursework has been completed and the student has taken the required 6 hours of project/thesis credit, the student must take at least one project/thesis credit per semester until the project/thesis is completed and accepted.

**Options for Completing the MS in Computer Science**

The Master of Science in Computer Science program can be completed in two ways. First, the coursework can be completed in a traditional two-year program following the student’s completed undergraduate program. Second, the coursework can be completed in conjunction with the School of Computing’s undergraduate Bachelor of Science in Computer Science program. The coursework for both the BS and MS programs can be completed in approximately five years with some summer coursework required. The graduate courses are taken during the fourth and fifth years. Applicants should consult with a Southern Adventist University financial adviser to discuss the financial aid ramifications of these options.

Mission Statement
The mission of the School of Education and Psychology at Southern Adventist University is to prepare effective Christian professionals who demonstrate a commitment to the pursuit of truth, wholeness, and a life of service in a diverse society.

Degrees Offered
The School of Education and Psychology offers a Master of Science degree with two emphases in Counseling and a Master of Science in Education degree with three emphases.

The emphases in Counseling are:
- Clinical Mental Health Counseling
- School Counseling

The emphases in Education are:
- Instructional Leadership
- Literacy Education
- Outdoor Education

Delivery Formats
Most graduate courses in the School of Education and Psychology are offered in a face-to-face format. Certain courses, however, are offered in online, hybrid, and/or intensive seminar formats. For online course availability and more information visit southern.edu/online or contact the Southern Online office at 423.236.2087.
General Information

Admission

1. **GPA Requirement:** A minimum of 3.25 grade point average on the undergraduate level or a 3.00 average (with no grade lower than a B-) on a minimum of 9 semester hours of graduate credit is required.

2. **TOEFL:** International students whose language of education is not English must submit their score on the Test of English as a Foreign Language (TOEFL). A minimum score of 600 on the paper-based test, 250 on the computer-based test, or 100 on the Internet-based test is required for regular admission.

3. **Statement of Purpose:** Prior to the faculty interview (see program-specific requirements), candidates are to complete a written “Statement of Purpose” regarding their motivation for joining the particular graduate program and what they hope to gain from the program.

4. **Background Check:** Applicants must submit evidence of having passed a Tennessee Bureau of Investigation (TBI) background check and affirm that they are not registered sex offenders on the Tennessee Sex Offender Registry. Legal declaration and waiver forms are available from the School of Education and Psychology. If the applicant is currently working in a state other than Tennessee, a TBI-comparable background check from that state must be submitted.

5. **Résumé:** Applicants are to submit a professional résumé.

6. **Admission Approval:** Receive program admission approval from the appropriate admissions committee.

Regular admission may be granted when the applicant meets all admission requirements, including program-specific requirements. Individuals who lack a general graduate or program-specific requirement may be considered for provisional admission on an individual basis. In terms of GPA, individuals with an overall undergraduate grade point average of less than 3.25 may be considered for provisional admission if the grade point average of their upper division (300- and 400-level) courses exceeds a 2.75. Provisional acceptance may not extend beyond 9 credit hours, and is not extended to international students.

Transfer students seeking admission to a graduate program in the School of Education and Psychology may be granted provisional status if their incoming graduate GPA meets the minimum criterion of 3.00. Regular admission status may be granted upon successful completion of six hours in the area of emphasis (with a 3.00 average GPA and with no grade lower than a B-) and upon recommendation of the emphasis coordinator.

Credits taken while an individual is under “non-degree status” will be counted as “transfer credit” toward a graduate program in the School of Education and Psychology.
Admission to Candidacy
In order to enroll in Clinical Internship, MS in Counseling students must be admitted to candidacy. MSEd students must be admitted to candidacy in order to progress beyond the completion of 24 credit hours in their program. Students should refer to program-specific requirements for additional details.

Program Completion
To graduate from a Master of Science program in education or counseling, a candidate must complete all Southern and School of Education and Psychology requirements. See program-specific requirements for more information.

MASTER OF SCIENCE IN COUNSELING, M.S.
The mission of the Master of Science in Counseling program is to facilitate the comprehensive development of counselors as servant leaders in their communities. Articulated in the language of the program’s conceptual framework, the goal is to provide opportunities for candidates to become effective as caring persons, as informed facilitators, as reflective decision makers, and as committed professionals. Within this framework, the objectives of the Master of Science in Counseling program are to prepare graduates who demonstrate the following:

- Evidence of personal and professional dispositions essential for counseling practice;
- Evidence of the knowledge, skills, and practices necessary to implement ACA and/or ASCA professional standards for counseling practice in a multicultural and pluralistic society;
- Evidence that they actively identify with the counseling profession and have knowledge of current developments in the counseling field.

Admission to the Program
In addition to Southern and School of Education and Psychology admission requirements for graduate study, a candidate for the Master of Science program with emphases in Clinical Mental Health Counseling or School Counseling must comply with the following requirements in order to be admitted in regular standing:

1. **Prerequisite Coursework:** The completion of a minimum of 6 credits in psychology or behavioral sciences on the upper-division undergraduate or graduate level plus one class in research and/or statistics is required. [Note: If taken at the graduate level, these courses will not be counted as part of the graduate program.]

2. **Recommendations:** Three letters of recommendation, including one academic and one professional, from recent sources, are required. Letters are required and additional recommendation forms (to be attached to letters) are available from the Graduate Studies Office or online at southern.edu/graduatetestudies.
3. **Interview:** An interview by Counseling area faculty to assess the candidate’s values, commitment to multiculturalism, attitudes, and communication skills. This interview will be conducted prior to the candidate’s regular admission.

4. **Personality Test:** Results from the 16 PF personality test must be on record prior to completion of faculty interview. Contact the School of Education and Psychology Graduate Enrollment Counselor for instructions.

**Progression**

Progression in the program may be inhibited by a variety of circumstances. Regular evaluations of students’ personal and professional dispositions are conducted by the program faculty, Practicum/Internship supervisors, course instructors, assistantship supervisors, and/or others involved with students’ training. Student academic standing is also monitored regularly via course grades and GPA.

Should any aspect of an evaluation indicate that a student needs improvement in a given area, the student is subject to advisement and consideration regarding program progression. Personal counseling is available free of charge to enrolled students via the university’s Student Success Center. Student may call Counseling Services at 423.236.2782 for more information or for appointments. Additional information regarding student evaluations and due process can be found in the counseling Student Handbook, available from the School of Education and Psychology. The School of Education and Psychology reserves the right to deny or revoke admission should a candidate be deemed inappropriate for a counseling degree.

**Admission to Candidacy**

MS in Counseling students cannot progress to Clinical Internship without being admitted to candidacy. MS in Counseling students must complete the following requirements for admission to candidacy.

**Application:** Submit an application to candidacy.

1. **GPA:** Maintain a minimum graduate grade point average of 3.00.

2. **Program Survey:** Submit a completed Program Survey. This form is available from the School of Education and Psychology.

3. **Dispositions Assessment:** Obtain from the area of emphasis coordinator an evaluation of proficient or higher on each of the core areas identified on the Dispositions Assessment form.

4. **Professional Membership:** Present documentation of membership in a professional organization.

5. **Admission Approval:** Receive approval for Admission to Candidacy from the Counseling Programs Council.

**Field Experiences**

Students must apply for Practicum II and Internship before the end of the semester prior to when they register for the class. (They will not be required to re-submit an
application to Internship for each semester in which they register.) Notification of
approval/denial of Practicum II/Internship application will be done in writing by the
Graduate Enrollment Counselor.

Students must complete Practicum II prior to registering for and/or accruing hours
for Internship. No counseling student can accumulate Clinical Internship hours
unless they have received written notification of approval from the Counseling
Programs Council, are registered for Internship, and have received corresponding
approval from the faculty supervisor. If students need to extend sessions with clients
and have completed the necessary Practicum II requirements and prerequisites for
Internship, they may, however, register for 1 credit of Internship and begin collecting
hours toward completion of Internship, provided that the appropriate supervision is
available.

To register for Internship, a minimum of 29 credits must be completed for School
Counseling, and 44 credits for Clinical Mental Health Counseling. A student who is
seeking a double-emphasis degree must complete separate fieldwork (e.g.,
Practicum II and Internship) settings for each emphasis. External supervisors of
internship or practicum must meet the following criteria: (a) three years experience in
current position (b) licensure in respective area, and (c) recommendation by the
school or agency administration.

Program Completion

To graduate from a Master of Science program in counseling, a candidate must
complete all Southern and School of Education and Psychology graduation
requirements. In addition, the candidate must complete the following requirements:

   examination designed by the faculty, or successfully defend a Master's thesis. If
   a comprehensive exam is chosen, the responses will be evaluated in terms of
   accuracy of information, breadth and depth of knowledge, and written
   communication skills. Note: All comprehensive exams must be written on-
campus, as scheduled (once each semester). Students with a double emphasis
will need to perform two sittings of the comprehensive—one for each area of
emphasis.

2. Field Experience Diversity (School Counseling candidates only): Submit a
   completed Field Experience Diversity form. This form is available from the
   School of Education and Psychology.

3. Case Study: Receive a passing score on the MS Counseling case study.

4. Praxis Exam (School Counseling licensure candidates only): Successfully
   complete the Praxis Series Specialty Test: Professional School Counselor.

MASTER OF SCIENCE IN EDUCATION, M.S.ED.

The goal of the Master of Science in Education program is to facilitate the comprehensive development of educators as servant leaders in their communities. This goal is realized by providing opportunities for candidates to become effective in the following roles: (a) a caring person, (b) an informed facilitator of learning, (c) a reflective decision-maker, and (d) a committed professional. These then lay the foundation for professional excellence and constitute the core objectives of the Master of Science in Education program.

Admission to the Program

In addition to the University and School of Education and Psychology admission requirements for graduate study, an applicant to the Master of Science in Education program will comply with the following requirements in order to be admitted in regular standing:

1. **Prerequisite Coursework:** Completion of a minimum of nine semester credits in undergraduate education courses (or in a graduate education courses which will not be counted as a part of the graduate program). Applicants to the Master of Science in Education with an Outdoor Education emphasis are exempt from this requirement.

2. **Recommendations:** Submission of two professional recommendations. Forms are available from the Graduate Studies Office.

3. **Educational Experience (Instructional Leadership Only):** Verification of two years successful teaching experience in a public school or non-public school, preK-12, that is approved by a recognized accrediting agency or approved by a state department of education; an institution of higher education approved by a regional accrediting association; U.S. government teaching programs; teacher exchange programs; or teaching in the armed forces of the United States.

Admission to Candidacy

MSEd students cannot progress beyond the completion of 24 credit hours in their program requirements without being admitted to candidacy. MSEd students must complete the following requirements for admission to candidacy.

1. **GPA:** Maintain a minimum graduate grade point average of 3.00.

2. **Program Survey:** Submit a completed Program Survey. This form is available from the School of Education and Psychology.

3. **Dispositions Assessment:** Obtain from the area of emphasis coordinator an evaluation of proficient or higher on each of the core areas identified on the Dispositions Assessment form.

4. **Midpoint Professional Portfolio:** Receive an overall score of proficient or higher on the midpoint Professional Portfolio.

5. **Professional Membership:** Present documentation of membership in a professional organization.
6. **Position Paper:** Receive a score of proficient or higher on each of the components of the program-specific position paper. This paper will be completed in EDAD 520 for Instructional Leadership, EDLE 567 for Literacy Education, and EDOE 543 for Outdoor Education.

7. **Admission Approval:** Receive approval for Admission to Candidacy from the MSEd Advisory Council.

**Field Experiences**

Candidates in the MSEd programs are required to conduct research as a component of Clinical Practice. The proposal will typically be developed as part of the graduate research course. The results of the research study are to be made available as a resource for faculty and colleagues.

Candidates engaged in a MSEd clinical practice experience must document impact on student learning, typically evidenced through analysis and reflections on pre- and post-assessments results. Furthermore, all candidates involved in field experiences are to complete the Diversity Form, available from the School of Education and Psychology.

**Program Completion**

To graduate from a Master of Science program in education, a candidate must complete all Southern and School of Education and Psychology requirements. In addition, the candidate must provide evidence of the following:

1. **Portfolio:** Submit and receive approval on a Professional Portfolio containing specific evidences as indicated in the Professional Portfolio Handbook for Advanced Programs. In order to be approved, the portfolio must receive a score of proficient or higher on each element of the Advanced Professional Portfolio Evaluation.

2. **Research Implementation:** Receive a score of proficient or higher on each of the components of the Research Implementation Evaluation.

3. **Field Experience Diversity:** Submit a completed Field Experience Diversity form. This form is available from the School of Education and Psychology.

4. **Comprehensive Questions:** Successfully respond to comprehensive questions. Candidates will respond to two core assessments, as well as two questions specific to the area of emphasis. The responses to the comprehensive questions are incorporated into the Professional Portfolio and will be evaluated in terms of accuracy of information, breadth and depth of knowledge, and written communication skills.
Courses for the Master of Science in Education

One of the following emphases is to be selected:

EMPHASIS IN INSTRUCTIONAL LEADERSHIP

The emphasis in Instructional Leadership seeks to prepare candidates to be exemplary teachers, while allowing the incorporation of content area knowledge. Candidates will be equipped with a wide repertoire of research-based teaching strategies and with the knowledge and skill to design and deliver instruction to meet the needs of diverse student populations.

The emphasis in Instructional Leadership with an administration concentration seeks to prepare education leaders for school principal and superintendent roles.

The **REQUIRED courses are as follows**

- EDAD 520 - Foundations of Instructional Leadership *3 hours*
- EDIL 546 - Improving Instruction *3 hours*
- EDIL 561 - Instructional Design *3 hours*
- EDUC 531 - Technology and the Educator *3 hours*
- EDUC 588 - Statistics *3 hours*
- EDUC 591 - Methods of Educational Research *3 hours*
- EDIL 594 - Clinical Practice *3 hours*
  - or EDAD 594 - Clinical Practice *3 hours*

**Subtotal 21 Hours**

Select eighteen (18) hours from an area (e.g. EDAD, EDLE, EDOE, or other content area, such as math, science, English, or history). This program is intended for advanced study in an area of existing certification and thus allows the transfer of up to 18 graduate credits in a specific content area from an accredited institution of higher education. The candidate must present a rationale for the inclusion of these courses in his or her program of study, which must then be approved by the MSEd Advisory Council.

Individuals interested in pursuing a course of study in administration (e.g. school principal or superintendent) must select their 18 hours from courses with the EDAD prefix. These individuals should also complete the EDAD, rather than the EDIL, internship.

EMPHASIS IN LITERACY EDUCATION

The Master of Science emphasis in Literacy Education is designed to empower classroom teachers to keep learners at the heart of all literacy instruction, while responding to the demands of research-based pedagogical practice mandated by federal initiatives such as No Child Left Behind. The Literacy Education program
focuses on enhancing classroom pedagogy with a goal of teaching differently. Because most courses contain a significant application component, teachers are given ample opportunities to translate theory into practice.

The REQUIRED courses are as follows

- EDLE 527 - Implementing Reading Workshop 3 hours
- EDLE 537 - Implementing Writing Workshop 3 hours
- EDLE 565 - Critical Thinking in Content Literacy 3 hours
- EDLE 567 - Literacy Instruction in Primary Classrooms 3 hours
- EDLE 573 - The Art of Teaching Writing 3 hours
- EDLE 586 - Professional Applications in Literacy 3 hours
- EDLE 594 - Clinical Practice 3 hours
- EDUC 531 - Technology and the Educator 3 hours
- EDUC 577 - Reading Assessment and Remediation 3 hours
- EDUC 588 - Statistics 3 hours

**EMPHASIS IN OUTDOOR EDUCATION**

The emphasis in Outdoor Education is designed for outdoor professionals, youth workers, classroom teachers, or anyone who wants to more effectively use God’s book of nature in teaching and outdoor programming. Generally, the classes and field experiences involve examining, evaluating, developing, and implementing outdoor education programs. Activities, such as canoeing, kayaking, backpacking, and rock climbing, are included as part of many of the courses, but are not the primary focus. Students can complete their coursework in three to four semesters, and may choose from two attendance options.

