WINTER 2022

McKee Library services for the upcoming semester

McKee Library is scheduling classes and ordering materials for the upcoming Winter 2022 semester.

Class Instruction

McKee Library's instruction team is scheduling sessions for Winter 2022. Topics can include, but are not limited to, navigating the library's databases and research strategy. In-class and virtual sessions can be scheduled by completing our online form or emailing Bethany Howard.

Embedded Librarian

McKee Library's embedded librarians are ready to serve you and your students during your Winter 2022 courses. If

you are planning on utilizing the service for your course(s), please be sure to add the librarian as a teaching assistant in the course. We do not automatically receive notice when the embedded librarian module is imported into new semesters and our access must be updated each semester. Complete the online form to get started.

Materials Requests

If you need a particular resource for your class or research, please complete the online materials request form. Let us know if you need something non-traditional, like a model or a technology tool. Please contact Stan Cottrell at scottrell@southern.edu with any questions.

CAMPUS RESEARCH DAY CLASS SESSION

Promote Campus Research Day in your classes next semester

Need help promoting or explaining Campus Research Day within your class(es)? We would be happy to conduct an in-class presentation about Campus Research Day, as well as demonstrate the proposal submission process. To schedule a classroom session, please email Bethany Howard bfhoward@southern.edu.

Proposals

The deadline to submit a proposal is Monday, February 14, 2022. Submit your proposal using the online

proposal form.

Format

While we are currently planning to host the event in person, plans may change based on COVID guidelines. Any changes to the format will be announced on the event website and via email.

Questions

Please contact Bethany Howard at bfhoward@southern.edu with any questions regarding Campus Research Day.

CAMPUS RESEARCH DAY 2022

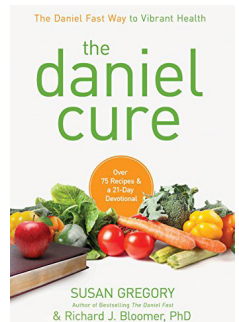

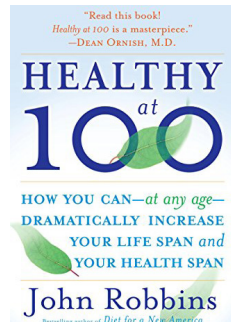

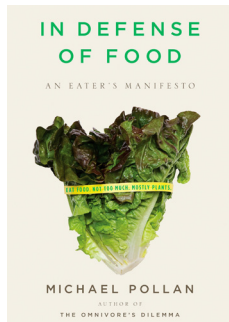

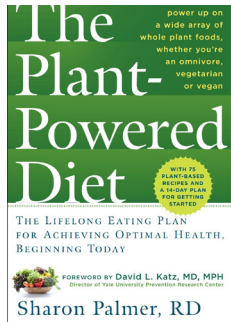

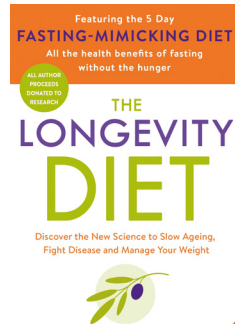

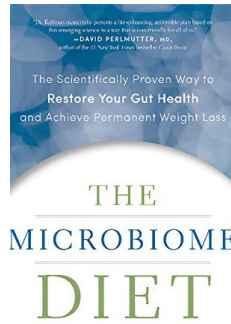

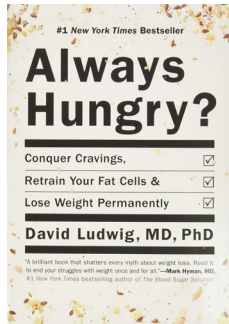

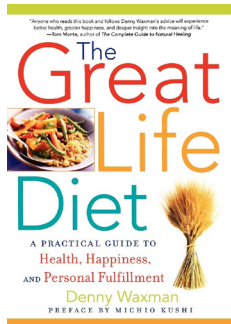

You could win cash for your work by participating in Campus Research Day.

POINTS OF VIEW REFERENCE CENTER

Points of View Reference Center contains many topics, each with an overview (objective background/description, point, and counterpoint). For each topic, this database also offers a Guide to Critical Analysis, which helps the reader evaluate the controversial topics. The Guide to Critical Analysis enhances students' ability to read critically, develop their own perspective on the

issues, and write or debate an effective argument on the topic.

In addition, *Points of View Reference Center* provides a balance of materials from all viewpoints with:

- Leading political magazines from across the political spectrum
- Newspapers
- Radio and television news transcripts
- Primary source

documents

- Reference books

The database also offers related images and supplementary research guides for writing position papers, developing arguments and debating.

Accessing the Databases
