SUMMER 1992

FREE CALENDAR

# More Beyond

Spanish explorers first reaching the New World were ecstatic. Reality had met the edges of their imagination. Back to Spain went the message: "We have reached the limits of the world!"

There the government struck new coins with the words, "Ne Plus Ultra"—*No More Beyond*.

But you know what happened. Balboa discovered the Pacific Ocean in 1513. Soon new Spanish coins came from the mint without the "Ne." They simply said "Plus Ultra."

1 This issue of SOUTHERN COLUMNS goes beyond its regular magazine format. Please pull out and enjoy using the 1992-93 Southern College Calendar. Its *Reflections* theme focuses on seeing more than we sometimes notice, looking back while looking ahead.

2 The Centennial of Southern College has not been a destination. The college train is entering the new century without slowing down. Even the centennial logo, with its 100 cropped off at the right edge, conveys movement. And while some of us saw the parallel lines as college-ruled paper, Centennial coordinator Jim Ashlock views it as a racetrack. There is more beyond 1992. The future will see graduates who are motivated by high values, able to communicate well, prepared for professional competence.

3 This college offers "more beyond" what you find on a public campus. Just turn to Derek Morris's article on page 6 and you will see what we mean. Southern College is built on a biblical foundation of service to God and humankind. From its smoke-free environment to its vesper services, from its recreational program to prayer in the classroom, Southern encourages the best of life.

4 Most significantly, there is "more beyond" this world. Christ has pushed back the frontier so that all who choose His free offer can enjoy life not only here and now but in God's universe forever ∞

## *A Grand Old Lady* (Well, actually two)

**ROCHELLE PHILMON KILGORE!** (*Cover photo, taken June 1992*)

One hundred five years ago this July 25—in 1887—she was born on a cotton plantation in Reynolds, Georgia. History records her as our earliest graduate—a senior class of one in 1904. The school was scarcely a dozen years old and offered 12 grades at most. It was still located north of the Tennessee River at Graysville, and had just taken on the name Southern Training School. From 1909 to 1919 "Miss Philmon" taught at Graysville, remaining as principal of Graysville Academy after the college itself moved 30 miles south in 1916.

At 17 she had begun teaching, a career she pursued with grace and skill on a full-time basis until 73. Then she cut back to part-time teaching, student placement, and alumni interaction from which she retired just prior to her 100th birthday in 1987. We share our affinity for this amazing woman with our sister colleges, Union College in Nebraska, where she earned a B.A. in English at the age of 33 and then taught for ten years, and Atlantic Union College in Massachusetts. At the age of 43, she married Charles Kilgore, son of R. M. Kilgore whose vision had led to the 1892 planting of the little school in Graysville.

In 1930 they moved to South Lancaster, Mass., where she lives in 1992. She began teaching there in 1936, after time out for travel and doctoral study at Boston University. Over 90 students lived in her home over the years, and her Christian commitment to military personnel is legendary. She counseled at 25 consecutive servicemen's retreats in Germany (1957-1981). *Alumna plus ultra!*

*For the story of a second grand graduate, a Collegedale resident in 1916 and 1992, see the profile of Masie Jameson, 93, on pages 4 and 5.*

# Centennial Commencement Honors 382 Graduates

**S**ENIORS this spring carried away more than a diploma. When their names were called one by one, each also received a silver Centennial coin, struck to recognize the 100th year since the founding of Southern College.

Though most of the 382 graduates completed their studies on the Collegedale campus, 44 graduated in ceremonies on the Orlando campus. Twenty graduates completed double majors.

For some, graduation was a family affair. Ten sets of siblings graduated, including a set of twins. Paul Rouse and his daughter, Rhonda, both finished bachelor of science degrees in Long-Term Health Care. Two married couples went down the aisle once again.

Five percent of the graduates (20) were 40 years of age or older. Among this number were two individuals who came back to finish degrees started long ago—in 1964 and 1967. Two others started at Southern even earlier—in 1956 and 1958, earned a degree elsewhere, and returned to complete a second degree.

Ray Hefferlin, Ph.D., senior faculty member and Professor for International Research in Physics, spoke of "Education After College" for Consecration on May 1. The following day Gordon Bietz, D.Min., introduced by twin daughters Gina and Julie, gave the Baccalaureate sermon, "Flunking With All A's." By chance the two men spoke on the other's birthday.

At the senior nurses' pinning, 28 B.A. graduates and 67 A.S. graduates received nursing pins. Laura Nyirady, associate professor of nursing, spoke about "The Touch of Healing."

"To Know Him" was Charles Fleming's title for Commencement. Fleming's association with the campus has spanned half a century, many of those years as general manager. ⌒

Seven students graduated as Southern Scholars, having completed a special honors curriculum. From left, with the Southern Scholars is Edgar Grundset, retiring after 35 years of teaching in the Biology Department; Holly Miller, Russell Miller, Sharlene Robinson, Celia Mitchell Denton, Claire Huse, and Jean Johnson. # Masie Remembers Southern's First Year After Graysville

by Pamela Maize Harris, M.L.S.  
Assistant Professor of Journalism

She's slim, classy, and punctuates her stories with graceful gestures and often a giggle. Looking 30 years younger than her 93 years, Masie Jameson recalls arriving in Collegedale as a teenager (76 years ago) in time to help her teachers unpack after the big move from Graysville.

She unwrapped big tins of vegetables and fruit, lining the shelves and smiling about the likes of Dr. Marshall who joked about the sight of Masie and her classmates working so hard bending and lifting, bending and lifting, bending and lifting.

"You all look like an accordion," he laughed heartily. "Keep it up!"

Marshall's wife played a big role in Masie's career choice, suggesting she take the "advanced normal course," the professional educator's track. Her original thought was to serve society as a nurse, Masie says.

Her teaching career took her to Mobile, Atlanta, and Jacksonville before she returned to the campus to graduate again in 1923.