**Option 1: The Outdoor Professional Intensives**

These intensive sessions are designed for outdoor professionals (camp directors, naturalists, etc.) who need to continue working while enrolled in classes. To accommodate the work schedules of such professionals, each semester requires attendance at a ten-day intensive, with additional projects and/or assignments to be completed individually in an outdoor setting after the session. Online coursework is also utilized. Participation in these intensive sessions represents a commitment to the outdoor education field and is an opportunity for students to test their skills, knowledge, desires, and career goals while sharing topics of discussion and interest with the instructors and each other. Students in this attendance option must be
employed by or have access to an outdoor facility in order to complete the field experiences required.

**Option 2: The Classroom Teacher Summer Field School**

The summer field school attendance option is designed for K-12 teachers who would like to use outdoor laboratories to enrich the classroom curriculum. Typically the student will attend three consecutive summer field school sessions in order to complete the degree. Internships allow the teacher to network with outdoor professionals in their home community. Resources used for internships typically include nature centers, parks, zoos, aquariums, museums, and government agencies offering outdoor education programming for teachers and schools. Some students may also elect to do Independent Study. Independent Study allows the teacher to develop outdoor units of study for use in their classrooms. All students attending the summer field school should come prepared with outdoor appropriate clothing and basic camping gear. Suggested schedules for summer field school and a list of items typically required for classes are available from the School of Education and Psychology.

Mission Statement
The mission of the School of Nursing is to provide a Christian learning environment that values academic excellence and fosters personal and professional growth to meet the diverse needs of individuals, families, and communities.

The School of Nursing’s graduate programs are designed to provide opportunities for advanced practice and upward mobility within healthcare. The purpose of the graduate programs is to provide master’s and doctoral level SDA Christian nursing education for individuals who desire to serve local communities and the Seventh-day Adventist world church in advanced nursing roles.

Degrees Offered
The School of Nursing offers Master’s and Doctoral degree programs.

Master’s Degrees:
The School of Nursing offers a Master of Science in Nursing with the following emphases:

• Acute Care Nurse Practitioner - Adult/Gerontology
• Adult/Gerontology Nurse Practitioner
• Family Nurse Practitioner
• Nurse Educator (available on campus and online)

The School of Nursing in collaboration with the School of Business and Management offers a dual degree:

• Master of Science in Nursing/Master of Business Administration (MSN/MBA)— (available on campus and online)

The School of Nursing offers an accelerated RN to MSN program for Registered Nurses with an Associate Degree or Diploma in nursing. The emphases include:

• Acute Care Nurse Practitioner - Adult/Gerontology
• Adult/Gerontology Nurse Practitioner
• Family Nurse Practitioner
• Nurse Educator (available on campus and online)
The School of Nursing offers a post-Master’s certificate in the following emphases:

- Acute Care Nurse Practitioner - Adult/Gerontology
- Adult/Gerontology Nurse Practitioner
- Family Nurse Practitioner
- Nurse Educator (available on campus and online)

The School of Nursing offers a Doctor of Nursing Practice with the following emphases:

- Acute Care - Adult/Gerontology (online)
- Acute Care Specialization (online)
- Lifestyle Therapeutics (online)

**DOCTOR OF NURSING PRACTICE, D.N.P.**

- Emphasis in Acute Care Adult/Gerontology
- Emphasis in Acute Care Specialization
- Emphasis in Lifestyle Therapeutics

**DNP Overview**

The DNP program is designed as an online post-master’s degree program for nurse practitioners wishing to expand their scope of practice. The program is based on the Essentials of Doctoral Education for Advanced Nursing Practice guidelines put forth by the American Association of Colleges of Nursing (AACN, 2006). Applicants who are not yet certified in an advanced practice nurse practitioner role who are interested in the DNP program may apply, but can expect additional program requirements in order to meet NP certification requirements prior to completion of DNP coursework. This coursework may be done concurrently with DNP courses as schedule permits.

**Accreditation**

The Doctor of Nursing Practice (DNP) degree program has have initial approval from the Southern Association of Colleges and Schools (SACS). A campus visit for final approval is anticipated. The National League for Nursing Accrediting Commission (NLNAC) has accepted the candidacy application for the DNP program. Full program accreditation is based on a campus visit prior to graduation of the first student cohort.

**DNP Admission Requirements**

Admission to the DNP program is achieved in three (3) consecutive steps:

1. General University admission – documents submitted to graduate studies office
   - Graduate Application
   - Official transcripts from undergraduate and graduate schools attended, documenting a minimum cumulative graduate GPA of 3.00 and evidence of
The DNP program is designed as an online five-semester program (fall-winter-summer-fall-winter) with three campus visits of approximately four days each scheduled in the first, third and fifth semesters. Students will be accepted into the program as a cohort and progress through the curriculum as a unit. An initial cohort will be admitted in the fall of 2012. A second cohort will be accepted in the fall of 2014. Cohorts will be accepted annually thereafter.

Application Deadlines
All documents for Step 1 and Step 2 of the admission process must be complete prior to July 20, 2012 for fall 2012 admission, and by May 1, 2014 for fall 2014.
admission. Application will be prioritized for review based on an applicant’s level of education, work experience, and completion of all items of the application process.

**Applicant Notification of Admission Status**

Applicants will be notified in writing of the DNP Admissions Committee’s decision within one month following the published application deadline. Initial cohort will receive notification of acceptance prior to July 30, 2012.

**Time Limits**

The program is designed to meet the needs of working adults. Students typically complete two to three courses each semester. Course loads range from six to nine hours per semester. Students who are unable to take a full load of classes will be eligible to take a missed class with the next cohort. The total time allowed to complete the program from enrollment in the program to the conferring of the DNP degree may not exceed five years. An application for an extension will be considered on an individual basis.

**Progression**

A criminal background check and drug screen are required of all students upon enrollment. Background checks are paid for and completed by the student online. Drug screens are facilitated by the School of Nursing Graduate Enrollment Counselor and University Health Services. Additional screening may be done at random. Progression may be adversely affected by negative background or drug screen reports.

Student academic standing is monitored regularly for incomplete, unsatisfactory or low course grades and GPA. Students noted to have difficulties in any of these areas are subject to advisement and consideration regarding program progression. In general the following rules apply to progression:

1. No grade below a B is allowed during the DNP program.
2. A course with a grade below B must be repeated.
3. One course may be repeated in the DNP program.

**Residence**

Of the designated credit hours required to complete the differing tracks of the DNP program, the last 20 semester hours must be taken through the Southern Adventist University School of Nursing. Seventy-five percent of program requirements must be completed at Southern Adventist University. Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School of Nursing.

**DNP Graduation Requirements**

1. Completed application to graduate, to be filed with the Records and Advisement office a minimum of two months prior to expected graduation date.
2. Complete all coursework with a minimum grade-point-average of 3.00

Accreditation

All Master of Science degree programs are approved by the Tennessee Board of Nursing and fully accredited by the National League for Nursing Accrediting Commission (NLNAC).

MSN Admission Requirements

1. Completed graduate application.

2. A baccalaureate degree with a major in nursing from a recognized college or university with an accredited program.

3. Current licensure as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee. A Georgia license is strongly encouraged for nurse practitioner students. Online students must have current licensure in the state or country of practice.

4. Three hours in statistics.

5. An undergraduate GPA of 3.00 or better. If the candidate has previously taken 12 or more graduate credits from another college or university, the graduate GPA may be substituted for the undergraduate GPA.

6. Applicants with less than a 3.00 grade point average may be admitted provisionally. Students initially granted provisional acceptance may progress through the program with a maximum of one C grade.

7. Personal interview and two professional references.

8. A minimum of one year (2,000 hours) of current nursing experience. Acute care nurse practitioner program applicants must have a minimum of two years (4000 hours) of nursing experience and have substantive experience in critical care or a related area, and submit documentation of critical care skill set with application.
9. International students must have a TOEFL score of at least 600 (paper-based), 250 (computer-based), or 100 (Internet-based) with testing within the past year.

Admission to the Program
Full or part-time students may be admitted to the program during the fall or winter semesters.

Application Process
1. Submit completed Southern nursing graduate application and all required documents for University admission to the Graduate Studies Office prior to May 1 for fall admission, and by October 1 for winter admission. Priority is given to most qualified applicants based on level of education, work experience, and completion of all items of the application process. Enrollment in the nurse practitioner emphasis is limited.
2. Arrange for a personal interview with a School of Nursing graduate faculty prior to the application deadline.
3. Provide proof of current Tennessee RN licensure or multistate RN licensure, current immunizations, recent physical examination, and healthcare provider CPR certification to School of Nursing MSN Enrollment Counselor.

Applicant Notification of Admission Status
1. Files of applicants who have completed the application process (steps 1 - 3 above) will be considered for program admission by the School of Nursing Graduate Admissions Committee at scheduled meetings in May and October.
2. Applicants will be notified in writing of the Admissions Committee’s decision within one month following the published application deadline (typically by June 1 or November 1).

Time Limits
The program is arranged to meet the needs of part-time and full-time students. Normal progression through the program for the full-time student requires registration for 9 to 12 hours per semester and takes four regular semesters. Normal progression for the part-time student requires registration for a minimum of one course per semester. Time permitted from enrollment in the program to conferring of the MSN degree may not exceed five years. Application for an extension will be considered on an individual basis.

ACCELERATED RN TO MASTER OF SCIENCE IN NURSING

• Emphasis in Acute Care Nurse Practitioner - Adult/Gerontology
• Emphasis in Adult/Gerontology Nurse Practitioner
• Emphasis in Family Nurse Practitioner
• Emphasis in Nurse Educator (available on campus and online)

The accelerated RN to MSN program allows the RN to move more quickly through the nursing requirements toward a professional career goal. In this program no BS degree is awarded. Instead the student moves through a combination of BS and MSN course work and is awarded only a MSN degree at completion of all program requirements. Students choosing not to complete the accelerated RN to MSN program may receive the BS degree in nursing only by completing the regular BS program requirements (see undergraduate catalog).

RN to MSN Admission Requirements

1. Completed graduate application.

2. An Associate degree or diploma with a major in nursing from a recognized college or university with an accredited program.

3. Current licensure as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee. A Georgia license is strongly
encouraged for nurse practitioner students. Online students must have current licensure in the state or country of practice.

4. Completion of the following undergraduate general education and cognate courses. Some courses may be taken as part of the RN-MSN program instead of as pre-requisites. Students who have completed the majority of these requirements are considered stronger candidates for admission to the RN-MSN program.
   - Chemistry: Survey of Chemistry – 6 hours
   - Computer: Literacy/skills – 3 hours
   - Communication: Public speaking – 3 hours
   - English: Composition – 6 hours
   - History: Elective - 3 hours
   - General: History/government/economics, philosophy, humanities, fine arts, language, or literature – 3 hours
   - Religion: Elective – 3 hours

5. Completion of the following undergraduate general education and cognate courses at Southern Adventist University, unless otherwise approved:
   - SOCI 349 Aging and Society - 3 hours
   - RELT 373 Christian Ethics – 3 hours
   - PEAC 225 Fitness for Life – 1 hour

6. A minimum undergraduate GPA of 3.25.

7. Applicants with less than a 3.25 grade point average may be admitted provisionally. Students initially granted provisional acceptance may progress through the program with a maximum of one C grade.

8. A minimum of two years (4000 hours) of current nursing experience. Acute care nurse practitioner program applicants must have substantive experience in critical care or a related area, and submit documentation of critical care skill set with application.

MASTER OF SCIENCE IN NURSING/MASTER OF BUSINESS ADMINISTRATION, M.S.N./M.B.A.

- Emphasis in Healthcare Administration (on campus and online)

Objectives
Graduates of the MSN/MBA program will:

1. Demonstrate interdisciplinary expertise in nursing, business, and healthcare leadership.
2. Develop a wholistic Christ-centered nursing and business philosophy related to the dynamic healthcare arena.
3. Acquire a balance of nursing, administrative and business skills for service in positions of leadership and management.
4. Contribute to nursing knowledge through active involvement in research.
5. Influence healthcare policy and the future direction of nursing.

Prerequisites for Admission
The Master of Science in Nursing/Master of Business Administration (MSN/MBA) is designed for students with a baccalaureate degree in nursing and ability to demonstrate competency in healthcare management. Individuals with minimal or no business/management background may be required to demonstrate basic knowledge and/or skills in these areas.

MSN/MBA Admission Requirements
1. Submit completed Southern nursing graduate application and all required documents for University admission to the Graduate Studies Office prior to May 1 for fall admission, and by October 1 for winter admission.
2. A baccalaureate degree with a major in nursing from a college or university with an accredited nursing program.
3. Current licensure as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee. A Georgia license is strongly encouraged for nurse practitioner students. Online students must have current licensure in the state or country of practice.
4. Three hours in statistics, equivalent to MATH 215.
5. A Graduate Management Admissions Test (GMAT) taken within the past five years. Students will be admitted based on the following formula: GPA x 200 + GMAT = 1000. An applicant with an undergraduate degree from an accredited U.S. college or university, and who has an undergraduate GPA of 3.25 or above, or a GPA of 3.00 and five years of full-time business-related experience may be admitted without a GMAT score.
6. A minimum of one year (2000 hours) of current nursing experience.
7. International students must provide an official GMAT score as a prerequisite for acceptance. In addition they must have a TOEFL score of at least 600 (paper-based), 250 (computer-based), or 100 (Internet-based) with testing within the past year.

8. Personal interview with both the School of Nursing and School of Business and Management Graduate Program Coordinators.

**Provisional Admission**

An applicant with a combined GPA/GMAT score of less than 1000 may be admitted under scholastic provisional status. A student accepted on this basis may be admitted to regular status upon the completion of 12 credit hours taken through Southern with a minimum grade of B in each course. Students are not permitted to repeat courses in order to satisfy this requirement. Students who do not satisfy this requirement will not be permitted to continue in the program.

The above provision does not apply to students accepted provisionally for other reasons.

**Admission to the Dual-Degree Program**

Full-time or part-time students may be admitted to the MBA program during the fall, winter, or summer semesters and the MSN courses for the fall or winter semesters. Fall applications must be made by May 1 and winter applications by October 1. Students may choose to take the MSN core courses and MBA courses at the same time or complete one program of study prior to entering the other.

**Time Limits**

The programs are structured to meet the needs of part-time and full-time students. Normal progression through the dual-degree program for the full-time student requires registration for a minimum of 9 to 12 hours per semester. Normal progression for the part-time student requires registration for a minimum of one course per semester. Time permitted from enrollment in the dual-degree program to conferring of the MSN/MBA degrees may not exceed six years. Application for an extension will be considered on an individual basis.

**Progression**

A criminal background check and drug screen are required of all students upon enrollment. Background checks are paid for and completed by the student online. Drug screens are facilitated by the School of Nursing MSN Enrollment Counselor and University Health Services. Additional screening may be done at random.

Progression may be adversely affected by negative background or drug screen reports.

Student academic standing is monitored regularly for incomplete, in-progress, unsatisfactory or low course grades and GPA. Students noted to have difficulties in any of these areas are subject to advisement and consideration regarding program progression. In general the following rules apply to progression:
1. No more than one C or C+ grade is allowed during the MSN program.
2. A grade of C- or below must be repeated.
3. Only one course may be repeated in the MSN program.

**Residence**
The last 30 semester hours must be taken through the Southern Adventist University School of Nursing and/or the School of Business and Management. Seventy-five percent of MSN/MBA program requirements must be completed at Southern Adventist University. Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School.

**MSN/MBA Graduation Requirements**
1. Completed application to graduate, to be filed with the Records and Advisement office a minimum of two months prior to expected graduation date.
2. Complete all coursework with a minimum grade-point-average of 3.00, including no more than one class with a grade below B-. Classes with a grade of C- or below will not be counted for credit toward the master's degree.

