## Cafeteria Opening Near

Front view of the new cafeteria which is nearing completion.

The new cafeteria is expected to be ready for use the first week in April, in time for College Days. The serving will be on the scramble system with entrees and vegetables in one area, salads and desserts in another area, etc. This will mean much faster service than the regular style cafeteria.

The main dining room will be on the top floor of Wright Hall which is now the student lounge. The new building will have a large private dining room which can be divided into two or four smaller dining rooms as needed.

The top floor of the new building will be completed this summer. It will contain the student association offices, formal and informal student lounges, a game room, a TV room, a conference room, and a snack bar. The snack bar will have refrigerated sandwiches, fruit drinks and vending machines. The offices for the two student publications will be on the top floor and Elder Desmond Cummings, the college chaplain, will have an office there.

The basement is already occupied by the business administration department, with three classrooms one of which is especially arranged for accounting classes, three faculty offices, and a reception room and secretary's office. Also this floor houses the Hewlett-Packard 2000F computer and offices for the Computer Spectrum Enterprise managed by Mr. Glenn Holtkamp. The entrance to the Health Service department is from this floor.

The cafeteria, for the last two years, has been located in the south section of the old tabernacle, affectionately known to the students as the "Taberna-ria." Mr. Ronald Grange is in charge of the cafeteria, having become manager in January 1973, upon the retirement of Mr. Ransom Luce. Mr. Grange came to SMC from Canadian Union College where he held a similar position.

## Summer School Begins May 31

The summer school session at Southern Missionary College will run from May 31 to August 10 with registration for the first session to be on May 31, classes beginning on June 1.

The second session will begin July 5 and end August 10.

A wide variety of courses will be offered during the summer session to benefit all students who want to get courses out of the way in advance, make up particular courses, and benefit school teachers from the union and elsewhere who want to take refresher and improvement courses or continue work toward a degree.

# SMC Receives Reaccreditation

Southern Missionary College was recently reaccredited by the Southern Association of Colleges and Schools, the regional body that accredits like colleges in the southeastern United States.

This reaccreditation has come approximately ten years after its previous reaccreditation and was achieved through a self-study, including a complete reevaluation by practically all of the administrative officers and faculty.

The college was first accredited in 1950 and has held it continuously since that date.

The two departments of nursing are also accredited by the National League for Nursing as well as by the Tennessee Board of Nurses and the Florida Board of Nurses.

It is accredited by the National Council of Accreditation for Teacher Education, both at the secondary and elementary level, and by the National Association for Schools of Music.

Recently, the college was chosen by the State of Tennessee to offer courses for certification in Library Science and for teacher approval by the state in Kindergarten training.

## SMC Promoted to Full Membership in NASM

Southern Missionary College was promoted to full membership in the National Association of Schools of Music, November 20, 1973, at the 48th Annual Meeting of the Association.

Dr. Marvin L. Robertson represented the school at the meeting which was held at the Radisson Hotel in Minneapolis.

Membership of the Association includes 400 universities, colleges, and conservatories in the United States. Sixteen new schools were admitted to membership at this meeting and 17 were promoted from associate to full membership.

To NASM is designated by the National Com-

mission on Accrediting as the responsible agency for the accreditation of all music degree curricula with specialization in the fields of applied music, music theory, musicology, composition, music therapy, and music as a major in liberal arts programs. Its deliberations play an important part in music education trends in this country.

## State Approves Teacher Studies

Southern Missionary College's programs in the preparation of kindergarten teachers, school librarians and art teachers have been approved by the Tennessee Department of Education.

Dr. Stuart Berkeley, chairman of the college's education department, said certification for these programs is to be administered through his department as endorsements to the regular elementary and secondary education certificate.

Berkeley said state approval came after a visit last December by Dr. John K. Smith, assistant state commissioner of higher education, and other specialists from the department of education.

Mrs. Mildred Spears developed the kindergarten teacher-training. She has a master's degree from the University of Tennessee at Chattanooga and has completed additional study at Middle Tennessee State University.

