## American College Qualifies Fuller As Ob-Gyn Fellow

Forest Laverne Fuller

Doctor Forest Laverne Fuller, of the South Bay Ob-Gyn Medical Group, Chula Vista, Calif., will be installed as a Fellow of the American College of Obstetricians and Gynecologists at its Annual Meeting, April 12-18, in New York City.

Forrest is a native of Collegedale and was graduated from SMC in 1950. His father, George N. Fuller, '25, was postmaster in Collegedale from the time there was a postoffice until his retirement in 1965 except for the four years from 1932-36.

The College, which was founded to promote the health and medical care of women, accepts physicians who specialize completely in obstetrics and gynecology, who have demonstrated clinical ability by successful completion of an examination, and who have been judged by their colleagues as competent and ethical physicians.

Further, a Fellow must be a graduate of an approved medical school and for at least five years prior to applying for membership in the College he must have limited his practice to obstetrics and gynecology.

VOLUME XX COLLEGEDALE, TENNESSEE, JUNE, 1970 NUMBER 7

## Bietz Points Out 'Focus'

Dr. W. M. Schneider, president of Southern Missionary College (second from left) congratulates senior class officers at graduation. They are (left to right): Bob Martin, vice-president; Bob Hunter, president; Jane Tolhurst, secretary; Ed Neal, treasurer; and Ernest Stevens, pastor.

"Christ in education will keep our focus clear," Elder R. R. Bietz told SMC's 198 four-year and two-year graduates at Commencement exercises Sunday morning May 31 in the Collegedale church.

Elder Bietz, vice-president of the General Conference, shared the weekend speaking honors with Dr. Frank Knittel, academic dean at SMC (Consecration), Elder Willis J. Hackett, vice-president of the General Conference (Baccalaureate); and Bill Tol, assistant pastor of the Apison District (nurses' Senior Pinning Service).

In his commencement address, Elder Bietz referred to the world's serious condition politically and socially but added, "Let's not blame anyone but just realize that we live in a world that is confused in bewilderment. Even the educational world today," he said, "has lost to some degree its educational values, and I submit that Christ can restore these values."

Elder Bietz assured the seniors that they are not entering upon a world of peace and tranquility, yet "this Commencement must not be a time of despair for the Christian. He faces the same cruel world as anyone else, but he has a hope in Jesus Christ."

Bob Hunter, senior class president, presented the class gift of \$1300 as a memorial to three members of the SMC family who died during the school year: Dr. Everett T. Watrous, Linda Reile, and Terry McAlexander. The \$1300 is to be used for books for the new library in the areas of history of the South, nursing, and leisure reading.

The SMC Alumni Association welcomes the new graduates into membership in the association. Following is a list of the graduates and their plans for the future:

- George William Adams—graduate work at Michigan State University
- Charles Everette Allen—teacher in Ringgold, Ga.
- Lillian Ray Ambrose—
- James Caulay Anderson—assistant pastor Cascade Road Church, Atlanta

## Alumni Gifts to SMC Total \$300,000 Over 10-Year Period

Members and associate members of the SMC Alumni Association have given almost \$300,000 over the last ten years to SMC for various projects.

The Alumni Association is assisting the administration of the college in preparing, under the direction of Dr. M. D. Campbell, chairman of the SMC Re-evaluation Committee, a report for the Southern Association of Colleges and Schools, in order for SMC to be re-evaluated and re-accredited by this body.

Accrediting bodies and potential corporate donors, as well as individual givers, look to see what the alumni have been doing in support of their Alma Mater. The Alumni Association feels that this report of contributions of the alumni is an excellent one, and will be commended by the Southern Association.

All in all, 436 members and associate members have given, out of a total of 2349 alumni, over a ten-year period. This represents a per capita giving of \$127 for each member over the ten-year period, and a per capita giving of \$688 for those who actually gave.

The Alumni Association appreciates the excellent response from those who have given during the past ten years; however, this represents only 18.5% of the total number of alumni.

Several years ago the Executive Committee of the Alumni Association recommended to its membership that each member should strive to give a minimum of \$5 in every calendar year so that all the projects that the Alumni Association is interested in can be helped, as well as a good record set for the accrediting body and potential donors to the college.

## Overseas Books Still Needed

In a recent letter from James Allen, '62, he said that he has been sending literature overseas for about two years and has sent over 200 packages by parcel post, and two large shipments by ocean freight, to people who have made requests for these in the *Review and Herald*.

He writes further, "Our publications are doing a wonderful work overseas in spreading the truth. Many of our laymen there are financially unable to buy the literature they need for their missionary efforts. The supply is always less than the demand. Millions of people in foreign countries can read English and there is an increasing interest in learning the English language.

