LEO FRANCIS THIEL

Leo Francis Thiel died in March, 1965, at Madison, Tennessee. He was president of Southern Junior College for two periods: 1916 to 1918 and 1922 to 1925.

He was born in Alexandria, South Dakota, on November 16, 1888. He received his B.A. degree in 1911 from Union College and his M.A. degree from the University of Nebraska in 1931.

He held positions as professor of English at Walla Walla College from 1918 to 1922, at Oakwood Junior College from 1928 to 1931, at Washington Missionary College from 1931 to 1943, and as president of Union College.

From 1947 to 1952 he was book editor of the Southern Publishing Association in Nashville, Tennessee.

SMC Graduates 18 in Summer

Eighteen students were graduated at commencement exercises at the close of the 1965 summer school session.

Speakers for the occasion were Elder Roy B. Thurmon, consecration; Elder F. C. Petty, baccalaureate; and Elder E. L. Marley, commencement.

Graduates and their fields of study were as follows: bachelor of arts, Cecil Petty, Jr. and Douglas Allen Walker, English majors; George Arnold Miller, history major; Lewis Bame, Jr., William Swafford III, Charles Wheeling, theology majors. Bachelor of science, Frances Joan Aitken, Emma Brown Avery, Pamela Smith Cross, William Nesbitt, Mary Hudak-Petty, Nelda Fay Scoggins, Marsha Ann Watson, elementary education majors; Gwendolyn Ruth Maples and Molly Vigil, nursing majors; Barbara Ann Botts, physical education major; Jack Combs Jr., secondary education major; and Elizabeth Barbara Gallner, two-year office administration.

CHAPTERS REORGANIZE, REVITALIZE PROGRAMS

Approximately 80 alumni and friends of the Southern California Chapter of the Alumni Association met at Clifton's Cafeteria in West

Covina, California, in May of 1965.

During the business session new officers were named: Jon Lonberg '61, president; Sara Whitt '61, vice-president; Judy Leeper '60, secretary, Donna Haerich '63, treasurer.

Elder H. R. Beckner was the speaker at the meeting.

A program followed Elder Beckner's talk, consisting of several solos by Judy Fowler-LeBaron and Mary Ellen Carden-Byrd, and organ selections by Jimmy Rhodes. Dr. Ted Dortch was master of ceremonies, and Dr. Bernard Byrd narrated slides of SMC.

Alumni chapter meetings were also held at the various camp meetings in the Southern Union this summer.

Several of the administrative officers and the field representatives were at the various gatherings to show color slide pictures of the college and to serve as hosts for refreshments.

Carolina Conference—William H. Taylor, director of college relations, visited with the Carolina Chapter where the following officers were elected: W. S. Hancock, president; Calvin Acuff, vice-president; Jerry Kenyon, secretary-treasurer; Francis Killen, publicity secretary.

H. H. HAMILTON

H. H. Hamilton, former president of Southern Junior College from 1925 to 1927, died earlier in 1965 at Riverside, California, at the age of 86.

He was a well-known denominational educator, and beginning in 1906 he taught at Keene Academy and Southwestern Junior College.

Later he was president there and at Washington Missionary College, besides being president at Southern Junior College.

Unique Plans Set By SMC Alumnus

Robert Hamm, '48, now lives at Collegedale, where his wife is a student at SMC while he is finishing his master's degree at the University of Chattanooga.

He has served as a missionary in Colombia, South America, for 11 years and plans to return to eastern Colombia and begin an educational program under non-denominational support. This support is a private corporation, which is drawing its support primarily from medical groups on the west coast.

His ministry of education and also medical aid are the tools he desires to use in bringing a better way of life to the Colombians. His plans include setting up a village-to-village radio network and taking back with him an airplane to aid him in traveling to the villages.

In 1961 he and his wife founded a school with equipment from CARE and started classes under the trees until thatched roof buildings could be erected. The enrollment of that school has mushroomed from 10 the first year to 80 this year.

When he returns to Colombia, he hopes to purchase a 500-acre tract of land on which to build the training center. Students will gain practical experience by constructing the school and farming the land to provide food for the school. This experience plus two years of classes in nutrition, preventive medicine and educational subjects will supply the students with knowledge when they establish primary schools and teach agricultural methods and hygiene in their own villages.