POST-MASTER'S CERTIFICATES

• Emphasis in Acute Care Nurse Practitioner - Adult/Gerontology
• Emphasis in Adult/Gerontology Nurse Practitioner
• Emphasis in Family Nurse Practitioner
• Emphasis in Nurse Educator

Prerequisites for Admission

1. Completed graduate application.
2. A master's degree with a major in nursing from a recognized college or university with an accredited program.
3. Current license as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee. A Georgia license is strongly encouraged for nurse practitioner students. Online students must have current licensure in the state or country of practice.
4. A graduate GPA of 3.00 or better.
5. Personal interview and two professional references.
6. A minimum of one year (2,000 hours) of current nursing experience. Acute care nurse practitioner program applicants must have a minimum of two years (4,000 hours) of nursing experience and have substantive experience in critical care or a related area, and submit documentation of critical care skill set with application.
7. International students must have a TOEFL score of at least 600 (paper-based), 250 (computer-based), or 100 (Internet-based) with testing within the past year.

Admission to the Program

Full or part-time students may be admitted during the fall or winter semesters.
Application Process
1. Submit completed Southern nursing graduate application and all required documents for University admission to the Graduate Studies Office prior to May 1 for fall admission, and by October 1 for winter admission. Priority is given to most qualified applicants based on level of education, work experience, and completion of all items of application process. Enrollment in practitioner emphases is limited.

2. Arrange for a personal interview with a School of Nursing graduate faculty prior to the application deadline.

3. Provide proof of current Tennessee or multistate RN licensure, current immunization, recent physical examination, and healthcare provider CPR certification to School of Nursing MSN Enrollment Counselor.

4. It is recommended that the applicant make an appointment to meet with a financial aid advisor as part of the application process, as enrollees in post-master’s certificate programs are not eligible for federal student loans.

Applicant Notification of Admission Status
1. Files of applicants who have completed the application process will be considered for admission by the School of Nursing Graduate Admissions Committee at scheduled meetings in May and October.

2. Applicants will be notified in writing of the Admissions Committee’s decision within one month following the published application deadline (typically by June 1 or November 1).

Time Limits
MSN programs are arranged to meet the needs of part-time and full-time students. Normal progression for the full-time student requires registration for 9 to 12 hours per semester. Normal progression for the part-time student requires registration for a minimum of one course per semester. Time permitted from enrollment to completion of post-master’s certificate requirements may not exceed three years. Application for an extension will be considered on an individual basis.

Progression
A criminal background check and drug screen are required of all students upon enrollment. Background checks are paid for and completed by the student online. Drug screens are facilitated by the School of Nursing MSN Enrollment Counselor and University Health Services. Additional screening may be done at random. Progression may be adversely affected by negative background or drug screen reports.

Student academic standing is monitored regularly for incomplete, in-progress, unsatisfactory or low course grades and GPA. Students noted to have difficulties in any of these areas are subject to advisement and consideration regarding program
progression. In general the following rules apply to progression within a certificate program:

1. Grades C+ or below must be repeated.
2. One course may be repeated one time during the certificate program.

**Residence**

Certificate requirements will vary depending on the student's academic record, clinical experience, and objectives. Equivalent transfer courses may be used to fulfill some program requirements. Transfer courses must be taken at an accredited institution, carry grades of B or better, and be approved by the School of Nursing.

**Post-Master's Completion**

1. All coursework for an individual certificate must be completed with a minimum grade-point-average of 3.00, and no grades below B-.
2. Students completing post-Master's certificate work are not eligible to participate in University commencement exercises.
3. Official transcripts of coursework may be obtained from the Records Office for certification and credentialing purposes.
4. A certificate of completion is available from the School of Nursing.

**Courses for the Post-Master's Certificate**

Programs of study are individually determined, but must include acceptable transfer credits or enrollment at this institution for each of the courses listed within an emphasis. One of the following emphases is to be selected.

Mission Statement
The School of Religion offers biblical, theological, and practical courses to help its students experience a growing relationship with Jesus Christ, understand His teachings in the context of the Seventh-day Adventist Church, and live ethical lives in harmony with the Scriptures. It provides quality graduate training with emphases in Church Leadership and Management, Church Ministry and Homiletics, Evangelism and World Missions, Biblical and Theological Studies, and Religious Studies, so its graduates, solidly grounded in Scripture and with a clear burden for others’ salvation, become instruments in God’s hands to impact the world.

Degrees Offered
The School of Religion offers two graduate degree programs—one professional and one academic:

The Master of Ministry (MMin) with the following three emphases:

- Church Leadership and Management
- Church Ministry and Homiletics
- Evangelism and World Mission

The Master of Arts (MA) with the following two emphases:

- Biblical and Theological Studies
- Religious Studies

General Information
The Master of Ministry program, with emphases in Church Leadership and Management, Church Ministry and Homiletics, and Evangelism and World Mission, is designed to provide quality professional graduate education in church leadership, church ministry, preaching, outreach, evangelism, and world mission. The emphasis in Church Leadership and Management is specifically designed to prepare church leaders and administrators with training in the principles of business management, as well as to equip them with leadership ministry training skills. The emphasis in Church Ministry and Homiletics is specifically designed to enrich the preparation of pastors for local church ministry. The emphasis in Evangelism and World Mission is
specifically designed to enrich the preparation of workers for gospel outreach to the world.

The Master of Arts program, with emphases in Biblical and Theological Studies and in Religious Studies, is designed to provide quality academic graduate education in biblical, theological, and religious studies. The emphasis in Biblical and Theological Studies is specifically designed to prepare students for entering an academic doctoral program in biblical or theological studies. The emphasis in Religious Studies is specifically designed to provide a flexible graduate program in religion for those who want to enter an academic doctoral program in religious studies or to further their religious education in a more general way.

The purpose of all of these programs is to enhance the ability of students to serve a culturally diverse church and society from a biblical perspective and to deepen each student’s personal relationship with Jesus Christ.

**Curriculum**

The curriculum for the MMin and MA degrees consists of a minimum of 36 semester credit hours beyond the baccalaureate degree. A maximum of six (6) semester hours of transfer credit may be allowed from other institutions (see Transfer Credit). All degree requirements must be completed within seven years from first enrollment. Courses are offered primarily as intensive sessions during the summer. Requirements for successful completion of a given course generally consist of a pre-session reading assignment, attendance and participation in a two- or three-week intensive class session in residence, and a post-session writing assignment. All courses require a research paper or major project, which is generally the post-session assignment for the course. No more than three courses may be taken within one summer. The recommended load is two courses per summer.

**Admission to Classes**

1. Students are considered to be admitted to classes (see “Admission Requirements”) on a non-degree basis until they are granted either provisional or regular acceptance into one of the degree programs from the School of Religion.

2. With School of Religion approval, students may take up to 12 hours of coursework before completing all prerequisites for admission and being formally accepted into one of the degree programs.

3. Registration for any graduate religion class is by permission of the School of Religion.

**Course Audit**

With the approval of the School of Religion, students may register on an audit basis in courses for which they are qualified. Auditors may be admitted to classes if space is still available after all students who wish to enroll for credit have been accommodated. Class attendance is expected, but examinations, reports, and other assignments are not included, except as requested by the student and allowed by the professor. With the approval of the professor and School dean, the student may
change a course registration from audit to credit or from credit to audit only during the first three days of the summer intensive classes. No credit may be given at any later time for courses audited. Courses taken for audit are charged at one-half of the regular graduate tuition charge.

Guidelines for Pre-Session and Post-Session Assignments

1. Students should expect pre-session assignments for summer graduate intensives. Typical pre-session assignments include approximately 1,000 pages of reading per intensive class for MMin students, and approximately 1,200 pages of reading per intensive for MA students, depending on other pre-session assignments.

2. Pre-session assignments are due the first day of the intensive session. Only assignments submitted on time will receive full credit. There will be no credit for pre-session assignments that are submitted following the completion of the intensive.

3. Post-session assignments give the student opportunity to apply information learned during the intensive to the local ministry context and to do further research on the subject matter. Due dates for these assignments are listed in the course syllabus. Post-session assignments for MA students will require approximately 20% more than what is required for MMin students.

MASTER OF ARTS, M.A.

- Emphasis in Biblical and Theological Studies
- Emphasis in Religious Studies

Prerequisites for Admission

In addition to the general application and application fee requirements for graduate study, the candidate will comply with the following requirements:

1. Presentation of an official transcript from an accredited bachelor’s degree. This transcript must include a minimum of 12 semester hours in religion. Other prerequisites may apply to the specific emphases.

2. A minimum cumulative undergraduate GPA of 3.25. For an undergraduate GPA of 2.75 to 3.24, the GRE (Graduate Record Examination) is required with a combined verbal and quantitative score of at least 300 and a minimum analytical writing score of 4.5.

3. Two recommendations. If the applicant is employed by the Seventh-day Adventist Church, one of these recommendations must be from the applicant’s employing organization.

4. If applicable, a record of denominational employment indicating the places and dates of service, and the capacity in which the applicant was employed.
5. Submission of a formal paper of at least 3,000 words that meets the following criteria:
   • It is research-based, demonstrating appropriate use of valid sources.
   • It reflects the ability to write lucidly, with careful organization of ideas.
   • It demonstrates care and consistency in format, style, and mechanics.
   • It meets the standards of at least a B letter-grade paper when compared with other research papers that are completed on the undergraduate level.

6. Upon request, for students for whom English is not the first language, a minimum Test of English as a Foreign Language (TOEFL) score of 600 (paper-based)/250 (computer-based)/100 (Internet-based). Students with TOEFL scores between 550 and 599 will be required to study English as a Second Language (ESL).

7. Final decisions about acceptance into the program are made by the Graduate Studies Committee of the School of Religion.

Graduation Requirements
1. File a completed graduate application with the Records and Advisement Office not less than two months before the expected graduation date.

2. Finish all coursework with a minimum grade point average of 3.25, including no more than one class with a minimum letter grade of C and one class with a minimum letter grade of C+. (See grade policies.)

3. Pass a written comprehensive examination taken no earlier than 3 months and no later than 12 months after completion of the last period of the student’s last course in the program. Examination dates will be arranged in consultation with the Graduate Program Coordinator.
   • The examination is expected to last 4 1/2 hours.
   • The candidate for graduation will need to give comprehensive answers to several questions drawn from a larger list of questions available for research and review at the end of his or her coursework.
   • A score of 80% or above will constitute a passing grade.
   • In case of failure, the examination may be repeated only once. A second failure will disqualify the student for graduation from the MA program.

Project and Thesis Procedure
1. All MA students choosing the emphasis in Biblical and Theological Studies must complete a thesis, while students who choose the emphasis in Religious Studies must complete either a thesis or a project.

2. The project must be done in conjunction with an adviser assigned by the Graduate Studies Committee. The adviser will work with the student to select a topic, plan the research, guide in the organization of the paper, and evaluate the result.

3. The thesis must be done in conjunction with a three-person Thesis Committee, chaired by the adviser and appointed by the Graduate Studies Committee. The
student will select a topic in consultation with the adviser and prepare a thesis proposal to be submitted to the Thesis Committee for approval. After approval by the Thesis Committee, the student will complete the research, chapter by chapter, under the guidance of the adviser, submitting each chapter to the Thesis Committee for approval. The Thesis Committee must approve the final product.

4. The project or thesis must conform to the style guidelines of the School of Religion, which are based on the footnote and bibliography style of the latest edition of the *Chicago Manual of Style* or *Turabian’s Manual for Writers*.

MASTER OF MINISTRY, M.MIN
• Emphasis in Church Leadership and Management
• Emphasis in Church Ministry and Homiletics
• Emphasis in Evangelism and World Mission

Prerequisites for Admission
In addition to submitting the appropriate application and application fee for graduate study, the candidate must submit the following materials or meet the following requirements in order to be accepted into the MMin program:

1. Presentation of an official transcript with a completed bachelor’s degree from an accredited institution. This transcript must include a minimum of 12 semester hours in religion. Other prerequisites may apply to the specific emphases.

2. A minimum cumulative undergraduate GPA of 3.00. For an undergraduate GPA of 2.50 to 2.99 the GRE (Graduate Record Examination) is required with a combined verbal and quantitative score of at least 295 and a minimum analytical writing score of 4.

3. Two recommendations. If the applicant is employed by the Seventh-day Adventist Church, one of these recommendations must be from the applicant’s employing organization.

4. If applicable, a record of denominational employment indicating the places and dates of service, and the capacity/capacities in which the applicant was employed.

5. Submission of a formal paper of at least 3,000 words that meets the following criteria:
   - It is research-based, demonstrating appropriate use of valid sources.
   - It reflects the ability to write lucidly, with careful organization of ideas.
   - It demonstrates care and consistency in format, style, and mechanics.
   - It meets the standards of at least a B letter-grade paper when compared with other research papers that are completed on the undergraduate level.

6. Upon request, for students for whom English is not the first language, a minimum Test of English as a Foreign Language (TOEFL) score of 600 (paper-based)/250 (computer-based)/100 (Internet-based). Students with TOEFL scores between 550 and 599 will be required to study English as a Second Language (ESL).
7. Final decisions about acceptance into the program are made by the Graduate Studies Committee of the School of Religion.

Graduation Requirements
1. File a completed graduate application with the Records and Advisement Office not less than two months before the expected graduation date.
2. Finish all coursework with a minimum grade point average of 3.00, including no more than one class with a minimum letter grade of C and one class with a minimum letter grade of C+. (See grade policies.)
3. Pass a written comprehensive examination with a minimum score of 80%. The examination will consist of writing essays for two hours on major issues from one key area of the student’s emphasis which has been determined in advance by the Graduate Studies Committee. The exam should be completed not less than one month or more than three months after completing the last period of the last course in the student’s program. In case of failure, the exam may be repeated only once. A second failure will disqualify the student for graduation from the MMin program.

School of Social Work

**Dean:** René Drumm

**MSW Program Director:** Samson Chama

**MSW Field Directors:** Evie Nogales Baker, Kristie Wilder

**Graduate Enrollment Counselor:** Tricia Foster

**Faculty:** Evie Nogales Baker, Samson Chama, Mioara Diaconu, René Drumm, Annette Heck, Lorri Merchant, Cornel Rusu, Stanley Stevenson, Kristie Wilder

**Mission Statement**

The mission of Southern Adventist University’s Master of Social Work (MSW) program is to prepare advanced generalist practitioners within a Christian learning environment for service and excellence in evidence-based social work practice.

**Degree Offered**

The School of Social Work offers a Master of Social Work degree with the following possible specializations, which are determined each year based on adequate levels of student interest:

- Child and Family Advocacy and Treatment
- International Social Work
- Marital Therapy and Stability
- Older Adult Enrichment
- Trauma and Emergency Management

**MASTER OF SOCIAL WORK, M.S.W.**

**MSW Admission Levels**

The MSW program provides two levels of admission: Foundation Placement and Advanced Placement. Students who are accepted into Foundation Placement (59 credits) may complete the program with full-time enrollment over two years, or part-time over three or four years. Admission to the Advanced Placement level is available only to individuals who have completed an accredited undergraduate social work degree (BSW). Students who are accepted into Advanced Placement (31 credits) complete the program in three semesters over 12 months with full-time enrollment, or in 24 months on a part-time basis.

**Foundation Placement Admission Requirements**

Applicants seeking admission to the Foundation Placement level of the MSW program must meet the requirements stipulated by the School of Social Work as follows:

1. **Application:** Complete the university’s graduate application.
2. **Prerequisite undergraduate degree**: Bachelor’s degree from an accredited college or university.

3. **Transcript(s)**: Provide official transcript(s) demonstrating coursework with a strong liberal arts background.

4. **GPA Requirement**: Possess an overall GPA of at least 3.00 (on a 4.00 scale) in undergraduate coursework. Any lower GPA will result in the applicant being considered for provisional admission, which will require an interview with members of the MSW Leadership Team.