Masie remembers her teachers as understanding. There was Ruth Hale, algebra and geometry teacher, who knew how nervous Masie got before a test.

"She'd let me walk around outside to get settled down," Masie recalls, wondering how that would work these days and laughing at the prospect of hundreds of students wandering around campus getting "settled down" before math exams.

The first year after the Graysville move, the girls lived in the big Yellow House located near the railroad tracks and intersection at the entrance to Collegedale. They carried in water and firewood. The boys had tent houses with built up sides and floors to repel Tennessee's damp winters.

Getting here meant boarding a train from her hometown of Nashville, changing trains in downtown Chattanooga and catching the "local" for Collegedale where muddy wagon roads, no sidewalks, and snowy winters were common. Doing laundry meant every man/woman for himself/herself using tubs and washboards outside.

Music? Lots of it. Quartets, trios, choir, even piano lessons in the Doll House. For the annual school picnic the entire students and faculty walked from campus to the top of Grindstone Mountain.

"It was different to get to go somewhere," Masie laughs.

Did students go to downtown Chattanooga?

Yes, by train. "And chaperones always had to go with us," Masie remembers. Loveman's downtown was a favorite shopping spot and the store where Masie's class bought fabric to make their class night dresses at graduation time.

Masie well remembers the rules. She was blonde, slim, and "didn't lack for boyfriends" although

caution was the byword for any special friendships then. "We got around things," she laughs. "I delivered more letters to boys!"

And boys delivered things to her.

"One boy ran an ice cream to me all the way from Ooltewah. It was pretty soft by the time I got it, but there wasn't any better ice cream!" Masie's eyes shine remembering.

The same young man's strategy included walking close to Masie as the student body exited from the parlor after chapel. "I'm desperately in love with you," he said discreetly, hurrying on.

"I just walked on thrilled beyond words. I had a good day," Masie said.

Rules were rules. Skirts must be no more than 12 inches from the floor. ("They measured them with a tape measure.") Shorter skirts were stylish then, and to be seen in a long skirt was downright embarrassing. Sleeves had to cover the elbows, so girls sewed them with elastic for adjustability.

When Masie returned to finish her graduation requirements in 1922-23, she was 24. "Sanford Ulmer and I worked in the library, and we decided we'd walk together to the print shop to get a blotter. We thought that was really something, that we'd really pulled one over on them," Masie giggles. "I still get a Christmas card from him and his wife."

Two years after her 1923 graduation and back for summer school, Masie White met sunburned and red-haired B.J. Jameson in the cafeteria. "If anybody had told me I would marry him, I wouldn't have believed it," she said. But they married Aug. 31, 1926.

Daughter Elaine (Stevens) graduated from Collegedale Academy in 1950. Daughter Carolyn (Fisher) graduated in 1953; her husband, Dick Fisher, Sr., is a 1957 Southern graduate. Masie's grandsons also found educational opportunity at Collegedale: Jim Gregory finished college in 1980, Richard Fisher in 1983, and Robert Gregory graduated from Collegedale Academy in 1971.

Masie Jameson, at 93, still lives in the Collegedale community some four decades since her return.

new dress with lovely lace insertions all around the organdy skirt.

"I couldn't wear that long thing," Masie remembers. "It was way too long. I just cried. I didn't want it any longer than it had to be. Poor mother went and bought another one and brought it to me. It was the right length—that was the main thing—with trimming; I didn't care what kind. I was thrilled over it."

Maybe the more things change the more they remain the same. 

*Opposite page: Masie stands today beside the trunk used upon her first Collegedale arrival.*

Embarrassing, she says, being seen lifting sweet potato plants with a stick.

A local passenger train zoomed right by the field. "I was mortified. I turned away from the train."

What was church like then?

Masie recalls that the first year church was held in the Commissary or "cracker box," a small building (formerly an old store) with several rooms including one that housed chairs and a piano moved from Graysville.

A highlight for Masie occurred in Nashville when she was a little girl and church founder Ellen White came to town, visited in her neighborhood and preached at church. "I saw her sitting in a rocking chair; she probably came to my house. It meant a lot to me. I've always been glad that I did see her and hear her talk in church."

It was Professor Lynn Wood, union educational secretary at the time, who visited Nashville and talked her out of going to school at Hinsdale, Ill., where she could conveniently live with relatives. His rhetoric included phrases about loyalty to her own school, the new school at Collegedale. Some persuasive recruiter.

Masie's memories are fond ones, despite conditions and social rules.

"We loved it!" she says, remembering the big peach orchard, the barn, fresh milk and cream, and even her job cleaning the separator in the creek where the milk and cream were placed in the water to keep them cool.

When Masie graduated from academy in 1918 with ten others, her mother sent a

But Masie didn't always get away with it. Sometimes the infraction was totally innocent—like the time Masie got campus bound for weather-related reasons. "I slipped down in the snow and a boy helped me up and walked with me to work at the print shop (located near the student park). The deed seems to have been worth the penalty. "I'd like to know how they thought we'd get off campus. Hop a freight?"

And Masie remembers the secret New Year's Eve party when several girls set their alarm clocks for midnight, made hot chocolate, giggled and went back to bed.

"We were suspended from school during exams (on campus) and had to scrub and clean," Masie says. "We didn't wake anybody up, we just welcomed in the new year."

What would be wrong with that?

"You're asking me!" Masie laughs, surmising in retrospect that their mistake was in not telling or asking the faculty.

And there was the time the faculty sent several girls out with long sticks. "I thought, what in the world?" Finally, she was informed they would use the sticks to lift sweet potato plants so others could hoe underneath.

