ITEMS FOR INSTRUCTION AND ACADEMIC RESEARCH
Library requests for books, media, periodicals, and electronic resources always encouraged

McKee Library is happy to purchase the materials that you need for instruction purposes as well as your own academic research.

Book Requests
Requests for new books may be submitted on the library’s website by visiting the faculty page, located on the services tab. You may also contact one of the librarians or Jennifer Huck at jlhuck@southern.edu. Please search the library catalog before requesting books.

Media Requests
All media requests (DVDs or streaming media) should be sent to Stan Cottrell at scottrell@southern.edu. Please search the library catalog before requesting new media items.

Periodical Requests
Requests for new periodicals (print and online) may be sent to Deyse Bravo at dbravo@southern.edu. Please check our current periodical holdings before making a request by searching the Journal/Magazine Locator on the library website.

Electronic Resource Requests
All electronic resource (database) requests should be emailed to Donald Martin at dvmartin@southern.edu. While we make a concerted effort to purchase materials requested by faculty, the purchase of new electronic resources is carefully evaluated based on budgetary restrictions.

Instruction, closures, and library upgrades

Library Instruction for Courses
The instruction team at the library is busy scheduling courses for summer and fall semester. If you are interested in scheduling a library or information literacy instruction session for your summer or fall course(s) or want to learn more about the embedded librarian service, please contact Katie McGrath (km McGrath@southern.edu) or Jessica Spears (jspears@southern.edu).

Library Upgrades
Thanks to the hard work of campus maintenance crews, the library’s front entrance has been upgraded with new carpet tiles in the entry way. This new flooring replaces the broken tile that once greeted library visitors.

Fall Semester Hours
McKee Library will resume our normal hours of operation on August 24, 2015.

Believer: My Forty Years in Politics
David Axelrod
David Axelrod has always been a believer. Whether as a young journalist investigating city corruption, a campaign consultant guiding underdog candidates against entrenched orthodoxy, or as senior adviser to the president during one of the worst crises in American history, Axelrod held fast to his faith in the power of stories to unite diverse communities and ignite transformative political change.

Spring Chicken
Bill Gifford

 America's Bitter Pill: Money, Politics, Backroom Deals, and the Fight to Fix Our Broken Healthcare System
Steven Brill
Brill expands his award-winning Time magazine piece on how the Affordable Care Act (aka Obamacare) was written, how it is being implemented, and, most important, how it is changing -- and failing to change -- rampant abuses in the healthcare industry.

Spillover: Animal Infections and the Next Human Pandemic
David Quammen
This work examines the emergence and causes of new diseases all over the world, where illness originates in wild animals before being passed to humans.

How We Got to Now: Six Innovations That Made the Modern World
Steven Johnson
The author explores the history of innovation, tracing facets of modern life from their creation to their consequences.

Nanotechnology
Noah Berlatsky
This title addresses various issues related to nanotechnology, including the relationship between public perception and nanotechnology.

**Focus on Learning**

With the beginning of another semester coming up, I thought a list of teaching resources might be of interest.

**Faculty Focus**
If you are looking for a new idea for the classroom, check Faculty Focus at www.facultyfocus.com. It’s a great resource for university faculty. It includes Maryellen Weimer’s Teaching Professor blog: www.facultyfocus.com/topic/articles/teaching-professor-blog/.

The IDEA Center
Another site with teaching and learning resources for faculty is the IDEA Center, a nonprofit organization “dedicated to improving learning in higher education”: www.ideaedu.org.

**The Chronicle of Higher Education**
The Chronicle of Higher Education is a great source of resources, and the Advice Columns are a good starting place: www.chronicle.com/section/Advice-Columns/144. Check out James M. Lang’s column “On Course,” a useful monthly column on teaching.

**Pedagogy Unbound**
Lastly, here is a site that shares tips and activities for the classroom: www.pedagogyunbound.com.