5. **Professional References**: Submit two professional recommendations from a college professor or work supervisor. Should the MSW Leadership Team have further questions about the applicant’s aptitude for a career in social work, they may request a personal interview, third reference and/or additional information.

6. **Personal Statement**: Submit a personal statement describing the applicant’s motivation for graduate school in the field of social work. Guidelines for the personal statement are located in the School of Social Work and Graduate Studies websites.

7. **Résumé**: Submit a professional résumé.

Applicants are notified of their acceptance status via email 3–6 weeks after all application materials are submitted to the School of Social Work.

**Advanced Placement Admission Requirements**

Applicants seeking admission to the Advanced Placement level of the MSW program must meet the requirements stipulated by the School of Social Work as follows:

1. **Application**: Complete the university’s graduate application.

2. **Prerequisite undergraduate degree**: Bachelor’s degree in social work from a recognized college or university program accredited by the Council on Social Work Education.

3. **Transcript(s)**: Provide official transcript(s) demonstrating coursework with a strong liberal arts background.

4. **GPA Requirement**: Possess an overall GPA of at least 3.00 (on a 4.00 scale) in undergraduate coursework with no more than one grade of C or lower in a core social work course. Any lower GPA will result in the applicant being considered for provisional admission, which will require an interview with members of the MSW Leadership Team.

5. **Professional References**: Submit two professional recommendations from a college professor, work supervisor, or a field instructor. Should the MSW Leadership Team have further questions about the applicant’s aptitude for a career in social work, they may request a personal interview and/or a third reference reflecting past satisfactory practice experience from the applicant’s field placement faculty liaison, field instructor, or current human services job supervisor.
6. **Personal Statement**: Submit a professional statement describing the applicant's motivation for graduate school in the field of social work. Guidelines for the personal statement are located on the School of Social Work and Graduate Studies websites.

7. **Résumé**: Submit a professional résumé.

Applicants are notified of their acceptance status via email 3–6 weeks after all application materials are submitted to the School of Social Work.

**Non-refundable Deposit**

A non-refundable deposit of $250 is required once the applicant is accepted into the MSW program. This money is credited to the student’s account once school is in session. Students who fail to make the deposit may risk losing their acceptance status.

**Reappplication**

In the event an applicant is not granted admission to the program, he/she may reapply for the following academic year. Applicants are encouraged to meet with the MSW program director to explore remedial options before reapplying.

**Admission Cycle**

The MSW program uses a rolling admission process until a cohort of up to 25 graduate students in each admission level has been selected out of the pool of applicants each academic year. An accepted student ensures a spot in the incoming cohort when the $250 deposit is received.

**Transfer Students**

Students/applicants wishing to transfer to Southern Adventist University's MSW program from another accredited college or university must follow the same application procedure for program acceptance as other students. Transferring graduate students must complete at least 75% of the Advanced Placement requirements at Southern. Transfer grades must be B or higher. Southern does not transfer P grades. If the student would like to transfer credit for a core social work course, it must be from a CSWE accredited graduate program to be considered. Transfer students may be required to extend their time in the program because some social work courses follow a prescribed sequence.

**Academic Credit for Life Experience**

Field experience courses are required of every social work student and no academic credit is given for life experience or previous work experience. No course credit in the professional foundation or advanced curriculum is waived because of previous employment and/or past experiences.

**Progression in the MSW Program**

Foundation students must satisfactorily complete all Foundation-level courses, including the foundation field practicum, before entering Advanced Placement.
Students need to maintain both academic and non-academic standards to remain in the MSW program. First, the university's academic standards for retention must be met and sustained. However, even if a student's academic performance is satisfactory, it may become necessary, due to unsatisfactory professional performance, to advise a student to reconsider his/her goodness-of-fit to social work, and this may result in termination from the MSW program. General procedures regarding MSW program progression and retention are as follows:

1. Students in the MSW program are responsible for taking full ownership of meeting all academic and non-academic retention requirements.

2. University academic standards for retention must be met and sustained, as follows:
   a. Students must maintain a minimum cumulative grade point average of 3.0, earning a grade below B- in no more than two courses.
   b. Courses with an earned grade of C- or below will not be counted for credit toward the master’s degree.

3. The MSW Leadership Team will evaluate students’ grades and GPA at the end of each semester. If a student’s academic performance does not meet the university’s standards, the student will be notified by email that the MSW Leadership Team will be doing a review of his/her status in order to determine whether extenuating circumstances are present, and decisions about student retention in such instances will be made by the MSW Leadership Team on a case-by-case basis.
   a. A student may be asked to withdraw from the MSW program for any of the following non-academic reasons:
   b. Academic honesty breaches
   c. Failing the field practicum
   d. If a student’s coursework reflects personal problems that significantly and consistently prevent him/her from functioning effectively in a professional social work education program
   e. If a student fails to abide by professional social work ethics, as outlined by the NASW Code of Ethics

5. When there is evidence that a student is not meeting the professionalism standards outlined in program policy, the student will be notified by email that the MSW Leadership Team will be doing a review of his/her status in order to determine whether the student may be retained in the program. Decisions about student retention in such instances will be made by the MSW Leadership Team on a case-by-case basis.

**MSW Graduation Requirements**

1. Students must complete and submit a Graduation Contract, with the Records and Advisement Office, a minimum of two months prior to the expected
graduation date. The form is located on Southern’s records webpage: southern.edu/records.

2. Students must complete all coursework with a minimum grade point average of 3.00, including no more than two classes with a grade below B-. Classes with a grade of C- or below will not be counted for credit toward the master’s degree.

**Director:** Sharon Pittman

Southern Adventist University maintains compliance with the Southern Association of Colleges and Schools Commission on Colleges (SAC-COC) of the policies through the appropriate and timely reporting on areas of substitutive change. A program request has been submitted to SACS for degree approval for Fall 2013 at the time of publication of this catalog the Master of Science in Global Community Development is pending approval. However, with the current university accreditation status with SACS, the program is expected to be in full operation by the Fall Semester 2013.

**Mission Statement**

The mission of the Master of Science in Global Community Development (MGCD) Program lies within the mission of Southern Adventist University. The unique mission of this program is to provide experiential, project-based learning opportunities for graduate students to competently facilitate transformational, results-oriented abundant life and sustainable capacity building for at-risk global communities.

**Program Objectives**

In order to carry out this mission, the GCD Program seeks to accomplish the following goals/objectives:

1. To give each student advanced knowledge and skills for conducting sustainable, Christ-centered, holistic mission service globally.
2. To provide both career and executive students with an advanced level evidence-based hybrid academic program delivered with flexibility in a global mission and multi-cultural context.
3. To prepare graduate servant leaders with a commitment for designing and facilitating sustainable enterprise-oriented and community-owned development/relief projects to serve marginalized people.
4. To ground online and project-based learning in a results- and impacted-oriented scholarly research environment.

**MASTER OF SCIENCE IN GLOBAL COMMUNITY DEVELOPMENT**

This program is designed to offer both career and executive students a flexible and hybrid learning environment that includes online, knowledge-building, modular coursework integrated with intensive, field-based, face-to-face skills modules taught within a global community context. To be successful in this program, a student will need a personal computer and/or full-time access to a computer with ongoing and reliable Internet access. Students and/or their families will also need to be able to
travel internationally and stay in a field-based project site for a minimum of one semester.

Admission Requirements
Both qualitative and quantitative factors are considered for an applicant’s acceptance into this graduate program. A candidate for this degree will comply with the following requirements:

1. Submit an official transcript from the accredited institution granting your four-year baccalaureate degree.
2. A cumulative undergraduate grade point average of 3.00 or higher.
3. Two references from professional work supervisors and/or faculty instructors.
4. Personal statement.
5. Readiness assessment.
6. Program readiness interview with leadership team.
7. Every applicant whose native language is not English, or whose undergraduate instruction was not in English, must provide an English proficiency TOEFL score of at least 600 (paper based)/250 (computer-based)/100 (Internet-based).

Provisional Admission
A student accepted on provisional basis may be admitted to regular status upon the completion of 11 credit hours taken through Southern with a minimum grade point of 3.0 and no grade below a B- in each course. Students are not permitted to repeat courses in order to satisfy this requirement. Students who do not satisfy this requirement will not be permitted to continue in the program.

Admission to the Program
Students will be admitted into the program during the fall, winter and summer semesters.

Time Limit
This program is structured to meet the needs of the part-time as well as the full-time student. Normal progress through the programs for the full-time student is outlined in the curricular plan. Normal progress for part-time students will be one or more courses per semester. The time allowed from enrollment to the graduate program to the conferring of the Master of Global Community Development degree may not exceed five years. Application for an extension will be considered on an individual basis.

Transfer Credit
All course credits for this program must be completed within this program. Since this curriculum is very unique and applied in a global context, no transfer credits will be allowed.
Student Handbook
Students should remain informed about program requirements and emerging changes by reading the online Student Handbook that can be found on the MGCD program web site.

Graduation Requirements
A MGCD candidate must:
1. Complete an application to graduate, which must be filed with the Records and Advisement Office two months prior to the anticipated graduation date.
2. Complete all coursework with a minimum grade point average of 3.00, including no more than two classes with a grade below B-. Classes with a grade below C will not be counted for credit toward the master’s degree.
3. Comply with an additional requirements outlined in the program’s Student Handbook.
4. Successfully defend in oral examination the degree competency e-folio.

Note: This program is in the routine process of gaining accreditation approval by Southern Association of Colleges and Schools.

Global Community Development Curriculum
There are 8 core competencies in this 33-credit graduate degree in Global Community Development. The program is designed to include both online-learning and face-to-face, project-centered applied learning. The 5 semester full-time program consists of 4 integral coursework rotations—Knowledge Building, Experiential Learning, Field Application, Learning Defense—each of which is described below.

Core Competencies
Upon completion of this graduate program students will demonstrate the following competencies:
1. Assimilate Christ’s model of mutual submission in providing community-owned global service while sharing our faith for an abundant life and proactively ameliorating injustice.
2. Practice principled and ethical leadership while ensuring personal and relational well-being and safety.
3. Integrate contemporary strengths-oriented theoretical constructs while crafting creative assets-focused, capacity-building intervention models.
4. Partner relief/development service activities with sustainable entrepreneurship efforts.
5. Engage and mobilize key stakeholders to ensure community-owned, sustainable project impacts.
6. Use results-oriented research methods to baseline, implement, monitor and evaluate community change and the efficiency and effectiveness of projects.
7. Mentor communities to design culturally contextual best-practice humanitarian projects.

8. Appraise and disseminate professional results-oriented best practices for achieving positive growth and sustainable behavior-change impacts.

**Knowledge Building Rotation**

Knowledge Building courses are required and are taken during the first coursework rotation. They are taught fully online using a variety of e-learning tools. All of this coursework should be done in one (full-time) or two semesters (part-time). These courses must be successfully completed prior to students being cleared for travel to the second Experiential Learning rotation project site.

**Required Courses**

- GCDP 505 - Foundations of Christian Values and Witness in Development/Relief 2 hours
- GCDP 510 - Theories of Global Community Development/Relief 2 hours
- GCDP 515 - Principles of Development Entrepreneurship 2 hours
- GCDP 520 - Techniques for Project Planning and Capacity Building 2 hours
- GCDP 525 - Methods of Scholarship in Development/Relief 2 hours
- GCDP 528 - Preparation for Global Service 1 hour

**Subtotal 11 Hours**

**Experiential Learning Rotation**

This Experiential Learning rotation offers a one-semester project-based global learning experience. Required for all students in the program, it is taught in discrete skills modules by faculty and field experts, supplemented with online e-learning support and resources. All of this coursework should be done in one semester. To apply these core skills, students will select a personal development sector area of passion and calling. This rotation must be successfully completed prior to students beginning their third Application rotation.

**Required Courses**

- GCDP 550 - Community Training and Assessment 2 hours
- GCDP 555 - Families, Children and Special Populations 2 hours
- GCDP 560 - Politics and Legal Issues in Community Development 2 hours
- GCDP 570 - Community Organizing and Mobilization 2 hours
- GCDP 575 - Community-Owned Project Management 2 hours
- GCDP 580 - Evidence-based Project Monitoring and Evaluation 2 hours

**Subtotal 12 Hours**

**Field Application Rotation**

This third Field Application rotation offers a two-semester internship in a global learning project context. The focus for this will be on practicing all the community development skills learned during the second Experiential Learning rotation. It is required for all students in the program. Working with a program adviser, each student will develop an Individual Internship Learning Plan (IILP) linked to their
unique sector of interest. Internships will have routine online expert supervision. A minimum of 700 documented hours of community practice (100 hours per credit hour) will be completed in this minimum two-semester internship. This rotation must be successfully completed prior to students beginning their fourth and final Learning Defense rotation.

**Required Courses**
- GCDP 565 - Special Topics Seminar 1 hour (2 hours required)
- GCDP 592 - Field Practice Internship 1-7 hours (7 hours required)

Subtotal 9 Hours

**Learning Defense Rotation**
This fourth and final Learning Defense rotation is a portfolio capstone wrap-up semester. Students will evidence their graduate learning in an online e-folio. When cleared by their adviser, students will present a professional oral defense of the e-folio. During one semester, students will also complete all of their graduation paperwork. If a student chooses to extend this defense process beyond one semester, they must register for this class again each additional semester until their defense is successfully completed. This rotation must be successfully completed prior to students being cleared for graduation.

COUN 516 - Career Counseling  |  3 hours
Provides understanding of career development theories and decision-making models; career counseling processes; career, vocational, educational, occupational, and labor market information resources; career development; program management at PreK-12 grade levels; and assessments and techniques relevant to career planning and decision-making in a global economy.

COUN 520 - Principles of Counseling  |  3 hours
Fundamental aspects and principles of professional functioning in the counseling field are studied. Professional orientation and identity, professional development, personal characteristics of the counselor, basic counseling skills, and skills needed by the counselor in a consulting role are examined as they apply to the practice of counseling in any type of setting. Course content is examined from the perspective of Christian values and beliefs as they apply to the counseling profession.
COUN 521 - Psychopathology  |  3 hours
Prerequisite(s): COUN 520. This course emphasizes diagnostic criteria for the disorders included in the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition, Revised Text (DSM-IV-TR). Mental disorders are defined and categorized in terms of their manifestations and symptoms. Cultural variations in symptoms and gender and age-related features of the disorders are also considered, as well as empirically-based treatments currently available for each condition.

COUN 526 - Ethics and Legal Aspects of Counseling  |  2 hours
Analyzes counseling ethics and legal factors related to the counseling profession. Attention is given to the unique codes of conduct for both school and clinical mental health counseling. Real case studies are explored.

COUN 528 - Learning and School Counseling Interventions  |  3 hours
This course focuses on major theories of learning as they relate to the practice of school counseling. How learning theory informs effective guidance lesson planning and school counseling curriculum development is considered. Ability to apply knowledge from learning theories to identify learning problems and to facilitate exceptional students’ growth and development through counseling, collaboration, and consulting activities are also studied.

COUN 530 - Assessment and Appraisal  |  3 hours
Provides an understanding of the theoretical principles and practical applications of standardized instruments used in counseling and education. This course covers the selection, administration, interpretation and reporting of the results of appropriate instruments of assessment used in clinical settings and PreK-12 schools. Emphasis is placed on personality, aptitude, achievement, and pathological testing.

COUN 553 - Group Therapy and Procedures  |  3 hours
Prerequisite(s): COUN 520. Provides understanding of group therapy processes from both theoretical and experiential perspectives. Group counseling, leadership, and facilitation styles are studied. Contains a requirement for direct experience in which students participate as group members and leaders in small group activities for a minimum of 10 clock hours over the course of the semester. Group leadership responsibilities may extend into the following semester.