# Southern: A Place to Grow in Grace

by Derek Morris, D.Min.  
Professor of Religion

**T**HERE HAS BEEN much discussion in recent months concerning the Valuegenesis report. This ground-breaking research examined the values formation and faith maturity of Adventist young people in North America attending grades 6-12. The majority of students surveyed were Adventist young people in Seventh-day Adventist schools.<sup>1</sup> The faith maturity index that was employed for the Valuegenesis research was developed by Search Institute of Minneapolis.<sup>2</sup>

While the initial report contains no information on Adventist college students, the Valuegenesis research merits careful consideration by college educators. A special committee was established at Southern College to study the implications of the Valuegenesis report and to make recommendations.

Of major concern to the committee members was the attitude of the students toward their salvation and their feelings regarding the second coming of Christ. The Valuegenesis findings suggested that 83% of the youth surveyed "believe that salvation depends primarily on one's behavior instead of on what God has done, is doing, and promises to do through grace."<sup>3</sup> Was such a works orientation toward salvation prevalent at Southern College? Were the majority of the young people without assurance of salvation and afraid of the second coming, as some had suggested?

In response to these important questions, a survey was developed by the Religion Department in April 1992 and administered to 375 Southern College students.<sup>4</sup> The survey addressed the issues of grace orientation versus works orientation and the attitude of the students toward the second coming of Jesus. The ten survey questions are shown at the right.

Results of the student survey were both encouraging and challenging. In response to question one, 97.8% (367 out of 375) of the students surveyed indicated that they have accepted Jesus as their personal Savior. This is a very encouraging response. Students are finding the environment where they can make a decision for Christ. In response to question two, 75% (282 out of

375) of the students indicated that they have assurance of salvation. While it is encouraging to discover that three quarters of the students surveyed at Southern College have assurance of salvation, we notice a discrepancy in the responses between questions one and two. As many as 85 students who indicated

## Response to Valuegenesis

*A Short Survey  
of Southern College Students*

1. I have accepted Jesus as my personal Savior. (T or F)
2. I have assurance today that I am a saved child of God. (T or F)
3. I believe that salvation is:
  - a. a free gift of grace received by faith
  - b. a reward for obedience to God's law
  - c. a result of God's grace and my works
4. It is possible to once accept Christ as my Savior and then reject Him and be lost. (T or F)
5. I believe that there is nothing I can do to earn my salvation. (T or F)
6. Obedience to God's commandments:
  - a. is the way to be saved
  - b. is a loving response to my Savior
  - c. a and b
7. God loves me more if I obey His commandments. (T or F)
8. I believe that Jesus Christ is coming back soon. (T or F)
9. Thinking about meeting Jesus face to face at His second coming makes me feel:
  - a. excited
  - b. happy
  - c. hesitant
  - d. afraid
  - e. none of the above
10. Do you believe that you have sinned so much that you are beyond salvation? (T or F)

that they have accepted Jesus as their Savior do not have assurance of salvation.<sup>5</sup> These students must be encouraged to move beyond a nominal commitment to Christ. Assurance, freedom and peace are only found in a full surrender of the life to Jesus as Savior and Lord.

In response to question three, 92% (346 students) expressed the conviction that salvation is a free gift of grace. Responses to question 4 reveal that, while trusting in God's grace, 96% (362 students) reject a "once saved, always saved" view of salvation. In question five 72% indicated that they believe there is nothing they can do to *earn* their salvation. These responses clearly suggest that a majority of Southern College students have a grace orientation toward salvation.

This is almost exactly opposite to the findings and interpretation in the Valuegenesis research noted earlier. One possible explanation, already suggested by others, is that the language of the Valuegenesis survey was geared toward mainline Protestant churches and was not easily understood by Adventist young people. As a result, there may be some distortion in the scores.<sup>6</sup> A second possible explanation is that the spiritual environment at Southern College is making a positive impact on the lives of the majority of the students. Many are experiencing a paradigm shift from works orientation to grace orientation and are discovering assurance of salvation.

The student responses to question six reveal that 73% of the students (275 out of 375) view obedience to God's commandments not as the way to be saved but as a loving response to the Savior. Responses to question seven suggest that 90% (339 students) view God's love as unconditional. God does not love me more if I obey His commandments.

### Attitudes Toward Second Coming

What of the students' attitudes toward the second coming of Jesus? The results to questions eight and nine were particularly encouraging: 99% (370 out of 375) believe that

Jesus is coming back soon, and 87% feel excited or happy about meeting Jesus face to face.<sup>7</sup>

These findings are also exactly opposite to the opinion of some who, in response to the Valuegenesis report, suggest that the majority of our young people are afraid of the second coming of Jesus. While we are concerned for the 3% of students surveyed who indicated that they are afraid of meeting Jesus face to face, they are obviously a very small minority of the student body. It was most probably these students, along with a couple of others, who marked in question 10 that they feel they have sinned so much that they are beyond salvation. We praise God that 97% of the students surveyed believe there is hope for them through Jesus Christ!

### Implications of Research

What are the implications of this research for college administrators, professors, students, and parents? Certainly we can give heartfelt thanks to God for what is happening in the lives of the students at Southern College. Many are finding a saving relationship with Jesus Christ, and are joyfully awaiting His return. We must continue to nurture these students as they "grow in grace and in the knowledge of our Lord and Savior Jesus Christ."<sup>8</sup>

At the same time, we must be especially sensitive to those students who have not yet found assurance and peace in Jesus Christ. Perhaps as many as 25% of our students are confused about the plan of salvation. There may also be as many as 3% of the total student body who believe that they have sinned so much that they cannot be saved. We must bring to them the wonderful promise of Jesus that "He is able to save completely those who come to God through him, because he always lives to intercede for them."<sup>9</sup>

Southern College exists to lead young people to Jesus, and then to equip them for His service. It is a place where values can be formed, where lives can be formed, where futures can be formed. It is a place to grow in grace. 

### Footnotes

<sup>1</sup> 10,461 of the nearly 15,000 respondents were Adventist youth attending SDA schools.