Mrs. Eleanor Jackson is chairman of the SMC art department which has grown from 13 to 32 majors in two years. She said that the state officials were "very favorably impressed" with the offerings and the instructors' qualifications.

Officials also were impressed with the college library, Charles Davis, librarian said.

The approval of these programs brings to 14 the total of elementary and secondary teaching areas now having state approval.

## Census Report Shows Rise in American's Educational Level

American's educational attainment continued to rise in the last decade, according to a report issued July 27, 1972, by the Bureau of the Census. It showed that the median number of school years completed for all persons age 25 and over was 12.1 years in 1970, compared with 10.6 years in 1960 and 9.3 years in 1950.

Of all persons 25 and over, 52 percent reported in the 1970 census that they had completed high school, and among young adults 18 to 24, 73 percent were high school graduates, the bureau said.

Only five percent of the nearly 110 million persons 25 and over on April 1, 1970, had less than five years of elementary schooling, and 28 percent had less than one year of high school. The report showed that 11 percent had gone to college for four years or more.

## Editor's Note on Mailing

Alumni who live in the Southern Union and are on the Tidings mailing list are all receiving two copies of Southern Columns. It is a little complicated to explain, but both mailing lists need to be kept intact; therefore there is duplication.

# Sustaining Fund Over \$11,000

The Annual Sustaining Fund of Southern Missionary College is off to a good start with a total of \$11,372, either pledged or given. This amount is the result of a meeting with faculty and staff and with one issue of the **Southern Columns** being sent to the constituency.

Over 150 persons or families have contributed or pledged. The pledges have amounted to \$6,845, and the cash totals \$4,527.

Since the faculty and staff were contacted first, their total has now reached approximately \$8,600 in cash and pledges.

Shortly, Dr. Frank Knittel, SMC's president, and Charles Fleming, Jr., General Manager, will call on business friends of the college in the Chattanooga area to contribute to the Annual Sustaining Fund.

"This fund has become necessary because of escalating costs and inflation in the economy, and because the new buildings that SMC has recently built necessitate higher operating costs," Fleming reported. "It is hoped that the Annual Sustaining Fund will alleviate the problem yearly."

## SMC Board Actions

At the recent annual Board of Trustees meeting, the members voted the following:

1. To set up an industrial board to consider policies and problems of the enterprises and industries of the college.

2. To encourage the conference presidents to hold workers' meetings at SMC so that their pastors can become acquainted with the college.

3. To grant summer service leaves for Elder R. E. Francis, Dr. Cyril Futcher, Elder Frank Holbrook, Mr. Drew Turlington, Mr. C. E. Davis, Mr. Richard Stanley, Dr. Marvin Robertson, and Mr. W. H. Taylor.

4. To grant summer educational leaves for Mrs. Minon Hamm, Mr. Edward Lamb, Mrs. Genevieve McCormick, and Dean Kenneth Spears.

5. To grant a year's educational leave for Mr. William Garber.

6. To raise slightly the student tuition and rent for the coming college year.

## Second Semester Registration

Those long registration lines with hours of waiting and endless writing were practically eliminated at Southern Missionary College for second semester registration as it was done with an "on-line" system, provided by Computer Spectrum, according to Dr. Arno Kutzner, director of admissions and records.

Computer Spectrum, an SMC enterprise managed by Glen Holtkamp, provided four terminals into its Hewlett-Packard 2000F computer so that all admissions and records data were collected and stored while students were in the registration line.

The students had to fill out or correct only one sheet of paper instead of numerous forms to be sent to the various administrative and academic offices of SMC.

Freshmen were registered on a Monday afternoon, and other students on Tuesday. Enough time had been allotted to the registration in case of any difficulties with the new, experimental system. No problems developed with the system but the weather caused problems with the return of students to campus. Due to the ice storm and snow, first in our area and then to the south of us, students were delayed for days in returning to SMC. The total registered for second semester is 1326 as compared with 1314 for last year.

Holtkamp said that the computer will record, store, and print out any data on any or all students when it is requested by any of the several terminals that officers on the SMC campus will have. Such service is being offered to other colleges and schools within a 200-mile radius, at a nominal charge, according to Holtkamp.