COUN 556 - Theories and Techniques of Psychotherapy  |  3 hours
Provides a comprehensive survey of the major contemporary theories of counseling and psychotherapy, as well as their implications for practice. Core topics such as historical background, key concepts, the therapeutic process, therapeutic techniques and procedures, multicultural perspectives, and evaluation are examined for each theory. Students are given the opportunity to conceptualize selected case studies, decide on appropriate counseling interventions, and practice a variety of techniques that are commonly used in counseling practice. Students also begin the process of developing their own personal model of counseling. Each theory is evaluated from the Christian perspective and the relevance of such a perspective when choosing personal models is studied.

COUN 558 - Crisis Counseling  |  2 hours
A study of major theories and strategies for identifying and treating crises which affect individuals in both clinical mental health agencies and PreK-12 schools.

COUN 561 - Multicultural Issues in Counseling  |  3 hours
Study of contemporary issues related to multicultural counseling. Aside from introduction to various cultures and their norms, this course also addresses theories of multicultural counseling
and counseling interventions based on these theories as they are applied to various populations. In addition, attention is given to the counselor’s role as a liaison or agent of change for the culturally pluralistic society in both school and clinical mental health settings.

COUN 565 - Topics in Counseling  |  1-3 hours
Selected topics in counseling chosen from such areas as religion, ethics, child and/or youth counseling, practice of school counseling, etc. This course may be repeated with an appropriate change in topic.

COUN 570 - Counseling in Community Agencies  |  3 hours
This course examines the history, philosophy, and current trends of counseling in community agencies. Roles and functions of clinical mental health counselors and professional issues, such as credentialing, core provider status, expert witness status, and practice privileges within managed care systems are studied. This course emphasizes the importance of family, social networks, and community systems in the treatment of mental and emotional disorders. Prevention, intervention, consultation, education, and advocacy in community agencies are also studied.

COUN 575 - Administration of Counseling Services  |  3 hours
Prerequisite(s): Completion of at least 42 semester hours in degree program. The management of mental health services and programs, including areas such as administration, finance, accountability, public mental health policy, and regulatory processes, is examined. Students become familiar with the range of mental health service delivery—such as inpatient, outpatient, partial treatment and aftercare, and the operation of programs and networks that promote mental health in a multicultural society. As the capstone course, this includes the completion of a position paper.

COUN 577 - Administration of School Counseling Services  |  3 hours
Prerequisite(s): Completion of at least 32 semester hours in the degree program. This is the capstone course for School Counseling. The development, implementation and evaluation of comprehensive school counseling programs are studied. Special consideration is given to the integration of the school counseling program into the total school community to facilitate successful development and achievement of all students.

COUN 582 - Clinical Practicum I  |  1 hour
This course is an orientation to field experience. The student will be oriented through the use of books, videos, presentations, discussion, observation, and practice sessions.

COUN 583 - Clinical Practicum II: Clinical Mental Health Counseling  |  1-2 hours

COUN 584 - Clinical Internship: Clinical Mental Health Counseling  |  1-6 hours
Prerequisite(s): COUN 583; Completion of 40 semester hours in degree program; admission to candidacy. This course consists of supervised field experience in a community agency. A total of 6 semester hours and 600 clock hours of clinical work are required. At least 240 clock hours will be direct client contact in the capacity of a professional counselor. A wide range of clients will be chosen. This internship will be completed under the direction of a certified or licensed professional and will also include consultation with an assigned faculty supervisor, research on clinical issues, and attendance at a weekly supervision group. Applications for Summer or Fall Internship experiences must be submitted for approval by April 15 of the previous school year. Applications for Winter Internship experience must be submitted for approval by October 15.

COUN 584 - Clinical Internship: School Counseling  |  1-6 hours
Prerequisite(s): COUN 583; Completion of 29 semester hours in degree program; admission to candidacy. This course consists of supervised field experience in a school setting. A total of 6 semester hours and 600 clock hours of clinical work are required. This will include a variety of activities that a regularly employed school counselor is expected to perform. At least 240 clock hours are required in direct client contact, individual counseling, group work, developmental classroom guidance, and parent/community conferences. This will be done under the supervision of a certified school counselor and will also include consultation with an assigned faculty supervisor, research on clinical issues, and attendance at a weekly supervision group. Applications for Fall Internship experiences must be submitted for approval by April 15 of the previous school year. Applications for Winter Internship experiences must be submitted for approval by October 15.

COUN 588 - Statistics  |  3 hours
This course provides the student with the necessary skills to understand, evaluate, and analyze quantitative research in the field of counseling. The course is an introduction to descriptive and inferential statistics as applied to research in the behavioral sciences. Topics covered include methods of organizing data, measures of central tendency and variability, correlation and regression, tests of hypotheses with parametric and nonparametric statistical methods.

COUN 590 - Marriage and Family Therapy I  |  3 hours
This course provides an overview of major family therapy treatment models and their application utilizing case studies. Communications theory, structural, strategic, the Bowenian model, short-term brief, and other theories will be considered. Family counseling in schools is also discussed.

COUN 591 - Marriage and Family Therapy II  |  3 hours
Prerequisite(s): COUN 590. Issues of marriage and family will be explored in the context of family systems. Issues covered include an in-depth study of human sexuality, sexual
dysfunction and treatment, crisis counseling, addictive disorders, orientation to AIDS education and therapy, and others.

**COUN 592 - Marriage and Family Therapy III | 3 hours**
Prerequisite(s): COUN 591; Completion of at least 30 semester hours in degree program. An intensive study of selected treatment techniques focusing on identifying a therapeutic style best suited for the individual learner. This course should be taken with the Clinical Internship as it requires the presentation of case work in a model. This course contains an extensive research/position paper that will require additional time and work beyond the duration of class meetings and which may extend into the following semester.

**COUN 593 - Child and Adolescent Problems and Treatment | 3 hours**
Emphasizes the etiology, symptomatology, assessment, and treatment of psychological problems that children and adolescents present in clinical mental health agencies. The matrix of factors (i.e., constitutional, environmental, cultural) that may lead to the derailment of children's/adolescents’ progressive maturational trajectory is considered. Interview techniques, therapeutic approaches, and community prevention programs that provide an environment responsive to the needs of children/adolescents with various clinical disorders are included.

**COUN 595 - Independent Study | 1-3 hours**
This is an option for students to extend their learning beyond what is available in planned courses. It is a cooperative learning experience involving a student and a faculty member. Approval from the student’s adviser as well as a faculty committee must be obtained before the study is initiated. A total of no more than six Independent Study hours are allowed to apply toward a student's degree.

**COUN 598 - Research and Program Evaluation | 3 hours**
Fundamentals of research and program evaluation relevant to the practice of clinical mental health counseling and school counseling are covered. This course requires the completion of a research proposal. It also enables students to conduct research projects and to critically evaluate findings in order to improve treatment and program effectiveness in counseling. Principles, models, and applications of needs assessment and program evaluation are studied. Research methods such as qualitative, quantitative, single-case designs, action research, and outcome-based research are also examined. Special emphasis is given to ethical and culturally relevant strategies for interpreting and reporting the results of research and/or program evaluation in schools and community agencies.

**COUN 599 - Master’s Thesis | 1-6 hours**
A body of original scholarly work by an individual student. Involves the preparation of a research proposal, under the guidance of a thesis adviser, and its subsequent implementation. The final report will consist of the following sections: (1) Focus of the Study, (2) Review of the Literature, (3) Methodology of the Study, (4) Results of the Study, and (5) Discussion of the Findings. Both the proposal and the final report must be approved by a thesis committee, consisting of the thesis adviser and two other faculty members. The thesis committee must be approved by the School of Education and Psychology. In addition, the student must complete an oral defense of the thesis before their thesis committee, the faculty adviser, the Dean of the School of Education and Psychology, and the Dean of Graduate Studies. The oral defense will typically consist of a visual presentation, followed by a question/answer session. Note: This course must be taken for a total of 6 hours prior to thesis defense.

|             | A project consisting of significant work by an individual student. Involves the preparation of a project proposal, including a review of the literature, completion of the project, and preparation of a report, all under the guidance of a project adviser. The School of Computing must approve the project topic and the adviser. The student must successfully defend their project in a public, oral presentation. Note: This course must be taken for a total of at least six hours prior to the
presentation. After all course work for the Master's program has been completed the student must take at least one hour project credit per semester until the project is completed.

**CPHE 599 - Thesis | 1-6 hours**
A body of original scholarly work by an individual student. Involves the preparation of a research proposal, including a review of the literature, under the guidance of a thesis adviser and its subsequent implementation. The School of Computing must approve a thesis committee consisting of the thesis adviser and two or more other faculty members. The student must successfully defend their thesis in a public, oral defense. Note: This course must be taken for a total of at least six hours prior to thesis defense. After all course work for the Master's program has been completed the student must take at least one hour thesis credit per semester until the thesis is completed.

**COMPUTER SCIENCE**

**CPT 505 - Transition Course | 1-6 hours**
Course work needed for admission to the master's program. This course does not count towards the master's degree requirements. May be repeated as necessary.

**CPT 511 - Testing and Quality Assurance | 3 hours**
A focus on the testing techniques, concepts, and processes needed to produce high quality, commercial grade software. The course examines the underlying theories that drive adequacy criteria for effective testing and exposes students to current research in software testing. (Fall, odd years)

**CPT 521 - Advanced Database Systems | 3 hours**
*Prerequisite(s):* CPT 319, MATH 280 or equivalent. Topics taken from spatial-temporal and constraint databases, data modeling, indexing, data warehousing, and data mining. Issues related to business intelligence are also discussed. (Fall, even years)

**CPT 531 - Algorithms | 3 hours**
*Prerequisite(s):* CPT 318, MATH 191, MATH 280 or equivalents. Techniques for the design and analysis of algorithms, divide-and-conquer, greedy, and dynamic programming algorithms. Computational complexity and analysis of particular algorithms of practical or theoretical importance in computer science. (Fall, even years)

**CPT 541 - Network Security and Cryptography | 3 hours**
*Prerequisite(s):* CPT 328, MATH 182, MATH 280 or equivalents. Network Security and Cryptography focuses on topics guaranteeing confidentiality, integrity, and authentication. Topics include classic and modern symmetric key encryption algorithms, asymmetric key (public key/private key) algorithms and network security protocols that use encryption to secure network resources. (Fall Odd Years)

**CPT 551 - Parallel and Distributed Systems | 3 hours**
*Prerequisite(s):* CPT 365, CPT 318. Fundamentals of parallel and distributed computing, computational models, parallel / concurrency languages and algorithm, mapping and performance evaluations, Internet, mobile computing, and multi-tier computing. (Winter Even Years)
CPTR 553 - Advanced Software Engineering  |  3 hours
Prerequisite(s): CPTR 209 or equivalent. An in-depth examination of software engineering including: business context and drivers, impact of process on corporate structure, requirements, architecture, implementation, project and product management, team dynamics, supporting tools and frameworks, and regulatory and compliance issues. (Fall, even years)

CPTR 571 - System Software and Architecture  |  3 hours
Prerequisite(s): CPTR 365, CPTR 318 or equivalents. A study of the design and implementation of software systems. Software systems design issues in contemporary software systems; description, structure, architecture, development, testing, and deployment. A major software system will be developed. (Winter Odd Years)

CPTR 575 - Issues in Computer Science and Religion  |  3 hours
Examines scientific method, truth, reality, logic and computability, authority/inspiration, faith and reason as they interact with computational sciences. Including non-logical factors in acceptance of scientific statements as authoritative arguments for the existence of God, causality, determinism and miracles, and scientific revolutions and paradigm shifts with relation to trends in religion and philosophy.

CPTR 593 - Topics  |  3 hours
Topics of current significance in computer science.

CPTR 595 - Independent Study  |  3 hours
Individual study and research under the supervision of a graduate faculty member. Only two independent study courses (a total of no more than six hours) are allowed to apply toward the Master of Science in Computer Science degree. Must be approved by the School of Computing before beginning the independent study.

CPTR 598 - Project  |  1-3 hours
A project consisting of significant work by an individual student. Involves the preparation of a project proposal, including a review of the literature, completion of the project, and preparation of a report, all under the guidance of a project adviser. The School of Computing must approve the project topic and the adviser. The student must successfully defend their project in a public, oral presentation. Note: This course must be taken for a total of at least six hours prior to the presentation. After all course work for the Master's program has been completed the student must take at least one hour project credit per semester until the project is completed.

CPTR 599 - Thesis  |  1-3 hours
A body of original scholarly work by an individual student. Involves the preparation of a research proposal, including a review of the literature, under the guidance of a thesis adviser, and its subsequent implementation. The School of Computing must approve a thesis committee consisting of the thesis adviser and two or more other faculty members. The student must successfully defend their thesis in a public, oral defense. Note: This course must be taken for a total of at least six hours prior to thesis defense. After all course work for the Master’s program has been completed the student must take at least one hour thesis credit per semester until the thesis is completed.
EDUCATIONAL ADMINISTRATION AND SUPERVISION

EDAD 520 - Foundations of Instructional Leadership | 3 hours
This course discusses the purposes, organization, and administration of educational programs and institutions; the structure and control of school systems; and conceptual foundations of instructional leadership. Special emphasis is given to servant leadership, diversity, Biblical foundations of administration, spiritual dynamics within the organization and with the broader community, and the distinctive philosophy and mission of Christian educational programs. This includes the completion of a position paper.

EDAD 545 - Supervision of Instruction | 3 hours
Designed for principals, superintendents, and instructional supervisors concerned with the improvement of teaching and learning through instructional leadership and professional supervision.

EDAD 570 - Personnel Administration | 3 hours
This course includes supervision of personnel and instruction; explanations of personnel policy determination; procedures employed in recruitment, selection, appointment, and induction of personnel; partnerships between personnel and community agencies; the formulation and administration of salary schedules; provisions for professional welfare and inservice improvement of personnel.

EDAD 573 - Educational Facilities Planning | 3 hours
A study of the planning of educational facilities, including buildings, equipment, and sites as influenced by educational philosophy, need, and financial resources available. Management of educational facilities is also addressed.

EDAD 574 - Legal Aspects of Education | 3 hours
Legal issues affecting teachers and educational administrators are covered. These include governmental relations, the church-state relationship, teacher employment, student control, children’s rights, special services, and school board operations and procedures.

EDAD 577 - School Public Relations | 3 hours
A study of the means for securing cooperative educational planning through mutual understanding between the school and its public. The interpersonal process in educational organizations, communications, and group dynamics for educational administrators are also studied. Students will develop an individualized sample marketing plan for use at their school.

EDAD 579 - School Finance | 3 hours
A study of school financial statements and budgets. Financial and economic issues affecting educational institutions, including school support, costs of education, sources of school revenue, and school budgeting processes are considered.

EDAD 594 - Clinical Practice | 3 hours
Prerequisite(s): EDUC 591. Candidates are immersed in the learning community and provided opportunities to demonstrate competence in the professional role of instructional leadership as administrators. Expectations of this course include collaboration with other researchers and Unit faculty, as well as an administrative evaluation. The action research proposal provides the
framework for the culminating activity. Arrangements for this course should be made with the faculty adviser while the student is enrolled in EDUC 591.

**EDAD 595 - Independent Study in Educational Administration | 1-3 hours**

Prerequisite(s): Consent of the School of Education and Psychology. Individual research/study project in educational administration under the supervision of a graduate studies professor. This course may be repeated. A total of no more than six Independent Study hours are allowed to apply toward a student’s degree.

**INSTRUCTIONAL LEADERSHIP**

**EDIL 535 - Philosophy of Education | 3 hours**

In-depth study of the philosophical foundations of education. Reviews the major schools of philosophic thought and theories of education. Explores connections between philosophy, education theory, and educational practice; probes current issues and reforms. Scriptural frameworks and Christian education principles as expounded by E. G. White are incorporated.

**EDIL 545 - Foundation of Curriculum Development | 3 hours**

A study of philosophical, historical, psychological, and sociological foundations, principles, and issues of curriculum development. Emphasis is given to Biblical-Christian perspective.