<sup>2</sup> This instrument was based on a questionnaire developed by Search Institute for six major Protestant denominations.

<sup>3</sup> V. Bailey Gillespie, "Faith, Values and Commitment," *Adventist Review*, January 10, 1991, p. 17.

<sup>4</sup> The surveys were anonymous and were computer scored.

<sup>5</sup> Also while only 7 students indicated that they had not accepted Jesus as their Savior, 14 students indicated in question 10 their belief that they have sinned so much that they are beyond salvation.

<sup>6</sup> One student expressed the concern that the language of the Valuegenesis survey was ambiguous. He felt that any affirmation of the importance of the commandments could be interpreted as a works orientation.

<sup>7</sup> 35 students (9%) indicated that they felt hesitant and 12 students (3%) indicated that they feel afraid of meeting Jesus face to face.

<sup>8</sup> 2 Peter 3:18.

<sup>9</sup> Hebrews 7:25.

## Southern Prof Teaches Romanian Seminarians

With Dr. Bennett are two of the 98 students at the Romanian Seminary. On the left is an in-law of Helen Rudoy, a Russian student currently attending Southern College. The student on the right, Komonici Theodor, is applying to Southern College for fall 1992.

For three busy weeks of May, Douglas Bennett, Ph.D., a professor of religion at Southern College, taught in Bucharest, Romania.

Dr. Bennett visited the Romanian Seminary, May 1 to May 23, presenting classes from 8:00 -1:30 four days a week and 8:00-11:00 on Friday. Subjects included the Book of Revelation, preaching, and the Spirit of Prophecy. (Dr. Bennett occupies the Ellen G. White Memorial Chair in Religion established at Southern College in 1986.) Weekends were

spent in visiting and preaching in the churches.

Dr. Bennett reports that the Romanian Union has six conferences comprising 60,000 Seventh-day Adventist members and 884 churches manned by 200 ministers. "The work is progressing with power. Around 1000 per month are being added to the church within this union," says Dr. Bennett.

After teaching in Bucharest, Dr. Bennett also visited the Russian SDA Seminary in Zaoski.

## Japanese One of 40 Students Baptized During School Year

"Kensuke Watanabe is a living witness to the power of the Gospel of Jesus Christ," asserts Derek Morris, a religion teacher at Southern. Kensuke grew up in Japan, in a family that knew nothing of God or the plan of salvation. Through the providential leading of God, Kensuke attended Southern College this past school year.

On April 4 he made a public confession of his love for Jesus Christ as his personal Savior and was baptized by Dr. Morris in a lake about two miles from campus. Kensuke returned to his homeland for the summer and has already been used by the Holy Spirit to lead other Japanese young people to God.

He is one of over 40 students who were baptized during this past school year at Southern College. Many other young people, who had walked away from God, have rediscovered their first love, according to Dr. Morris.

## Post Graduate Tuition Plan in Place

Graduates sometimes find that their interests shift. An updated plan can make it easier to come back for another major at Southern College.

The plan permits eligible graduates to enroll in classes for half the regular tuition rates. The plan applies even to baccalaureate graduates from other accredited colleges or universities. It does not cover study toward A.S. nursing nor private music lessons, but would apply to most classwork toward one of Southern's 36 baccalaureate majors.

A key provision of the plan as revised effective May 1, 1993, requires beneficiaries to have earned their bachelor's degree at least two years before entering the program. For details, call Admissions at 800-SOUTHERN or FAX 615-238-3005.

## E-Mail Links Campus to Russia

How does one scientist in Tennessee talk to another in St. Petersburg? The answer is electronic mail.

Ray Hefferlin, Ph.D., is in constant touch with Russian scientist Zhuvikin, both of whom are progressing in research and development of molecular periodic systems.

The Southern College Professor for International Research in Physics is elated. His Sovam Teletport communications go to San Francisco by Sprintnet, are beamed to Moscow via satellite, and then are directed to his colleague's computer in St. Petersburg on a dedicated telephone line. It works dependably and rapidly, he reports.

"You don't know how amazing these developments are," says Hefferlin. "In the past, in the Soviet Union, it would take 10 pages of documents from party officials just to get a letter containing scientific information into the mailbox. Then it would take six to eight months for the letter to reach me in America. With Glasnost and with the computers, we don't have to wait."

In its centennial year Southern College has looked back.

At the same time an optimistic Southern looks ahead.

We now enter Southern's second century. It's an era of excitement.

With assurance of Christ's soon coming,

students and teachers do not expect the college to exist for another complete century.

Yet today offers unparalleled opportunities in global service, in the sciences and technology, in communication and Christianity.

As you move through the months of this calendar, it is our hope that each day will bring you—and the college itself—the dual view: looking back while looking ahead.

Knowing where we came from and where we're going gives us, *right here and now*, identity and direction.

Δ *Southern Accent* won a first-place Scholastic Newspaper Award from the 1992 American Scholastic Press Association. Judges evaluated the newspaper for content, design, plan, art, editing, and creativity. Editor Daryl Cole, '92, was a May public relations graduate.

Δ The 1992 **Field School of Evangelism** is being conducted in Chattanooga June 27 through August 8. Seventeen students are participating under the direction of Southern College teachers Leo Van Dolson and Derek Morris, and Ron Halvorsen, church growth director for the Southern Union Conference.

Δ Refurbishment in **Thatcher Hall** will provide women residents with more comfortable lodging this fall. The project includes replacing the showers, remodeling the ventilation system, painting walls, replacing all flooring, and installing energy-efficient windows with security switches. Two rooms are being custom remodeled to accommodate handicapped residents. Thatcher Hall has 357 rooms and 176 bathrooms.

Δ Shortly before the school year ended, 48 students dedicated themselves to a year of service for their church. Thirty-eight will be serving outside the United States as **Student Missionaries** and 10 plan to work in North America on Taskforce assignments.