Presently the computer will have the following information available for SMC officials: admissions, registration, grade reports and grades, graduation candidates, etc. To be added later will be student statements, student payroll and other accounting procedures. Several SMC accounting procedures are already being handled by Computer Spectrum.

## Who's Who List

Twenty-three seniors were chosen by the faculty and the student senate at SMC, to make up the Who's Who in American Colleges and Universities.

These seniors were chosen on the basis of what they have done for SMC, on their grade point averages, and on their promise for success for the future.

The following is a list of those selected to Who's Who, along with their majors.

Carol Adams, Music; Clarence Blue, chemistry; Beverly Bretsch, nursing; Bob Bretsch, religion; Caryn Carman, nursing; Sharon Cossentine, elementary education; Mike Couillard, English; Lee Davidson, mathematics; Wynene Fenderson, communications; Paul-ette Goodman, home economics; Richard Griffin, physical education; Ron Hagen, biology; Les Hess, business administration; James Jenks, medical technology; Sandi Lechler, art; Jane Lee, accounting; Blair Murphy, mathematics; Mitchell Nicholaides, mathematics; Sidney Nixon, religion; Donna Stone, nursing; James Teel, religion; Reggie Tryon, biology; Andy Woolley, English.

## Student Weddings

## Accepted at Loma Linda University

The following persons were accepted at Loma Linda University School of Medicine for the 1973-74 school year. From left to right they are: Douglas Earl Bricker, Stuart Blair Murphy and John Edward Anderson.

## Around the World in 80 Days

SMC's unique physical fitness promotion program, "Around the World in 80 Days," is in progress.

Designed to incorporate both faculty and students in an 80-day jogging spree will attempt to stimulate a daily interest in personal physical fitness while contributing to the college goal of total miles — equal to the distance around the globe, roughly 25,000 miles.

Begun January 25, all participants were encour-

aged to establish a daily jogging program. Walking will also be counted as mileage. Hopefully, by April 22, over 25,000 miles will be covered. Statistics show that the goal will be reached if each student runs 1/4 mile a day.

Besides a much improved physical condition, each man whose total mileage is above 60 miles and each woman whose mileage is above 40 miles will receive a handsome cloth patch for sports coats. The top ten people in each of the three categories — men, women, and faculty, will also be awarded Olympic-style medals.

Mr. and Mrs. R. G. Bowen

## Obituary

Ruland G. Bowen was born July 10, 1888 in Randolph, New York, and passed away January 17, 1973 in Collegedale, Tennessee. Mr. Bowen was baptized at the age of 12 and soon after his twenty-first birthday he entered conference work. He attended Salamanca Business College and graduated from Atlantic Union College.

In August, 1916 he was united in marriage to Ethel Ruth DeLhorbe. The couple had three children: Robert, of Panama Canal Zone, Gladys, of Hinsdale, Illinois, and Lois, now deceased.

The Bowens came to Collegedale in 1946 where Mr. Bowen was treasurer of SMC for 14 years and

where he also spent his remaining work years as treasurer of the Collegedale church. He resigned at the age of 81, took a trip to Europe, and when he returned, he worked as associate treasurer of the Collegedale church for eight months more.

Mr. Bowen was an earnest, kind, Christian gentleman and will be missed in Collegedale.

## To the Class of '72

Dear Class of 1972:

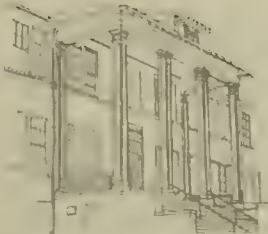

Paul May brought to me, during the summer of 1972, a gift which was in "appreciation of serving as sponsor of the class." It was a beautiful briefcase, in which I can carry mail, postum, little things Missie sends to school for me, and books, in quantity.

The gift far exceeds the service rendered. But it surely is nice to be appreciated! Thank you so much.

Sincerely,  
Ray Hefferlin

## Burke Featured

Kenneth Burke, a member of the faculty of the home economics department at SMC, was given a three-quarter page spread in a recent edition of the **Chattanooga Times**. There were pictures, recipes for vegetarian meat substitutes, and an interview with Mr. Burke. Presently Mr. Burke is completing his dissertation for a Ph.D. degree from Florida State University in Tallahassee.