Orlando Chapter Active, Carrying on Varied Events

Progress has been made recently in the section of the Alumni Association that serves the graduates of the Division of Nursing.

Recently, the executive committee of the Alumni Association voted to accept the '58 Florida campus graduates as full-fledged alumni. This recommendation will be acted upon at the Homecoming, October 9-10.

According to Miss Genevive Bowman, recording secretary of the Florida Sanitarium Division of Nursing Alumni Association, there are several things that the graduates of nursing will want to know about or to participate in as follows:

1. Keeping a current record of names and addresses of graduates. Please keep us and her up to date on your moves and change of name.
2. Let us know about yourself, your family, your work and your courage in the Lord's work. Write to the Office Secretary, Southern Missionary College, Division of Nursing, 711 Lake Estelle, Drive, Orlando, Florida 32803, and to SMC Alumni Association, SMC, Collegedale, Tenn. 37315.
3. Pass on to these offices news of you and your family.
4. Helping to complete our "hall of fame." We need class pictures of the Florida Sanitarium and Hospital graduating classes for the years 1913 to 1938, inclusive, except 1932 and 1933. We also need a picture of the class of 1955. From graduates of the Southern Missionary College Division of Nursing, we need pictures of the classes of 1961, 1962, 1963 and 1964. If class pictures were not taken, please send a graduation photograph of yourself (which will be returned) in uniform so we can have a composite picture made. Be sure to let us know your maiden name and the year of your graduation. There is expense involved in preparing composites. A dollar or two sent along with your picture will help to finance this project. If you have classmates, or alumni friends whom you feel may not

receive this paper, please contact them in behalf of our efforts.

5. Let us know when you are in the vicinity of Orlando. We want you to visit your alma mater.
6. Building up a strong Alumni Association. Never has there been a time when our efforts were needed more than now. The advance of education in fields of the sciences which affect medicine—and thus, nursing—has left many of us far behind. If we wish to give maximum help, we must endeavor to keep informed. If you live within driving distance, please come to your Alumni meetings held the last Monday of each month — October through May, in the Assembly Room of the Nurses' Residence Hall. The programs, when started promptly, can be finished by 9:00 P.M. It is our aim to plan programs which offer review of techniques, new drugs, methods, practices and concepts. Socialization is also provided by opening the evening's program at 6:30 P.M. with a pot-luck supper. Be in "the know." Be a "regular."

The campus of SMC should look like this artist's conception by 1970, according to Dr. C. N. Rees, SMC's president.

PE Center New Addition To Campus Expansion

By J. DON CROOK, *President*
Alumni Association

SMC's building program continues at a fast clip with the addition of the Physical Education Center sponsored, built, and financed by SMC's Committee of 100, Inc. In the picture above, the Physical Education Center can be seen at the lower left corner.

The artist's conception gives an idea of how the campus will look in 1970. It has a mall at the main entrance, leading up to the proposed administration building. On one side of the mall is the Women's Residence Hall; on the other side of the mall the Men's Residence Hall will be built.

The shopping center, in the lower right-hand corner of the picture, has been completed, and just beyond it the proposed Fine Arts Center will be built.

The new church has recently been

completed, and a corner of it can be seen on the left of the picture.

It is hoped, according to Dr. C. N. Rees, SMC's president, that the entire program will be completed by 1970.

Miss Wood Helps On Alumni Lists

Miss Mable Wood, assistant professor of music, is assisting the Alumni Association in bringing its address lists up to date.

Everyone who is on the mailing list for the *SMC Alumni Bulletin* is being checked to see if he was a graduate of Southern Missionary College or of Southern Junior College, and, if not, is being taken off the lists. However, the *Bulletin* is being mailed to certain persons who get complimentary copies as a matter of information for them.

It is also highly desired that the Alumni office receive any change of address as quickly as possible so the lists can be kept up to date.

H. S. MILLER

Harry Sylvester Miller, science teacher at Southern Training School in 1905, died at Roseburg, Oregon, May 13, 1965.

In 1907 he was ordained to the ministry. He was called to Oshawa Missionary College in 1915, and he became Bible instructor at Canadian Junior College in 1921. In 1926 he became head of the Bible Department at Southwestern Junior College, where he remained until 1941. He taught Bible at Ozark Academy, was pastor of the Jefferson, Texas, church, and continued as a leader in as many as five small churches in western Oregon after his retirement.
