300 Attend Homecoming

Although the Annual Homecoming crowd for 1971 did not equal, in numbers, the crowd that came in 1970, there was the same loyalty, comradeship, and dedication manifest in the approximate 300 graduates and their families.

Activities included vespers with Elder Thomas Ashlock, '50, and church services with Elder Joe Crews, '46. Highlight of the weekend was the fellowship buffet supper and worship on Sabbath.

Those that registered on Friday evening and Sabbath morning were as follows:

"What a Privilege . . ."

By WARREN G. HAMMOND
President, SMC Alumni Association

I often think, "What a privilege it is mine to be an alumnus of Southern Missionary College." It is a greater joy to have my son enrolled as a student. What a wonderful institution, all in God's plan for His people and the education of their children! Only eternity will reveal the many souls in the Kingdom because of this institution.

Six hundred people were present at the official opening of the new \$350,000 Village Market, and over 1200 customers visited the store that day.

New Village Market Opens

Special opening ceremonies were held Sept. 9 at Collegedale's Village Market, marking the opening of the store now valued at approximately \$350,000.

Francis Costerisan was the builder and the managers are William Burkett and H. A. Woodward.

The Village Market, which is nearly two and a half times the size of the College Market, has ten wide aisles.

It is fully carpeted and has grocery carts that are designed to eliminate frequent bending by both customers and employees.

The store includes a health and natural food section and a sales outlet for the Village Bakery.

The bakery machinery is capable of turning out 700 loaves of bread an hour.

Adventist CPA's Meet in Collegedale

The Association of Adventist C.P.A.'s held their annual meeting in Collegedale Oct. 24. Robert E. Hanson, '62, of Hendersonville, N.C., is the president for this year. The organization has been in existence for eight or nine years. One of the important items for discussion was the possibility of pooling their resources to perform audits for our larger SDA institutions. Various hospitals are required to have public audits rather than those done by the denominational auditors and at present no Adventist C.P.A. firm is large enough to do this.

Tennessee, Carolina, California and Michigan seem to have the bulk of Adventist C.P.A. firms.

The new Alumni Association officers for 1971-72 are: Glenda Jansen Brown, '67, publicity secretary; W. T. McGhinnis, Jr., '69, treasurer; Warren Hammond, '51, president; Floyd Greenleaf, '55, president-elect. Those not pictured are: Mary Ellen Davis Silverstein, '67, secretary; and Joan Rowell Bilbo, '67, assistant secretary.

"What a Privilege . . ."

(Continued from page 1)

I would that it were possible for each alumnus to personally see the progress that has taken place on this campus during the last decade. This progress is much more than the modernizing of the physical plant. There is a great spirit among the faculty and the students. At a time when the morals of the country are at a low ebb, we should thank God that we still have this "Haven of Refuge" for our young people.

This college also has a reputation for academic excellence. The graduates of SMC take a back seat to no one. Your prayers are needed for the administration and faculty to maintain this high standard of spiritual and academic excellence.

Need I say that SMC needs your

moral and financial support. If any alumnus would wish to participate in a financial way, please write for our help in determining what projects are in need.

Please send your comments and suggestions to assist in the progress of your Alumni Association.

"Working Vacations"

During the Friday night services of the Homecoming weekend, a call was made for alumni in the medical professions and construction trades to contribute actual service to the SMC student mission project in Nicaragua.

Several responded, and, as soon as facilities at the outpost permit, these alumni will be spending a vacation working in real mission service.

Presently, the Alumni Association is planning to gather more information about the possibility of such "working vacations" and to prepare guidelines to help those who are able to go. Further communications about this will be extended to the alumni as soon as the mission station is capable of receiving such personnel.

Meanwhile, alumni who are interested in "working vacations" of this sort may write to the editor of the ALUMNI BULLETIN.
