RESEARCH & WRITING CENTER CHANGES
Positive changes improve service for undergraduate and graduate students on and off campus

The Research & Writing Center’s primary goal is to provide the undergraduate and graduate students at SAU with the tools they need to become stronger, more accomplished writers. Writing tutors will work with students at any stage of the writing process. We provide help with the following:

- Interpreting an assignment sheet, brainstorming for ideas, and creating an outline
- Clarifying ideas, organizing information, and strengthening arguments
- Acquiring research strategies, integrating scholarly sources, and applying proper documentation
- Improving editing and proofreading skills, and understanding better the conventions of academic writing

The Research & Writing Center provides face-to-face tutoring sessions for all of the local SAU students and online tutoring for our online graduate students. We are using a new online scheduler.

To schedule a 30-minute or 60-minute appointment with one of our tutors, students follow the steps below:
1. Go to our appointment website: http://southern.mywconline.com
2. If you have not registered with our system (if you didn’t register after Oct. 17, you are not registered), click on the hyperlink provided to register. Then, sign in to make an appointment.
3. Choose an appointment time that fits your schedule, and fill out the appointment form.
4. Come to the appointment on time with an assignment sheet and a hard copy of the assignment you would like help with.
5. Our online tutoring sessions for online graduate students feature a collaborative whiteboard; text, video, and audio chat; and the ability to work with documents in real time.

Contact the Research & Writing Center Director, Sonja Fordham, for more information: sfordham@southern.edu.
