Information Literacy

Information literacy instruction is available throughout the summer. Sessions can be scheduled in person or via Zoom.

Please contact Melissa Hortemiller at mhortemiller@southern.edu to schedule your instruction session. It is not too early to schedule for Fall 2021!

Designing Research Assignments

AMERICAN NATIONAL BIOGRAPHY

The *American National Biography* database, published by Oxford University Press, contains biographies of more than 19,000 men and women — from all eras and walks of life — whose lives have shaped American history and culture. From missionaries to musicians, social workers to statisticians, cowboys to chemists, and Vikings

to astronauts, the portraits in the American National Biography database reflect the rich diversity of American life from pre-colonial times to the present day.

The database features thousands of illustrations, and tens of thousands of hyperlinked cross-references and links to other websites. New biographies are added to the database on a regular

basis, and revisions are made to already published entries, providing access to the most up-to-date and accurate information available.

Please contact Donald Martin at dvmartin@southern.edu with questions regarding McKee Library databases.

Spotlight on the *French Collection*

Oeuvres Complètes de Voltaire, Vol 15 is part of McKee Library's *French Collection*. This work, published in 1784, is just one of several first edition Voltaire works in the library's collection.

About the Collection

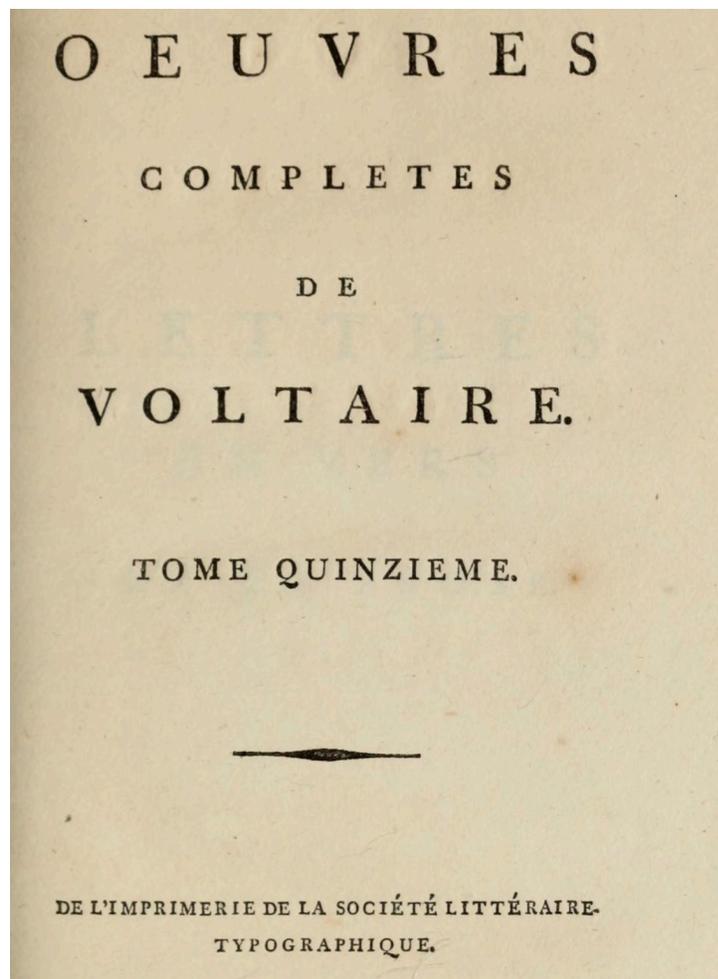

McKee Library's *French Collection* consists of 105 titles and 189 volumes of works mostly written in French. The collection spans 255 years, with its earliest book published in 1711 and the most recent in 1966. It includes works by notable authors such as Voltaire, Montesquieu, and Flaubert. Although most of the titles are written in French, a few are written in Italian, English, German, and Latin. The collection covers a variety of subjects including history, philosophy, and literary criticism and also contains novels, memoirs, poetry, and

plays.

The items in the *French Collection* were compiled from a rare books expert with close ties to some prominent members of the Chattanooga community who owned extensive historical book collections. Many of the books have been digitized and are available for online perusal. The physical items may be seen for research purposes and by appointment only.