"Our used magazines and the books that we seldom or never use, will be of great value to some foreign fields. The book rate is about 14¢ a lb. and the

printed matter rate 32¢ a lb. while the ocean freight rate is about 5¢ a lb.

"Since I live near the seaport of Charleston, S.C., I can ship at the much cheaper rate for ocean freight. So check your attic, basement, closets and bookshelves for books, magazines, etc., and send them to me for shipment to the needy fields."

James plans to send some books to Elder Ben D. Wheeler in harmony with his request. If you have not yet sent your extra Spirit of Prophecy books or other books that could be used in a library for grade school and academy students, here is another chance. Send them to Mr. James Allen, Route 2, Box 264, Kingstree, S.C. 29556 and he will ship them by ocean freight at 5¢ a lb. to Elder Wheeler.

Also, send James other materials you may have.

# SMC Installs New Organs

Prof. Stanley Walker tries out the new organ in the Talge Hall Worship Room. . . .

A new Holloway Organ has been installed in Talge Hall chapel. The organ, presently valued at \$19,500, was built by E. H. Holloway Co., of Indianapolis, Ind. The organ will eventually be moved from Talge Hall into the recital hall of the yet-to-be-constructed Fine Arts Center. Plans for construction of this center are for the early 1970's.

Though the organ is not complete in its present state, it is still about three times larger than the organ now in the music building.

The Talge Hall organ now has 13 ranks of pipes and two keyboards. Soon several more ranks of pipes will be added, and once the organ is moved into the proposed Fine Arts Center, 10 more ranks of pipes and an additional keyboard will be added.

The new Holloway Organ is only one of two new organs that have recently been installed at SMC. A reconstructed and refinished Kilgren Organ was recently given to the college by Mr. and Mrs. David Lee, formerly of St. Louis, Mo., now of Calhoun, Ga. The organ, built with three ranks of pipes, was installed in Mr. Walker's studio. O. D. McKee, '28, president of McKee Baking Co., paid the expense of having the Kilgren Organ moved from St. Louis, and split the expense with the college of having the organ rebuilt.

## Death Claims Four Alumni

Gary Anderson

Glenda Anderson

An intensive search by the coast guard began Monday morning, June 1, just south of Mackinac Island where a Cessna 210, piloted by Andrews University seminarian, Gary Anderson, '68, presumably crashed on Memorial Day.

Anderson's wife, Glenda, '68, was with him at the time. The Andersons' fateful trip began sometime after noon on Saturday at the Dowagiac Airport where Andrews University flight training program is based. The plane had been flown just over 700 hours and was one leased to Andrews University for its flight training program.

"Gary picked up the keys to the plane about 12:30," said Wendell Cole, Andrews University's flight instructor. "He was a good student pilot and seldom took chances. He had in about 195 hours of flight time, including 20 with the Cessna 210, ten of which were solo."

Anderson landed on Mackinac Island at 3:30 and signed the pilot guest register. The last contact anyone had with him was when he took off again for Dowagiac just before 5:00. There was a heavy fog and zero visibility at that time. Papers from the plane were washed ashore and found near St. Ignace on Sunday. Reports from the sheriff's department there showed that several persons heard a loud noise, that could have been a crash, around 5:00 P.M. Saturday. Thus it is presumed that the plane crashed almost immediately after takeoff.

Anderson was being sponsored at Andrews by the Carolina Conference. He was to work there after he received his bachelor of divinity degree in August. His parents are Pastor and Mrs. D. G. Anderson of Hendersonville, N. C.

His wife, the former Glenda Ham of Tampa, Fla., was a registered nurse at a Dowagiac hospital.

A memorial service was held June 3 at Andrews University. The search for the plane was called off Thursday, June 4, and at that time very little of the wreckage had been found, and the bodies had not been recovered.

Frank Gamble

Frank C. Gamble, '64, died June 6 in a Chattanooga hospital. He had been teaching at Mile High Academy in Denver, Colo., this past year and had accepted a call to Greater Miami Academy in Florida for next year. Frank was the victim of cystic fibrosis and was in intensive care for the last two weeks of his life.

Survivors include his widow, Mrs. Judith Ann Gamble and his parents, Mr. and Mrs. Frank Y. Gamble of Chattanooga.

### Irma Osteen Horning

Irma Lee Osteen Horning, '38, was killed instantly, Friday evening, March 6, in a two-car collision in her home town of Hollister, Calif. Gavilian College, where Mrs. Horning was head librarian, was closed in her honor during the afternoon of the funeral.

Mrs. Horning received her master's degree in library science from the University of Southern California.

Irma's husband, James J. Horning, is a San Benito High School teacher. A daughter, Pat, '68, lives in Washington, D.C., and is associate editor of the new youth magazine, *Insight*. A son, James Jay, lives in Toronto, Canada.