Δ A Collegedale connector **highway project** will create better access to Southern College from Interstate 75. The Tennessee Department of Transportation anticipates completion of the 1.7 mile connector by the end of 1994. The connector will join Apison Pike and U.S. Highway 11 at the Interstate 75 interchange at Exit 11 in Ooltewah.

Δ Holland, Germany, France, Italy, Austria, Switzerland, and Belgium attracted 17 students for **Adventure in Europe 1992**. The four-week history and humanities study tour was directed by William Wohlers, vice president for student services. It was his ninth such tour.

Δ Seventy registrants participated in **Communicators Workshops** held

May 4 to 7. Specific workshops focused on the areas of Desktop Publishing, Writing for Publication, Video Production, and Speech Power. Δ **Congratulatory letters** from President George Bush, First Lady Barbara Bush, Education Secretary Lamar Alexander, and Representative Marilyn Lloyd were read at the Centennial Commencement. A joint resolution commemorating the 100th anniversary of Southern College was introduced in the House of Representatives on May 28. These papers are now on display in the Heritage Museum at Lynn Wood Hall.

Δ A spring luncheon with the college board recognized the **Grounds Department**, directed since 1970 by Charles Ray Lacey. In the past year major utility and road improvements presented the department with extraordinary challenges.

Δ Two back-to-back **Elderhostel** weeks brought 51 older guests to the campus for classes about organ music, the Psalms, Native American culture, body language, and the Civil War. They left behind many compliments about Southern people and campus cooking. Examples: "Great student body. Cheerful, helpful, neat, polite." "Most helpful and friendly administration and staff I have ever encountered." "Will change my living, dietary-wise. Didn't miss meat one iota. Ate too much of your excellent food."

Δ Student leaders from Adventist colleges across the nation converged on Southern's campus in April for the annual **Adventist Intercollegiate Association** convention. Alex Bryan, an SC senior, hosted the group as national president for AIA.

Δ Approximately 950 guests were hosted for **1992 College Days** this spring, 653 of whom were students. On the spot 46 applications were turned in, more than double the number received last year during the two-day event.

## Always on Sunday: Suzy Smith and Children

*Suzy Smith is Exhibit A:*

*The vision of Christian service that motivated school founders a century ago has not been lost to this generation.*

*A senior elementary education major, Suzy's not one to stay on the beaten path. Last fall she entered Southern's one-year program in auto body repair. She wanted to keep in touch with kids while she learned to fix cars. At the nearby Adventist Community Services, the director described a need for someone to do things — crafts, art, music, games—with the children while parents visited the thrift shop.*

*With Suzy's volunteering for duty every Sunday the center was open, from October through this summer, Sundays at the center became child care outreach days. Suzy also arranged with the Education Department for other students to get observation credit while volunteering. "Your vision, energy, and leadership took our dream of a program to nurture children and made it an exciting reality," commented ACS director Gail Williams at year's end. A \$1,000 scholarship, funded jointly by an anonymous donor and Southern, was an unexpected reward for Suzy.*

organizes the intramural athletic program. **Edgar Grundset**, associate professor of biology, has taught at Southern for 35 years and has been active in the entertainment calendar at the college. He has been described as "committed to learning but . . . also unapologetically human," having "done his best to remind everyone that there is a time for play even in the serious world of academe."

Δ The 1992 Thomas and Violet Zapara Award for Undergraduate Teaching Excellence was awarded to: **Jan Haluska**, **Ed Lamb**, and **Ray Hefferlin**.

Dr. Haluska joined the English department in 1981. "Students leave his classes with an unequivocal

consciousness that they have been taught by one who is firmly committed to the notion of integrating faith with learning," commented Academic VP Floyd Greenleaf when presenting the award.

Professor Lamb, for 20 years a teacher of the behavioral sciences at Southern, is "respected by students for handling their personal problems wisely, for keeping their confidences discreetly, and for encouraging them honestly."

Dr. Hefferlin, Professor for International Research in Physics, is the senior-most member of Southern's faculty, having come in 1955. "One would never suspect that behind the simple appearance of his labs is a life of study that has won him the attention of physicists around the world," commented Dr. Greenleaf.

Δ **Pamela Harris**, assistant professor of journalism, has won a Society of Professional Journalists Mark of Excellence award for non-fiction magazine writing. The award recognizes a two-part series in the September/October and November/December 1991 issues of *Liberty* magazine. The investigative pieces focus on Jerry Falwell's attempt to paint Liberty University as a non-religious institution in order to refinance debt through tax-free bonds, and the First Amendment and legal issues involved.

## Dear Friends,

*It's been a little over a year since I arrived back on the campus of Southern College. Many things have happened during the year—Centennial events, chapter meetings, and rather extensive upgrading of our office equipment. Best of all, I've had the opportunity to renew many acquaintances from long ago, as well as personally meet many of you for the first time.*

*Our Centennial year has been exciting. Homecoming this fall (Oct. 30-Nov. 1) is the official end of the year-long celebration and promises to be an event that will be long remembered! A special Centennial banquet Thursday night, Oct. 29, will introduce this year's Homecoming events. Watch for more details and plan now to be there!*

Cordially,

*Jim Ashlock*

**P**icture the perfect college: It should be Christ centered and offer a liberal arts education. It should be big enough to be diverse, yet small enough to be friendly. It's got to have exciting academic programs, right? And an engaging, dynamic faculty who'll support each student's goals and achievements.

Sounds pretty good. Sounds like Southern.

At Southern, we've spent 100 years developing our picture of a perfect college. As we celebrate our Centennial, we invite you to discover what 100 years of Christian education has taught us. You'll learn from the past. And get excited about the future. Because while we agree that a Centennial is an important milestone, for Southern, it's just the beginning.