**EDIL 546 - Improving Instruction | 3 hours**

The strength and effectiveness of teaching models are presented. Innovation in lesson preparation, delivery, and assessment are studied, as well as integrating technology in the classroom. Students develop their ability to reflect on their own teaching performance and become skilled in supporting other teachers.

**EDIL 561 - Instructional Design | 3 hours**

The candidates analyze, develop, and improve instructional designs at the elementary or secondary level. Topics will include foundations of curriculum development, curriculum mapping, understanding by design, and 4MAT, among others.

**EDIL 565 - Seminar: Trends in Education | 3 hours**

Trends and issues in curriculum and instruction are discussed, as well as ideas of educational reformers and recognized leaders, and their critics.

**EDIL 570 - Educational Assessment | 3 hours**

Designed to increase the student’s understanding and application of traditional and innovative techniques of educational assessment including use of technological resources. Both learning and teaching assessment are covered.

**EDIL 594 - Clinical Practice | 3 hours**

Prerequisite(s): EDUC 591. Candidates are immersed in the learning community and provided opportunities to demonstrate competence in the professional role of instructional leadership in the area of declared emphasis. Expectations of this course include collaboration with other researchers and Unit faculty, as well as an administrative evaluation. The action research proposal provides the framework for the culminating activity. Arrangements for this course should be made with the faculty adviser while the student is enrolled in EDUC 591.
EDIL 595 - Independent Study in Instructional Leadership  |  1-3 hours
Prerequisite(s): Consent of the School of Education and Psychology. Individual research/study project in instructional leadership under the supervision of a graduate professor. A total of no more than six Independent Study hours are allowed to apply toward a student’s degree.

LITERACY EDUCATION

EDLE 527 - Implementing Reading Workshop  |  3 hours
A course designed to immerse the graduate student in the rationale and instructional structures of a Reading Workshop approach to the teaching of reading. Issues of diversity within the context of Reading Workshop will be addressed. The course includes a significant applications component designed to assist students in translating theory into practice. Offered concurrently with EDLE 537.

EDLE 537 - Implementing Writing Workshop  |  3 hours
A course designed to immerse the graduate student in the writing process as well as in the rationale and instructional structures of a Writing Workshop approach to the teaching of writing. Issues of diversity within the context of Writing Workshop will be addressed. The course includes a significant applications component designed to assist students in translating theory into practice. Offered concurrently with EDLE 527 so that students see the interconnectedness of reading and writing.

EDLE 565 - Critical Thinking in Content Literacy  |  3 hours
Study is given to the theoretical framework for teaching literacy in the content areas. Instructional strategies for facilitating critical thinking, particularly in the context of the Bible, are modeled and practiced. Strategies are also taught that are designed to enhance critical and creative thinking, as well as academic performance in reading, writing, listening, talking, viewing, and visual representation in all content areas.

EDLE 567 - Literacy Instruction in Primary Classrooms  |  3 hours
An advanced course focusing on the literacy development of K-2nd grade students. Theory and research relevant to literacy instruction in the primary grades are studied within the context of developmentally appropriate instructional approaches and practice. The course also examines the implications and practices for facilitating successful literacy instruction for English Language Learners. This includes the completion of a position paper.

EDLE 573 - The Art of Teaching Writing  |  3 hours
This class is designed for students wishing to immerse themselves in the study of living like a writer. This study will focus on an in-depth study of authors who share what it means to live like a writer as they craft writing. Children’s literature will be studied in light of the writing craft. Students will also focus on applying the skills of conferring to assist child authors in crafting their writing.

EDLE 586 - Professional Applications in Literacy  |  3 hours
Prerequisite(s): Completion of at least 9 hours of EDLE courses. Provides opportunity for individual students to identify an area of particular passion in literacy. In cooperation with the professor, students design a proposal specifying a plan for applying what has been learned within the context of the professional community rather than the individual classroom. This class will enable graduate students to work in collaboration with the university professor to enhance literacy development in a community or professional setting.
EDLE 594 - Clinical Practice  |  3 hours
Prerequisite(s): EDUC 593. Candidates are immersed in the learning community and provided opportunities to demonstrate competence in the professional role of instructional leadership in the area of literacy education. Expectations of this course include collaboration with other researchers and Unit faculty, as well as an administrative evaluation. The action research proposal provides the framework for the culminating activity. Arrangements for this course should be made with the faculty adviser while the student is enrolled in EDUC 593.

EDLE 595 - Independent Study in Literacy Education  |  1-3 hours
Prerequisite(s): Consent of the School of Education and Psychology. Individual research/study project in literacy education under the supervision of a graduate professor. A total of no more than six Independent Study hours are allowed to apply toward a student’s degree.

OUTDOOR EDUCATION

EDOE 503 - Principles and Concepts of Outdoor Education  |  2 hours
Corequisite(s): EDOE 504. This course covers the basic concepts and the history of the outdoor education movement. Scope of contemporary programs in the U.S. and abroad are also addressed. The course also includes the examination of the teaching of learning processes relevant to outdoor and environmental education. Must be taken concurrently with Outdoor Intensive Lab.

EDOE 504 - Field Experience in Principles and Concepts of Outdoor Education  |  1 hour
Corequisite(s): EDOE 503. Experiences in this course are designed to support and supplement the theoretical foundations presented in Principles and Concepts of Outdoor Education (EDOE 503) through the on-site examinations of schools, nature centers, and residential camps.

EDOE 513 - Nature Study  |  2 hours
Corequisite(s): EDOE 514. A field course for teachers and outdoor leaders to increase their knowledge, confidence, and awareness of nature. Interpretation of urban and rural wildlife that could be encountered by the teacher and students in the outdoor classroom will be covered. Must be taken concurrently with Outdoor Intensive Lab.

EDOE 514 - Field Experience in Nature Study  |  1 hour
Corequisite(s): EDOE 513. The experiences in this course are designed to support and supplement the lectures presented in Nature Study (EDOE 513) and provide practical field experiences to help outdoor teachers use field keys, observe nature, and acquire skills needed for studying plants and animals in a variety of habitats.

EDOE 523 - Leadership in Outdoor Education  |  2 hours
Corequisite(s): EDOE 524. This course is for outdoor leaders and gives training in planning, organizing, and implementing outdoor programs for children, youth, and adults. Experiences include evaluating the operations of camp, recreation, and residential programs. Must be taken concurrently with Outdoor Intensive Lab.

EDOE 524 - Field Experience in Leadership in Outdoor Education  |  1 hour
Corequisite(s): EDOE 523. The experiences in this course are designed to support and supplement the theoretical foundations presented in Leadership in Outdoor Education (EDOE 523) and to provide opportunities for students to conduct on-site evaluations of outdoor education programs, and their curricula, staffing, and financial management.
EDOE 528 - Interpretation of Natural and Historical Resources  |  2 hours  
This course will examine the fundamental principles of natural and historical interpretation. Students will research local resources in order to develop interpretive programs. Particular attention is given to contemporary methods of interpretation in parks, nature centers, camps, and other outdoor settings. Must be taken concurrently with Outdoor Intensive Lab.

EDOE 533 - Developing Outdoor Teaching Sites  |  2 hours  
Corequisite(s): EDOE 534. This is an intensive seminar designed to provide practical field experience in developing a wide range of activities for the school yard, park, or use in a resident facility. Participants in this seminar will develop materials and implement them at a camp or environmental school site. Must be taken concurrently with Outdoor Intensive Lab.

EDOE 534 - Field Experience in Developing Outdoor Teaching Sites  |  1 hour  
Corequisite(s): EDOE 533. This course is designed to support and supplement Developing Outdoor Teaching Sites (EDOE 533) and to provide practical field experiences in developing curriculum, as well as trails, gardens, ropes courses, or other physical needs of an outdoor site. The students will complete a project at a camp, nature center, or school yard site. Must be taken concurrently with Outdoor Intensive Lab.

EDOE 535 - Outdoor Therapy: Design and Procedures  |  2 hours  
Corequisite(s): EDOE 536. This course provides opportunity for an examination of group design, procedure, and dynamics used as a therapeutic tool in the outdoor setting. Must be taken concurrently with Outdoor Intensive Lab. Lab fee 8 will be assessed for this course.

EDOE 536 - Field Experience in Outdoor Therapy  |  1 hour  
Corequisite(s): EDOE 535. The experiences in this course are designed to support and supplement the theoretical foundations presented in Outdoor Therapy: Design and Procedures (EDOE 535), and to provide hands-on training in outdoor therapeutic settings.

EDOE 537 - Lab Experience: Technology in Outdoor Education  |  1 hour  
Must be taken concurrently with EDOE 538. This course is designed to support and supplement Technology in Outdoor Education (EDOE 538) and to provide practical laboratory experiences in surveying, sampling, or collecting data for biological research.

EDOE 538 - Technology in Outdoor Education  |  2 hours  
This course will provide participants with knowledge of various types of equipment used in surveying, sampling, or collecting data for biological research. Participants will work with professionals in the field to develop the skills needed to use equipment, and then learn ways to involve their students in similar activities in the outdoor classroom. Must be taken concurrently with Outdoor Intensive Lab.

EDOE 543 - Environmental Ministries  |  2 hours  
This seminar will focus on the use of nature study to lead children and youth to Christ. It is designed for teachers and youth leaders who want to learn more about using nature as a tool for witnessing. Participants will learn to use nearby and/or familiar locations for environmental understanding and inspiration. This includes the completion of a position paper.

EDOE 553 - Ecology Education  |  2 hours  
A study of the interrelationships of plants, animals, and their environment. Field work will introduce the teacher to actual activities and simple sampling techniques that can be
reproduced in the classroom and outdoor teaching site. Must be taken concurrently with Outdoor Intensive Lab.

**EDOE 563 - Wilderness Stewardship | 2 hours**

An intensive backcountry camping course to be taught entirely in the field. It will provide the student with basic knowledge and understanding of minimal environmental impact while pursuing outdoor recreational activities. Professional reading will be required prior to the trip from writers such as Thoreau, Leopold, Muir, Carson, and other voices of stewardship. Must be taken concurrently with Outdoor Intensive Lab.

**EDOE 564 - Special Topics | 1-4 hours**

Topics of current significant and interest in outdoor education are covered. Must be taken concurrently with Outdoor Intensive Lab. This course may be repeated for a maximum of 6 hours.

**EDOE 565 - Nature Journaling | 1-2 hours**

This class will help the student explore the natural world through journaling. It focuses on writing and revising a journal. The creative process and the elements of good writing, including the discovery process, writing introductions and conclusions, using concrete and specific language and appropriate style will be discussed. Lab fee 4 will be assessed for this course.

**EDOE 568 - Nature Photography | 1-2 hours**

A theoretical and practical study of photography as a means of communicating and recording nature. Topics will include outdoor lighting, composition, exposure, color, and choosing equipment and film for nature photography. Students need their own cameras. Lab fee 3 will be assessed for this course.

**EDOE 573 - Outdoor Curriculum and Methods, Grades 1 - 6 | 1-2 hours**

This course may focus on any of the following areas of emphasis: art, music, language arts, math, social studies, science, technology, health, or physical education. The student will collect and organize a file of teaching materials appropriate for outdoor education and evaluate outdoor education activities. Twenty (20) hours of field experiences in selected outdoor schools and attendance at selected professional meetings are considered a part of this course. The course may be repeated with different emphases. Lab fee 2 will be assessed for this course.

**EDOE 574 - Outdoor Curriculum and Methods, Grades 7 - 12 | 1-2 hours**

This course may focus on any of the following areas of emphasis: English, history, math, social studies, science, technology, health or physical education. Students will collect and organize a file of teaching materials appropriate for outdoor education and will evaluate outdoor education activities. Twenty (20) hours of field experience in selected outdoor schools and attendance at selected professional meetings are considered a part of this course. The course may be repeated with different emphases. Lab fee 2 will be assessed for this course.

**EDOE 575 - Internship in Outdoor Education | 1-4 hours**

An internship designed to meet the particular needs and interests of the individual participant. Internship will be conducted in cooperation with a day or residential outdoor education facility. A minimum of forty (40) clock hours is required for each semester hour of credit. Arrangements for this course should be made with the faculty adviser while the student is enrolled in EDUC 591. This course may be repeated for a maximum of four (4) semester hours total.
EDOE 576 - Outdoor Intensive Lab—Fall | 0 hours
This is required 10-day lab for any student attending a Fall Outdoor Education Field Intensive session. Lab fee 19 will be assessed for this course.

EDOE 577 - Outdoor Intensive Lab—Winter | 0 hours
This is a required 10-day lab for any student attending a Winter Outdoor Education Field Intensive session. Lab fee 15 will be assessed for this course.

EDOE 578 - Outdoor Intensive Lab—Summer | 0 hours
This is a required 10-day lab for any student attending a Summer Outdoor Education Field Intensive session. Lab fee 12 will be assessed for this course.

EDOE 585 - Workshop in Outdoor Education | 1-4 hours
Various topics in outdoor education, including nature study, adventure programming, curriculum, and wilderness medical certification may be covered. The class will be taught in a location suitable for the topic being covered. This course may be repeated with different topics. A minimum of lab fee 2 will be required. Additional lab fees may be assessed depending on credits.

EDOE 593 - Adventure-Based Counseling | 2 hours
A survey course introducing teachers, camp professionals, and outdoor professionals to adventure-based counseling activities. Theoretical perspectives/foundations, activity implementation, and assessments will be the core of the instruction. Specific attention will be given to issues in group diversity including age, gender, ethnicity, and socioeconomics. Must be taken concurrently with Outdoor Intensive Lab.

EDOE 595 - Independent Study in Outdoor Education | 1-3 hours
Prerequisite(s): EDOE 503 and consent of the School of Education and Psychology. Individual research/study project in outdoor education under the supervision of a graduate studies professor. May be conducted at a school or camp site. A maximum of six Independent Study hours are allowed to apply toward a student’s degree.

EDUCATION

EDUC 521 - Theories of Learning | 3 hours
A Biblical view of the learner and the learning process is used to examine current approaches to learning theory. Behaviorist and cognitive learning theories, as well as adult teaching practices, are examined as they relate to theoretical perspectives. Theoretical principles are then used to devise practical teaching and learning methodologies.

EDUC 531 - Technology and the Educator | 3 hours
Study and analysis of the integration of technology in learning environments. The course examines technology-related issues from instructor, student, and administrator perspectives. Issues include the philosophy of and need for technology, learning outcomes associated with the use of technology, implementation of and problems associated with technology in the instructional environment, and technology related to administrative function and professional development. This course also seeks to provide the educator with an array of professional competencies so as to optimally leverage technology for instructional ends. This course incorporates a hands-on approach and assumes basic competencies in word processing, presentation software, Internet usage, and the Windows operating system. Lab fee 5 will be assessed for this course.
EDUC 532 - Psychology and Behavior of Exceptional Individuals  |  3 hours
This course is focused on the psychological aspects of exceptionality and the implications for classroom management. The course provides an opportunity for in-depth examination and administration of various models and techniques for the management of exceptional individuals according to counseling and psychology theory.

EDUC 543 - Assessment of Exceptional Individuals  |  3 hours
This course provides an opportunity for examination and administration of assessment measures for exceptional individuals. On-site field experience is required. Teachers will learn how to administer screening instruments and draw instructional implications from these. Case studies will be reviewed and teachers will be assisted in determining when a student should be referred for further professional testing.

EDUC 565 - Topics in Education  |  1-3 hours
Selected topics in education. This course may be repeated with an appropriate change in topic.

EDUC 566 - Seminar: Trends and Issues in Education  |  1-3 hours
Analysis of current and emerging educational trends. This course also involves exploration of curricular concerns and/or instructional issues which shape the teaching/learning process.

EDUC 567 - Curriculum and Strategies for Children with Learning Differences  |  3 hours
Planning, developing, and implementing curriculum for exceptional students is the focus of this course. Study will include the application of the three-tier model of Response to Intervention in order to tailor instruction for students with varied learning needs in the multiage classroom. The North American Division REACH Manual will also receive special emphasis in this course.