## Those Who Walked These Halls

1930

Dr. Lewis A. Bascom has retired

from the post of administrator of the Nora Springs (Iowa) Nursing Home, a position he has held for many years.

Dr. Harold N. Sheffield and his

family have returned to the States for a furlough-residency following four years overseas. During the four years, they have been in Benghazi, Libya, Beirut, Lebanon,

and more recently in Nairobi, Kenya. Dr. Sheffield has served as medical director of the Afro-Mid-east Division. Before entering mission service, he was in practice in Santa Ana, California. He is now taking a residency in surgery at the Baroness Erlanger Hospital in Chattanooga and living in Collegedale.

#### 1949

Robert Guy Hyder, speech pathologist of Lakewood, California, writes that his wife, Judith, was among those listed in the 1972 edition of Outstanding Elementary Teachers of America. The Hyderys' daughter, Linda, was listed in the Outstanding High School Students of America. She is a senior at Orangewood Academy.

#### 1951

Mr. and Mrs. Ernest S. Anderson are living in Scottsdale, Arizona, where Mr. Anderson teaches industrial arts and ceramics at Thunderbird Academy and Mrs. Anderson teaches health and driver education. Their daughter, Geneva Anderson Beardsley, '72, teaches at Sandia View Academy in New Mexico. They have had a wet winter in that area and so are expecting a beautiful spring with all the desert flowers blooming.

#### 1953

Robert C. McMillan recently received a citation and \$50 for co-authoring a scientific paper for the Army Research and Development Center at Ft. Belvoir, Virginia.

#### 1955

Lt. Col. Delvin E. Littell has moved from the U. S. Army Aviation Systems Command, St. Louis, Missouri, to Madigan General Hospital, Tacoma, Washington.

#### 1956

Mr. George N. Gager is the new manager of the Adventist Book Center of the Kansas Conference, formerly known as the Book and Bible House. The Gagers two children, Darryl, 12, and Tonya, 5, are enjoying the winter weather of Kansas, especially the snow.

#### 1957

The Frank Burtetts are back in Orlando, Florida, where Mr. Burtett is manager of patients' accounts at Mercy Hospital. His wife, Helen, is studying at Florida Technological University majoring in medical records administration.

#### 1958

Robert K. LeBard is the new principal of Cedar Lake Academy

in Michigan. He was principal of the Valley Grande Academy in Weslaco, Texas, before going to Cedar Lake. The LeBards have three children: Bob, a sophomore in college; Kathy, a senior at Cedar Lake Academy; and seven-year-old Bridgett.

#### 1962

William Charles Mundy recently received a doctor of philosophy degree in physics from the University of Iowa. Mrs. Mundy is also an alumnus of SMC having graduated in 1966.

#### 1964

Major and Mrs. Gilbert Burnham recently spent several weeks vacationing in the highlands of Peru and Bolivia. Dr. Burnham is presently taking a residency in internal medicine at Fitzsimons Army Hospital in Denver, Colo.

Mr. and Mrs. James F. Wolcott moved to Atlanta, Georgia, in February where he is working in quality control and production for A and A Fiberglas Inc., in East Point. The business is owned by Eugene F. Anderson, '62. The Wolcott's daughter, Tonda, is 7 and in the third grade. Jimmy, 5, keeps things noisy around home with a guitar and go-cart. Mrs. Wolcott (Linda Comer, '62) has been doing some private duty nursing for the last three years.

#### 1965

Jerry L. Evans, Ph.D., recently joined the staff of the Los Alamos Scientific Laboratory to work with the Assay and Accountability Division. His wife is the former Molly Vigil, '65, a four-year nursing graduate.

Dr. William H. Willis, Jr. has received certification by the American Board of Internal Medicine. He recently completed his residency in internal medicine at the University of Alabama Hospitals and Clinics in Birmingham, and is remaining there in a fellowship in cardiology.

#### 1967