Knowing who to turn to for help with a particular problem can be tricky. Names, jobs, and faces can easily become confusing. That's the reason for this mini-directory of administrative faculty members who will most likely be able to assist—or at least point you toward someone who can. We've even included phone numbers. (From off campus, 615-238-Extension listed). So give us a call . . . we're here to help.

In its centennial year Southern College has looked back.

At the same time an optimistic Southern looks ahead.

We now enter Southern's second century. It's an era of excitement.

With assurance of Christ's soon coming, students and teachers do not expect the college to exist for another complete century.

Yet today offers unparalleled opportunities in global service, in the sciences and technology, in communication and Christianity.

As you move through the months of this calendar, it is our hope that each day will bring you—and the college itself—the dual view: looking back while looking ahead.

Knowing where we came from and where we're going gives us, *right here and now*, identity and direction.

# Student Handbook

The information presented at the time of printing is a statement of non-academic policies at Southern College. The college reserves the right to change policy without prior notice. All students are expected to be aware of and abide by Southern College policies which appear in this handbook. The Student Services Office (238-2814) or a residence hall dean should be contacted if further information regarding a particular item is desired.

**ACADEMIC POLICIES** All of the academic policies are presented in detail in the *College Catalog*. All students should study this catalog to become familiar with their particular programs of study.

**AIDS** Southern College is committed to acting with Christian compassion toward all people with AIDS. The college is also committed to protecting the members of its community from exposure to AIDS. A detailed procedure to accomplish these goals has been officially established and is on file in the office of the vice president for student services.

Current medical information indicates that AIDS is transmitted only through exchange of body fluid and not through casual contact. Southern College believes that abstaining from sexual relations outside of marriage and from intravenous drug use is the most effective way to avoid exposure to AIDS.

It is not the normal practice of Southern College to exclude AIDS victims from the student body. However, if the college

concludes that its resources are not sufficient to provide the services required, or if the AIDS victim proves to be a disruption of the regular college program, such an exclusion may be implemented.

Southern College is committed to updating its students and faculty with the latest accurate information about AIDS and will regularly review its AIDS policy toward that objective.

**ALCOHOL AND DRUG USE** It is the policy of the college to insist on total abstinence from the use of alcohol and drugs. Furthermore, a student must avoid all inappropriate association with alcohol. A student must not hold any position which involves the serving of alcohol. This policy applies to all students wherever their location. A student possessing or using alcohol or illicit drugs will be dismissed. Re-admission will be considered only after one week and after an authorized drug dependency evaluation has been completed. A student evaluated as an experimenter will be required to complete a Substance Abuse curriculum and counseling program. Any student evaluated as more than an experimenter will be suspended until the college approves the necessary treatment program and there is clear evidence that substance use has been corrected. The college considers any repeat offender to be a regular user. Such a student will be suspended indefinitely. Because substance users often move from one kind of "high" to another, use of any other drug will be considered a repeat offense.

**ASSEMBLY, CHURCH, AND RESIDENCE HALL WORSHIP** In order to provide for the spiritual fellowship essential to a Christian campus, Southern College has a regular program of student attendance at weekly assembly, church service, Sabbath School, and residence hall worship. Assemblies are held each Thursday at 11:00 a.m. During weeks of spiritual emphasis assemblies are held on Tuesday as well. Occasionally, assemblies will be held in the evening or may begin at 10:30 a.m. on Thursday. Double credit is given for special evening assemblies because of the length of time devoted to them. Assemblies serve several purposes, including spiritual nurture, cultural enrichment, as well as general information and community fellowship. Assemblies are held in the church or in the Physical Education Center, depending on the nature of the program.

All students are required to attend 16 assemblies each semester. Students may receive one assembly credit each semester for attending either one Anderson Organ Series concert or one Chamber Series concert. Students who fail to attend the required number of assemblies will be assessed \$10 per assembly that they are short of the required number. Students who have missed more than five assemblies will be subject to cancellation of registration. Reinstatement will occur only after the above penalty plus a \$25 re-registration fee are paid, and arrangements are made not to become deficient in attendance again.

Church and Sabbath School are designed to be the apex of the

spiritual life at Southern College. Attendance at Sabbath School and church services is required of resident students each week. The Collegedale Church of Seventh-day Adventists is the regular church for Southern College students; however, students may attend another area church by indicating in writing as they leave the residence hall the Sabbath School and church they will be attending that day. Students who do not attend Sabbath School and church regularly are subject to discipline. The residence hall worship program is the third part of the spiritual nurture and fellowship program at Southern College. Residence hall worship services are conducted by the residence hall deans, invited guests, or by the pastors at the Collegedale Church. (See WORSHIP ATTENDANCE.)

**AUTOMOBILES, MOTORCYCLES, BICYCLES** The use of motor vehicles on campus is considered a privilege. Motor vehicle privileges may be suspended at the discretion of the residence hall deans or the vice president for student services.

All Southern College students are held responsible for acquainting themselves according to the following motor vehicle code:

**Section I – Motor Vehicle Privileges**

1. Motor vehicle privileges as understood in this code means the possession or use of a motor vehicle, motor scooters, motorbikes, motorcycles and automobiles.
2. Lending or borrowing of motor vehicles is discouraged.

**Section II – Motor Vehicle Registration**

1. Any motor vehicle that is subject to the use of a student must be registered with the college in the student's name at registration time or within one week of arrival time in the vicinity of the campus.
2. Temporary registration for motor vehicles brought to campus for a short period of time must be made with the Campus Safety Office.
3. Registration stickers (decals) are available at the Campus Safety Office (Lynn Wood Hall) during the school year. Proper placement of sticker is in lower left of the rear window.