EDUC 577 - Reading Assessment and Remediation  |  3 hours
This course examines the various causes of reading difficulties and the instructional procedures, strategies, and materials for remediating those difficulties. This course involves the application of course content in a field experience with K-8 students.

EDUC 588 - Statistics  |  3 hours
This course is designed to provide the basic knowledge of descriptive and inferential statistics to be applied to educational research. Topics covered include measure of central tendency and variability; correlation and regression; testing of hypothesis using the normal; binomial t, F, and chi-square distribution.

EDUC 591 - Methods of Educational Research  |  3 hours
Fundamentals of research methodology are covered. This course examines the forms, methods, and tools of scholarly research which facilitates the development and presentation of a research proposal. Recommended for Instructional Leadership and Outdoor Education students. (Even years)

EDUC 593 - Educational Action Research  |  3 hours
Fundamentals of research methodology are covered. This course examines the forms, methods, and tools of scholarly research which facilitates the development and presentation of an action research proposal. Students transferring this credit must submit an approved action research proposal. Recommended for Literacy Education students. (Odd years)
EDUC 595 - Independent Study in Education  |  1-3 hours
Prerequisite(s): Consent of the School of Education and Psychology. Individual research/study project in education under the supervision of a graduate studies professor. A total of no more than six Independent Study hours are allowed to apply toward a student's degree.

EDUC 598 - Master's Thesis  |  3-6 hours
A body of original scholarly work by an individual student. Involves the preparation of a research proposal, under the guidance of a thesis adviser, and its subsequent implementation. The final report will consist of the following sections: (1) Focus of the Study, (2) Review of the Literature, (3) Methodology of the Study, (4) Results of the Study, and (5) Discussion of the Findings. Both the proposal and the final report must be approved by a thesis committee, consisting of the thesis adviser and two other faculty members. The thesis committee must be approved by the School of Education and Psychology. In addition, the student must complete an oral defense of the thesis before their thesis committee, the faculty adviser, the Dean of the School of Education and Psychology, and the Dean of Graduate Studies. The oral defense will typically consist of a visual presentation, followed by a question/answer session. Note: This course must be taken for a total of 6 hours prior to thesis defense.

FINANCE

FNCE 505 - Principles of Finance  |  3 hours
Corequisite(s): ACCT 505 or equivalent. A study of the fundamental principles of financial organization. Emphasis is on instruments of finance, policies of capitalization, problems pertaining to working capital, and corporate expansion and reorganization.

FNCE 510 - Financial Management  |  3 hours
Prerequisite(s): FNCE 315, FNCE 505 or equivalent. This course is cross-listed with BUAD 520. A student may receive credit for this course from only one program. Understanding and analyzing information for decision making. The financial environment, financial statement analysis, operating, cash and capital budgeting, working capital management, interest mathematics, and cost of capital are discussed.

FNCE 515 - Applied Corporate Finance  |  3 hours
Prerequisite(s): BUAD 520 or FNCE 510. This course utilizes a case study format to apply financial theory, tools, and techniques in analyzing and addressing business decisions. The type of business decisions addressed include valuation of cash flows, capital budgeting, risk, and return, cost of capital, working capital, and leasing issues.

FNCE 520 - Finance Theory  |  3 hours
Prerequisite(s): BUAD 520 or FNCE 510. This course is cross-listed with ACCT 520. A student may receive credit for this course from only one program. This course provides a survey of theories applied to corporate finance. Emphasis is given to theories applicable to asset pricing models, theory of interest rates, financial markets and valuation of assets, decisions under uncertainty, efficient capital markets, and portfolio theory, but other theories frequently used in financial decision making may also be introduced. These theories are then used to critically evaluate current and past financial decision making behavior with empirical evidence from corporate settings.
FNCE 525 - International Finance | 3 hours
Prerequisite(s): BUAD 520 or FNCE 510. Covers a detailed examination of the foreign exchange market, exchange rate determination, international financial institutions, and the management of the risks associated with international business.

FNCE 530 - Controllership | 3 hours

Includes consideration of investment instrument choices that are available to the investor and the purpose and operation of U.S. and global capital markets. The course also covers the methods of evaluation for current and future investment opportunities in the expansion of a portfolio of investments that satisfies an investor’s risk-return goals.

FNCE 562 - Derivatives | 3 hours
Prerequisite(s): FNCE 315, FNCE 505 or equivalent. This course covers the origin of derivative instruments, valuation, and application by financial institutions to manage risk and speculate. Derivatives come by their name honestly in that they derive their value from some underlying...
asset, such as equity securities, debt securities, currencies, and commodities, etc. Topics related to the following derivative contracts will be covered: options, forwards, future contracts, and swaps.

**FNCE 564 - Financial Statement Analysis | 3 hours**
*Prerequisite(s): BUAD 520 or FNCE 510. This course is cross-listed with ACCT 564. A student may receive credit for this course from only one program. See ACCT 564 for course description.*

**FNCE 585 - Contemporary Issues in Finance | 3 hours**
A seminar format with guest lectures relating to current issues developing in Finance.

**FNCE 595 - Independent Study | 3 hours**
Individualized research into a selected topic chosen by the faculty adviser and the student.

**FNCE 597 - Finance Research | 3 hours**
A research project under the supervision of a faculty in the discipline, which includes review of literature, research design, data collection and analysis leading to a paper appropriate for professional publication and/or presentation.

**GLOBAL COMMUNITY DEVELOPMENT**

**GCDP 505 - Foundations of Christian Values and Witness in Development/Relief | 2 hours**
*In this Knowledge Building rotation course students will assimilate Biblical perspectives for abundant life, transformation, servanthood, and the role of Christian witness in sustainable development missiology.*

**GCDP 510 - Theories of Global Community Development/Relief | 2 hours**
*In this Knowledge Building rotation course students will examine diverse theoretical approaches for planning, conducting and evaluating community-owned development/relief projects.*

**GCDP 515 - Principles of Development Entrepreneurship | 2 hours**
*In this Knowledge Building rotation course students will identify resource generation opportunities and craft entrepreneurship strategies that ensure sustainable community change.*

**GCDP 520 - Techniques for Project Planning and Capacity Building | 2 hours**
*In this Knowledge Building rotation course students will explore and define how they will train community leaders to plan, propose, budget and staff results-oriented development/relief projects.*

**GCDP 525 - Methods of Scholarship in Development/Relief | 2 hours**
*In this Knowledge Building rotation course students will demonstrate research scholarship skills necessary for facilitating evidenced-based and results-oriented community practice outcomes.*
GCDP 528 - Preparation for Global Service  |  1 hour
In this Knowledge Building rotation course students will prepare for their deployment to the project site of their Experiential Learning rotation. Logistical, safety, and practical preparedness will be addressed.

GCDP 550 - Community Training and Assessment  |  2 hours
Prerequisite(s): Successful completion of GCDP 505, GCDP 510, GCDP 515, GCDP 520, GCDP 525 and GCDP 528 coursework. In this Experiential Learning course students will practice participatory leadership while engaging, training, and supporting key stakeholders as they conduct their community-owned baseline assessments.

GCDP 555 - Families, Children and Special Populations  |  2 hours
Prerequisite(s): Successful completion of GCDP 505, GCDP 510, GCDP 515, GCDP 520, GCDP 525 and GCDP 528 coursework. In this Experiential Learning course students will mentor community members to generate locally contextual advocacy and action plans and/or social marketing campaigns that strengthen families and vulnerable children while empowering marginalized and/or special indigenous populations.

GCDP 560 - Politics and Legal Issues in Community Development  |  2 hours
Prerequisite(s): Successful completion of GCDP 505, GCDP 510, GCDP 515, GCDP 520, GCDP 525, and GCDP 528 coursework. In this Experiential Learning course students will engage local communities to advocate with local, government, and national key stakeholder groups. Additionally, they will identify legal issues that could impact their projects.

GCDP 564 - Seminar: Trends in Development/Relief  |  1-4 hours
In this seminar, contemporary trends, issues and/or practices in global community development/relief are explored in the context of how they can improve sustainable impacts across diverse sectors. (Variable)

GCDP 565 - Special Topics Seminar  |  1 hour
In this seminar, students will explore topics of current significant and/or professional interest for a specific sector in global community development/relief. Students will do one credit during each Field Application rotation semester in which they are enrolled for internship. Two hours of credit are required to graduate. (variable)

GCDP 570 - Community Organizing and Mobilization  |  2 hours
Prerequisite(s): Successful completion of GCDP 505, GCDP 510, GCDP 515, GCDP 520, GCDP 525 and GCDP 528 coursework. In this Experiential Learning course students will organize and mobilize community members as they do strategic planning, project design, and proposal development for their multi-sector community change interventions.

GCDP 575 - Community-Owned Project Management  |  2 hours
Prerequisite(s): Successful completion of GCDP 505, GCDP 510, GCDP 515, GCDP 520, GCDP 525 and GCDP 528 coursework. In this Experiential Learning course students will train and mentor community members in leadership development, project implementation, and management cycle.

GCDP 580 - Evidence-based Project Monitoring and Evaluation  |  2 hours
Prerequisite(s): Successful completion of GCDP 505, GCDP 510, GCDP 515, GCDP 520, GCDP 525 and GCDP 528 coursework. In this Experiential Learning course student will share, use, and document best practices and data that encourage accountability in project efficiency and effectiveness while fostering honest and transparent use of project and community resources.
GCDP 592 - Field Practice Internship | 1-7 hours
Prerequisite(s): Consent of the program director and successful completion of GCDP 550, GCDP 555, GCDP 560, GCDP 570, GCDP 575 and GCDP 580. In this Field Application rotation practice internship, advanced graduate students develop an Individual Internship Learning Plan (IILP) with a program mentor. Two semesters of practice experience building (approximately 30 weeks) at a project-based internship with a minimum of 700 total hours (100 hours per credit) are required to evidence competency of knowledge, values, and skills as outlined in the degree curriculum. This course will be graded pass/fail. Seven hours of credit are required to graduate. (Variable)

GCDP 595 - Independent Study | 1-4 hours
Prerequisite(s): Consent of the program director. This course option facilitates individual research/study project in global community development under the supervision of a degree faculty mentor. A maximum of six independent study hours are allowed to apply toward a student’s degree. (Variable)

GCDP 599 - Learning Documentation and Defense | 1 hour
Prerequisite(s): Consent of the program director and successful completion of all program coursework. This Learning Outcome rotation course hosts the capstone event for evidencing candidacy degree competencies via e-folio completion, administrative clearances, and successful oral defense. If a student chooses to extend this defense process beyond one semester, they must register for this class again each additional semester until their defense is successfully completed.

HEALTHCARE ADMINISTRATION

HADM 520 - Operations Management and the Clinical Professional | 3 hours
Concepts of decision models for planning, control, forecasting, scheduling, and analysis. Guest lectures from clinical areas included.

HADM 530 - Healthcare Administration | 3 hours
The theory and practice of healthcare in Western culture. Different types of care delivery studied. Environments, services offered, process of entry into care systems. Health and quality of care, medical ethics, environmental health, and delivering of services addressed. Designed for all avenues of healthcare.

HADM 532 - Healthcare Economics and Finance | 3 hours
This course explores healthcare finance and economics from the perspective of healthcare providers and non-financial managers of health services. Financial management principles, the healthcare reimbursement system, reimbursement process, and factors influencing the financial environment are discussed with emphasis on strategies to promote and sustain the financial viability of healthcare. Theory and application are integrated throughout the course with a particular focus on the clinical role of the DNP and other healthcare professionals within the contemporary healthcare environment.

HADM 536 - Advanced Nursing Leadership and Role Development | 3 hours
Prerequisite(s): Permission of program coordinator. This course is cross-listed with NRSG 578 in the School of Nursing. A student may receive credit for this course from only one program. See NRSG 578 for course description.
**HADM 545 - Healthcare Policy | 3 hours**

This course is cross-listed with NRSG 540 in the School of Nursing. A student may receive credit for this course from only one program. Healthcare policy supports the delivery and financing of healthcare. This course reviews the policy analysis process, the push and pull of specific healthcare goals, the constraining effects of resource limitations, and the resulting healthcare system in the United States. Benefits and drawbacks associated with healthcare systems both within and outside of America will be considered.

**HADM 552 - Healthcare Marketing and Human Resources | 3 hours**

The provision of healthcare within the United States includes features that are unique with respect to the marketing of healthcare services. Additionally, healthcare professionals operate within an environment that recognizes superior human resource knowledge and skills. This course addresses marketing for healthcare facilities, and human resource opportunities and realities that exist within the healthcare industry. Legal and cooperative relationships within the industry will be explored.

**HADM 555 - Communication and Professional Relationships | 3 hours**

The healthcare industry typically involves many semi-autonomous groups coalescing around individual patients in order to provide services. The professionalism with which these groups are communicated and partnered, determines, in part, the quality of the rendered services and the operational health of the providing institution. This course explicitly identifies certain of the professional relationships which exist within healthcare and provides strategies for effectively meeting the needs of other professional groups, especially with respect to communication.

**HADM 585 - Contemporary Issues in Healthcare Administration | 3 hours**

A seminar of open discussion and guest lectures relating to current issues developing within the healthcare industry. Included in the discussion will be topics in healthcare finance and legal issues.

**HADM 595 - Independent Study | 3 hours**

Individualized research into a selected topic chosen by the faculty adviser and the student.

**HADM 597 - Healthcare Administration Research | 3 hours**

A research project under the supervision of a faculty in the discipline, which includes review of literature, research design, data collection and analysis leading to a paper appropriate for professional publication and/or presentation.

**NONDEPARTMENTAL**

**NOND 500 - Facilities Use | 0 hours**

Required for the student not otherwise registered during any semester when student uses university facilities and/or faculty time before degree is completed. Credit Restriction: May not be used toward degree requirements. Grading Restriction: Satisfactory/No Credit grading only. Repeatability: May be repeated.
CHURCH AND NONPROFIT LEADERSHIP

NPLD 550 - Leadership in Organizations  |  3 hours
This course is cross-listed with MGNT 450. A student may receive credit for this course from only one program. This course is a non-quantitative exploration of leadership allowing students to engage in an in-depth study of how they can develop as successful organizational leaders. The strengths and weaknesses of various leadership approaches (including Great Man, behavioral, contingency, transformational, servant leadership and shared leadership) are compared. Other course topics may include the Biblical teaching on leadership, conflict management and/or approaches to leading organizational change. Students are required to obtain hands-on leadership experience during the semester outside of class as part of the course requirements.

NPLD 552 - Christian Missionary Entrepreneurship  |  3 hours
This course is cross-listed with MGNT 452. A student may receive credit for this course from only one program. This course familiarizes students with the complex range of decisions and activities that arise in the initiation and operation of a nonprofit organization. This is accomplished by an immersive academic experience that involves students directly in service for others within the context of the Seventh-day Adventist faith. In addition to real-world challenges, participants study text, online, and periodical material to provide an intelligent consideration of corporate forms, sources of revenue, constituencies, operational considerations, and nonprofit products and services. This class includes exploring relevant readings from E. G. White.

NPLD 555 - Managing Nonprofit Policies, Power, and Politics  |  3 hours
This course analyzes and evaluates the presence of policies, power, and politics in nonprofit organizations from a Christian ethics perspective. Topics include the dynamics of organizational influence, the development and impact of organizational policies, functional and dysfunctional organizational politics, and the Christian’s responsibilities with respect to the use of influence and organizational political behavior.

NPLD 560 - Nonprofit Governance and Ethics  |  3 hours
This course explores the internal and external governance process for nonprofit organizations, the importance of trust and trustworthiness in organizations, the work of the board of trustees as an oversight body, the relationship between trustees and the NPO administrator, the fundamental governance problems that NPOs face, and the ethical issues that individuals involved with governance face as they fulfill their oversight responsibilities.