**Section III – Parking**

1. For each semester residence hall students are charged a parking fee of \$35 for automobiles and \$25 for two-wheeled motor

- vehicles. Students who bring cars during the course of a semester will be charged on a pro-rated basis.
2. Residence hall student vehicle parking is restricted to assigned parking in the respective residence hall parking lots. Students who find someone else's vehicle parked in their assigned space must convey that information along with the decal number or license number of the offending vehicle to the Campus Safety office for approval to park in the one hour lots.
3. Students who live off campus are charged a parking fee of \$25 per semester for either an automobile or motorcycle.
4. Students who live off campus may park vehicles in areas approved for community student use during the school day.
5. Faculty and staff are also required to display a parking sticker.

**Section IV – Driving**

1. Motor vehicles are not permitted on lawns, sidewalks or other places not intended for vehicular use.

**Section V – Penalties for Violations**

1. Parking violations are subject to fines of \$3 to \$15 based on number of offenses. Fines not paid within time prescribed on ticket will be doubled when placed on statement.
2. Violations of the campus traffic code such as speeding and failure to observe stop signs will result in a fine of \$10.
3. Secreting or failure to register a motor vehicle with the college will result in a fine and possible disciplinary action.
4. In the event a person accumulates more than five tickets in a semester, driving privileges may be suspended.
5. All fines are to be paid in cash by the end of each semester before exam permits may be picked up. All appeals will be made to the head of Campus Safety.

**Section VI – Damage, Loss or Theft**

Southern College assumes no responsibility for loss resulting from theft or accident, vandalism, fire and other causes for damage of any vehicle or its accessories on college property. Automobile parts or tools left outside of automobiles may be hauled away without notice.

**Section VII – Bicycles**

1. All bicycles should be locked when not in use.

2. Bicycles are not to be ridden on grassed areas of the campus.
3. Bicycles are to be stored only in designated areas.

**Section VIII – Inoperable Vehicles**

Except by permission of the Campus Safety Office or the vice president for student services, inoperable vehicles may not be parked on the campus. Such vehicles parked without permission will be towed away at the owner's expense.

**BENEFIT PROGRAMS** Any organization desiring a benefit program must submit a proposal to the Administrative Council through the office of the vice president for student services.

**BOOKS** The Campus Shop sells textbooks for all classes offered by the college. Students have three weeks after the first day of classes to return textbooks for credit. No credit will be given without a receipt. Only partial credit will be given for books written in or damaged. At the end of each semester students may sell back their used textbooks at the Campus Shop to its designated used textbook buyer. ID cards are required when selling books as a part of the Campus Shop's system for locating books that have been reported lost or stolen. Anyone attempting to sell stolen books will be disciplined by the college administration.

**BULLETIN BOARDS** Inappropriate bulletin board material may be removed by Student Services Office personnel.

**CAMPING** Students who wish to leave campus for weekend camping trips must submit their request through the regular weekend leave process. The following guidelines must be verified: specific identification of camping site; approved married couple to accompany mixed gender groups; separate sleeping arrangements for each gender. Campus organizations are expected to follow these guidelines on camping trips which they sponsor.

**CAMPUS CLUBS** Over twenty academic-department and special-interest clubs are organized each school year. Each organization must file a statement of purpose and officers roster, including a faculty advisor, with the Student Services Office for approval and formal college recognition. Only approved organizations are to function on campus.

**CAMPUS LEAVES** Late leaves: Residence hall students are expected to remain in their residence halls between closing time

and 6:00 a.m., if they have not arranged an overnight leave or a late leave with the residence hall dean.

**Overnight and weekend leaves:** Printed forms for overnight leave requests are available in the residence hall offices. If the period of proposed leave from the campus includes a work or class appointment, suitable arrangements must be made with the work superintendent or academic dean respectively. Overnight leaves in the surrounding community (Chattanooga/Collegedale/Cleveland) are not permitted unless the students are accompanied by parents. Overnight leaves are cancelled at any time students are present on campus or in the surrounding community (as stated above) during the time of the leave. If under 21 years of age, freshmen students are limited to overnight leaves which involve a maximum of eight (8) nights of absence from the campus per semester, excluding vacations. Students on citizenship probation are limited to overnight leaves which involve a maximum of two (2) nights of absence from the campus per calendar month excluding vacations. In case of emergency requiring a leave which is not provided for by regular policy, parents should contact the residence hall dean. Weekend leaves terminate at curfew Sunday. If an emergency situation makes it impossible to return to the residence hall by curfew, students have the responsibility of telephoning their residence hall dean to request an extension of time.

**CAMPUS SAFETY** A full-time security officer is in charge of campus parking and security of the buildings. The Campus Safety Office is located on the basement floor of Lynn Wood Hall. If not in the office, Campus Safety may be contacted 24 hours daily by calling ext. 2911.

**CARE CARE** is the acronym for Collegiate Adventists Reaching Everyone, which is the student organization for religious activities at Southern College.

**CAVING POLICY** Because of the inability of Southern College to assume liability for activities within caves on its property, the cave in the Student Park has been securely sealed at its entrance. Any removal of this seal may be done only with the specific permission of the Student Services Committee.

**CHURCH PUBLICATIONS** Copies of *Insight* and the *Adventist Review* are available in the residence halls weekly.

**CLASSROOM CONDUCT** Teachers and the institution reserve the right to remove legitimate students from classes if their behavior threatens the purposes of the class by exceeding the bounds of normal academic freedom.

**COLLEGE STANDARDS** Students are expected to establish a Christian lifestyle which fosters maximum spiritual, mental, physical and social growth. Such a lifestyle will include engaging in prayer, Bible study, and Christian-service activities; practicing good study habits; selecting a balanced and nutritious diet and scheduling adequate periods of rest; participating in wholesome recreational and leisure-time activities; and relating responsibly and respectfully to other persons. Behaviors which do not promote such a lifestyle and are expressly forbidden include the use of alcoholic beverages, tobacco and illicit drugs; gambling; dancing; improper sexual behavior; homosexuality; and attendance at entertainments which are spiritually or morally destructive. Students who engage in such behavior will be subject to suspension and/or dismissal from the college.