NPLD 570 - Strategic Management in Nonprofit Organizations  |  3 hours
The integration and application of strategic management principles, concepts, and practices in nonprofit organizations are discussed. The development of mission statements, goal-setting concepts, and strategy formulation and implementation approaches are included. Students are provided the opportunity to design organizational plans and strategies relevant to their specific needs and the needs of their organizations.

NPLD 585 - Contemporary Issues in Church and Nonprofit Leadership  |  3 hours
A seminar format with guest lectures relating to current issues developing in nonprofit organizations. Key issues include the role of spiritual values, ethics, religious leadership, motivation, change, etc.
NPLD 595 - Independent Study | 3 hours
Individualized research into a selected topic chosen by the faculty adviser and the student.

NPLD 597 - Nonprofit Leadership Research | 3 hours
A research project under the supervision of a faculty in the discipline, which includes review of literature, research design, data collection and analysis leading to a paper appropriate for professional publication and/or presentation.

NURSING

NRSG 500 - Individual Study and Clinical Practice | 1-3 hours
Prerequisite(s): Permission of dean or program coordinator. Personalized study designed to make up deficiencies in a student's undergraduate program. Hours do not count towards MSN degree.

NRSG 505 - Directed Study and Research | 1-3 hours
Prerequisite(s): Permission of dean or program coordinator. Directed study and/or research in nursing designed to meet the needs of the individual student.

NRSG 515 - Theoretical Concepts of Nursing | 2 hours
Prerequisite(s): Admission to the program or permission of dean or program coordinator. A survey of the theories and concepts of nursing science as applied to the increase in substantive nursing knowledge. A wholistic Christian perspective is taken on major issues involved in the development of nursing knowledge. Critique of theory is applied to the Neuman Systems Model and other selected models and theories. Lab fee 5 will be assessed for this course.

NRSG 520 - Health Promotion Across the Lifespan | 3 hours
Prerequisite(s): Admission to the program or permission of dean or program coordinator. A course emphasizing use of developmental psychological, sociocultural, physiological, and spiritual approaches to attain and maintain optimal health in the face of stressors inherent in a sinful world. Biblical principles and SDA-specific approaches to healthy lifestyle are examined. Change theory, nursing theories, learning theories, and health promotion principles and frameworks are used to design and evaluate interventions that enhance client's flexible line of defense.

NRSG 527 - Nursing Research: Foundations of Evidence-based Practice | 4 hours
Prerequisite(s): NRSG 316 or equivalent basic statistics. Focuses on the steps of ethical quantitative and qualitative research and on understanding and utilizing research studies as the basis for advanced practice. Application and interpretation of descriptive and inferential statistics are included. Emphasizes integration of research (evidence) into care of individuals, families, and communities with potential or actual stressors and threats to wellbeing. Lab fee 5 will be assessed for this course.

NRSG 550 - Advanced Pathophysiology | 3 hours
A study of alterations in physiologic systems frequently encountered in primary care, with in-depth analysis of risk factors, pathophysiologic changes, and associated clusters of signs/symptoms. Pathophysiologic theories and research are presented as a basis for advanced practice.
NRSG 552 - Advanced Pharmacology  |  3 hours
*Pre- or co-requisite: NRSG 550. Focuses on the appropriate clinical use of medications in the maintenance and strengthening of the client system's lines of resistance and defense. Emphasis is placed on therapeutic prescription/use of medications in common recurrent health problems.*

NRSG 555 - Advanced Health Assessment  |  4 hours
*Prerequisite(s): Enrollment in core courses or permission of dean or program coordinator. In-depth focus on history taking and assessment of the five variables of the client system. Builds on basic assessment skills through didactic and clinical applications. Includes advanced preparation in obtaining and interpreting ECGs and analyzing radiologic films. Includes a minimum of 60 hours clinical practice. Lab fee 9 will be assessed for this course.*

NRSG 556 - Family and Community Systems  |  3 hours
*Perspectives of family composition, culture, values, ethics, development, growth, and behaviors that influence the well-being of the client in the framework of the community. Methods in assessment of family structure, dynamics, performance, epidemiology, and strengths/weaknesses furnish the basis for developing approaches for primary, secondary and tertiary interventions and improvement of family functions.*

NRSG 565 - Graduate Studies - Topics in Nursing  |  1-3 hours
*Prerequisite(s): Permission of dean or program coordinator. Selected topics designed to meet the needs or interests of students in specialty areas of nursing not covered in regular courses. This course may be repeated for credit.*

NRSG 579 - Practicum Continuance  |  1 hour
*Prerequisite(s): Registration for one semester for any of the following practicum courses: NRSG 585, NRSG 587 or NRSG 591, NRSG 645, NRSG 655, NRSG 663, NRSG 665, NRSG 670, NRSG 671, NRSG 673. Mandatory course for the student requiring additional time beyond one semester to complete clinical practicum hours for any MSN practicum course. The student must register for this course each semester until the practicum course requirements are met and a grade has been issued. (Pass/Fail)*

NRSG 581 - Nursing Curriculum Design  |  3 hours
*Prerequisite(s): Enrollment in core courses or permission of dean or program coordinator. A study of educational philosophy, curriculum development, and design in nursing education. Theories and models for curriculum design and evaluation are examined. Curricular strategies that address the various domains of learning are analyzed. Accreditation implications for curriculum development are reviewed.*

NRSG 583 - Classroom Instruction and Evaluation  |  3 hours
*Pre- or co-requisite: NRSG 581. Learning theories, models, concepts, strategies, and technical innovations for classroom instruction and evaluation are examined. Test design, construction, blue printing, and analysis are included. Elements of this course may be met through attendance at off-site approved educational conferences for nurse educators. Lab fee 5 will be assessed for this course.*

NRSG 585 - Educator Role Practicum: Area of Clinical Emphasis  |  3 hours
*Pre- or co-requisite: NRSG 581, NRSG 583. Opportunities for application of educational strategies in classroom and clinical settings that apply to the student area of clinical emphasis. Includes exposure to other educator roles in a variety of settings. (135 clock hours)
NRSG 587 - Practicum: Advanced Nursing Leadership  |  2 hours
NRSG 578. Leadership practicum that promotes competence for entry into nursing leadership roles in middle or upper management. Students are mentored by nursing leaders in mid to top level administrative positions at a healthcare facility. Involvement in routine management activities and special projects related to quality improvement and safety, information management, communication and collaboration, financial and policy decision-making, and systems evaluation are expected. Includes a minimum of 120 hours of clinical practice. Lab fee 6 will be assessed for this course.

NRSG 591 - Practicum: Area of Clinical Emphasis  |  2 hours
An individualized clinical practicum in the specific area of clinical emphasis chosen by the student designed to foster growth in clinical expertise and enrich the nurse educator role. Ninety clock hours of practice. (Pass/Fail) Lab fee 5 will be assessed for this course.

NRSG 595 - Independent Study  |  1-3 hours
Individual study and research under the supervision of the graduate faculty. Only two independent studies (a total of no more than six hours) are allowed to apply toward a student's degree.

NRSG 611 - Applied Biostatistics in Clinical Research  |  3 hours
This course covers practical concepts of descriptive and inferential statistical methods that will be useful for the advanced practice nurse in analyzing and interpreting clinical practice research. Particular emphasis is given to those issues and skills that are relevant to the development of the Scholarly Project.

NRSG 612 - Practical Epidemiology and Research  |  3 hours
This course is designed to introduce epidemiologic reasoning and research strategies that can be used by the advanced practice nurse to identify and evaluate patterns and determinants of disease frequency in human populations. Students will acquire an understanding of the influence of cultural beliefs and traditional healthcare systems on epidemiology, and the varying roles of the clinician in local, regional, and national public health emergencies.

NRSG 616 - Healthcare Technology and Advanced Practice  |  3 hours
This course is designed to ensure the advanced practice nurse will be able to proficiently use technology and information systems to improve the quality of patient care. Course content includes appropriate use of technology to support practice and administrative decision-making, and selection and evaluation of various information systems and technology within legal and ethical contexts.

NRSG 622 - Genetics and Environment in Disease  |  2 hours
This course introduces the advanced practice nurse to basics concepts of toxicology (including issues in epigenetics and genomics), evidence-based public health intervention strategies, clinical screening/diagnostics, and emerging therapeutics related to environmental and genetic influences on health.

NRSG 623 - Christian Leadership and Management  |  2 hours
This course explores the role of the DNP in healthcare leadership. Students will explore functional managerial roles and processes of planning, leading, organizing, and controlling. Development & utilization of leadership theories based on trait, skill, style, situational, and contingency constructs will be examined. The primary emphasis of the course is a unique Christian perspective on the importance of the Leadership model and the role of transformational leadership in the interaction with organizational culture and performance.
NRSG 635 - Role Development for Advanced Practice Nurses  |  2 hours
Pre- or co-requisite: NRSG 655, NRSG 670 or NRSG 673. This course focuses on professional issues, advanced practice roles, relationships, legal and ethical frameworks for advanced practice, professional practice management, and preparation for advanced practice nurse practitioner certification. Lab fee 7 will be assessed for this course.

NRSG 640 - Primary Care of Adults I  |  3 hours
Prerequisite(s): NRSG 550, NRSG 552, NRSG 555. Primary care course emphasizing primary, secondary, and tertiary care of well and ill individuals across the adult lifespan. Concepts of health promotion, pathophysiology, epidemiology, pharmacology, and physical assessment are integrated throughout. Acute and chronic health problems related to specific body systems are studied. Diagnostic tests are reviewed. Differential and actual diagnoses are discussed based on client presentation. Management plans are formulated based on standards of practice and best evidence. May be taken prior to or after NRSG 650.

NRSG 641 - Introduction to Lifestyle Therapeutics  |  1 hour
This course explores the biological basis and clinical evidence for the use of various evolving lifestyle therapeutics in the context of acute and chronic disease, distinguishing between traditional/conventional and lifestyle management of risk factors. Eight essentials of optimum health as integral components of a healthy lifestyle are examined through use of the CREATION Health model.

NRSG 643 - Educating and Motivating Patients for Lifestyle Changes  |  2 hours
This course is designed to ensure the advanced practice nurse is able to effectively educate and motivate patients for lifestyle change utilizing a variety of resources and considering legal, cultural, and ethical issues.

NRSG 644 - Exercise Modalities for Lifestyle Change  |  3 hours
This course introduces the advanced practice nurse to basic concepts of exercise physiology, metabolism, energy, and the science of kinesiology. Exercise principles are applied to various patient situations to prevent disease, overcome disease-related and other barriers, and to improve health. Clinical experience with anthropometric, metabolic, exercise and cardiovascular stress-testing in laboratory environments is a part of this course.

NRSG 645 - Practicum: Primary Care of Adults I  |  4 hours
Clinical practicum in the differential diagnosis and management of common and chronic adult and gerontologic health problems. Includes intensives for clinical procedures and wound management. Precepted by nurse practitioners and other healthcare providers in out-patient, in-patient, clinics, acute and chronic care facilities. Includes a minimum of 250 hours of clinical practice. Lab fee 9 will be assessed for this course.

NRSG 646 - Nutritional Approaches to Disease Prevention and Management  |  3 hours
This course is designed to provide an advanced-level review of the underlying biological basis and clinical translation of evidence-based dietary regimens, nutraceuticals, and phyto-pharmaceuticals in the prevention and management of disease. Discussions will include the evaluation of common and emerging laboratory tests used in the functional assessment of biochemical pathways of nutrients, and an evaluation of potential drug-nutrient interactions.
NRSG 650 - Primary Care of Adults II | 3 hours
Prerequisite(s): NRSG 550, NRSG 552, NRSG 555. Primary care course emphasizing primary, secondary, and tertiary care of well and ill individuals across the adult lifespan. Concepts of health promotion, pathophysiology, epidemiology, pharmacology, and physical assessment are integrated throughout. Acute and chronic health problems related to specific body systems are studied. Diagnostic tests are reviewed. Differential and actual diagnoses are discussed based on client presentation. Management plans are formulated based on standards of practice and best evidence. May be taken prior to or after NRSG 640.

NRSG 655 - Practicum: Primary Care of Adults II | 4 hours
Prerequisite(s): NRSG 645. A continuation of clinical practicum with emphasis on the differential diagnosis and management of the more complex common, acute, and chronic physical, psychological, sociocultural, spiritual, and developmental adult and gerontologic health problems. Precepted by nurse practitioners and other healthcare providers in out-patient, in-patient, clinics, acute and chronic care facilities. Includes a minimum of 250 hours of clinical practice. Lab fee 9 will be assessed for this course.

NRSG 657 - Acute Care Concepts and Skills I | 3 hours
This acute care course emphasizes complex concepts and skills needed to care for the acute and critically ill hospitalized adult. Emphasis is placed on use of evidence-based guidelines and development of advanced understanding and clinical judgment for management of specific complex disease processes. Development of frameworks for independent and collaborative patient care management are explored.

NRSG 659 - Acute Care Concepts and Skills II | 3 hours
This acute care course emphasizes complex concepts and skills needed to care for the acute and critically ill hospitalized adult not covered in NRSG 657. Emphasis is placed on use of evidence-based guidelines and development of advanced understanding and clinical judgment for management of specific complex disease processes.

NRSG 662 - Primary Care of Children | 3 hours
Prerequisite(s): NRSG 550, NRSG 555, NRSG 552, NRSG 556. Theoretical concepts in primary, secondary, and tertiary prevention in infants, children, and adolescents including the assessment, health promotion, diagnosis, and therapeutic management of common acute and chronic health problems. Emphasis is placed on developmental needs and the pathophysiologic stressors as well as the impact of the family on the health of the child.

NRSG 663 - Practicum: Primary Care of Children | 2 hours
Prerequisite(s): NRSG 662. Clinical practicum that promotes application of theoretical concepts and development of skills in primary, secondary, and tertiary prevention in infants, children, and adolescents including the diagnosis and therapeutic management of common acute and chronic health problems. Includes a minimum of 120 hours of clinical practice. May be used in combination with adult practicum courses to fulfill practicum requirements for FNP emphasis.

NRSG 665 - Practicum: Primary Care of Families I | 5 hours
Prerequisite(s): NRSG 662 and NRSG 640 or NRSG 650. Clinical practicum that promotes application of theoretical concepts and development of skills in primary, secondary, and tertiary prevention and healthcare across the lifespan from infancy to old age. Diagnosis and therapeutic management of common acute and chronic health problems is precepted by nurse practitioners and other healthcare providers in a variety of adult, family, pediatric, outpatient, acute, and long-term care settings. Includes intensive for clinical procedures and wound
management. A minimum of 300 hours clinical practice is required. Lab fee 9 will be assessed for this course.

NRSG 667 - Acute Care Specialization I | 1 hour
This course facilitates identification of an acute care topic or specialty that meets the individual needs of the certified acute care nurse practitioner. Focus on a more in-depth comprehension of the evidence and science of the selected topic is guided and mentored by specialists in the field.

NRSG 668 - Acute Care Specialization II | 2 hours
Prerequisite(s): NRSG 667. This course facilitates further exploration of an acute care topic or specialty that meets the individual needs of the certified acute care nurse practitioner. Development of expertise through comprehension of the evidence, science, and practice patterns related to the selected topic or specialty is guided and mentored by specialists in the field.

NRSG 670 - Practicum: Primary Care of Families II | 5 hours
Prerequisite(s): NRSG 665. Clinical practicum that promotes competence for entry into advanced practice in health promotion/disease prevention; management of patient illness across the lifespan; nurse-patient relationships; teaching-coaching function; professional roles; managing and negotiating healthcare delivery; quality assurance; and meeting acute and chronic physical, psychological, sociocultural, spiritual, and developmental needs of patients and families across the lifespan. Includes a minimum of 300 hours clinical practice. Lab fee 9 will be assessed for this course.

NRSG 671 - Practicum: Acute Care of Adults I | 3 hours
Prerequisite(s): NRSG 645, NRSG 657. Pre- or co-requisite: NRSG 640, NRSG 650.