**CONTACT SPORTS** In order to protect the liability of the college and the physical well-being of its students, Southern College prohibits participation in sports with excessive physical contact including tackle football.

**COUNSELING AND TESTING SERVICE** The director of counseling administers a formal program of counseling through the Counseling and Testing Office. This program provides various aptitude and psychological tests as well as interest and personality inventories which are available for students who wish to gain insight into various problems which may be associated with their college experience and planning for life. College entrance examination results and other personal data which may assist in counseling and guidance are kept on file in the Counseling and Testing Office.

**CURFEW** Residence halls close at 11:00 p.m. Sunday through Thursday, at 10:00 p.m. on Friday, and at midnight Saturday.

**DISCIPLINE** All major disciplinary procedures are under the direction of the vice president for student services. Discipline for minor infractions may be administered by the residence hall deans. A student who may be subject to discipline is counseled by the appropriate residence hall dean and/or vice president for student services regarding the student's rights, including voluntary withdrawal from school, and possible disciplinary actions. The student is then given a hearing before appropriate college officials which always includes the vice president for student services and a decision regarding the appropriate disciplinary action is made. Students who receive discipline will be placed in one or some of the following categories: citizenship probation, suspension, on-campus suspension, withdrawal at the end of the semester, immediate withdrawal, expulsion.

Citizenship probation carries with it some or all of the following restrictions:

1. One approved weekend leave per month to home.
  2. No use of an automobile, driving or riding, except as allowed in 4. below.
  3. No late leaves.
  4. Only one off-campus leave per week. No personal car use. Must obtain a ride for this leave via permission from a dean and must return to the campus by sundown.
  5. A perfect record of presence for night checks and attendance at classes, assemblies, worships, Sabbath School and church services.
  6. Loss of all student leadership positions, including Student Association and religious activities.
  7. No participation in off-campus public appearances which represent the college except when involved in class activity.
  8. Other restrictions deemed appropriate.
- If a student on citizenship probation fails to comply with these restrictions, he/she is subject to dismissal. Students under suspension will leave the campus during the entire period of suspension unless specific arrangements to the contrary have been made. A student who has been suspended must submit his request for college re-admission to the vice president for student services.

**On-Campus Suspension** from the college for a definite period of time is an alternative for the student involved in unacceptable conduct. On-campus suspension occurs when a student is allowed to remain on campus under restrictions of citizenship probation and is specifically told in writing that any other violations of college regulations will result in his immediate dismissal.

The vice president for student services may request *withdrawal at the end of the semester or session* of a student not adhering to college standards and regulations. Completion of course work for that semester or session will be allowed if the student's conduct is acceptable for the interim.

*Immediate withdrawal* may be requested of a student who is involved in a single major misbehavior, who has accumulated a series of deviations, or who is insubordinate in his relation to the college authorities. A residence hall student who accepts the privilege of withdrawing agrees to move away from the college community; unwillingness to do so may result in formal dismissal.

*Expulsion* may be a last alternative for a student involved in very serious misconduct. Such action may result from a student's being involved in any of the three situations above under withdrawal. Expelled students will not be eligible for re-admission to SC.

A student who receives any discipline will receive a letter of warning and counsel from either the vice president for student services or a residence hall dean. This letter will be made a part of the student's official record and will be used as reference in evaluating future behavior. Additional copies will be sent to the student's parents and to the residence hall dean, if a student is a residence hall student. Copies of disciplinary letters are not sent to parents of independent students.

A student who has been administered discipline by the deans of either residence hall may *appeal the decision* to the vice president for student services. The vice president for student services decision may be appealed directly to the president of the college.

**DISTRIBUTION OF INFORMATION** Anyone desiring to distribute information via pamphlets or papers on the campus of Southern College must receive permission to do so from the Office of Student Services.

**DRESS CODE** As part of its overall effort to educate students, Southern College has established a specific dress code. Since Southern College is a Christian institution, cleanliness, modesty, and neatness are the prevailing principles in this code. Southern College also discourages attire which it considers excessive personal adornment. In addition Southern College requires students to develop a sense of professional appropriateness, dignity, and respect regarding dress and grooming. All students must dress modestly, and be neat and clean at all times and adhere to the following requirements:

1. Men: Pants with shirts and/or sweaters.
2. Women: Dresses, skirts, or pants with blouses, sweaters, or jackets.

Guests at Southern College are encouraged to adhere to the same standards as do the students and staff.

**EVENSONG** Each Sabbath a sundown worship service is held in the church. It begins approximately 20 minutes before sundown.

Residence hall students are given worship credit for attending. **FINANCIAL SERVICES** The college maintains an Office of Student Finance and Financial Aid which will advise students as to the availability of loans, grants, and scholarships both from private and government sources. A banking service for deposits and cash withdrawals is operated by the Accounting Office for the convenience of students. Financial sponsors should provide students with sufficient funds through the banking service to cover the cost of personal items of an incidental nature and travel expenses off campus including vacation periods. Withdrawals may be made by the student in person only as long as there is a credit balance. These deposit accounts are entirely separate from the student's school expense account. Withdrawals from regular expense accounts are discouraged and permitted only under special arrangements with the director of student finance and with the permission of the financial sponsor.

**FIREARMS AND FIRECRACKERS** Items of explosive nature, firearms or pellet guns are not allowed on the campus. Possession of or exploding fireworks or combustible chemicals in the residence halls or on the campus is expressly prohibited. Violators of this regulation will be fined up to \$100 and will be subject to suspension or dismissal.

**FIRE DRILL** Each residence hall is required to hold periodic fire drills; when an alarm sounds, residents are to follow announced procedure promptly.

**FIRE EQUIPMENT** The misuse of fire extinguishers, fire alarms, smoke detectors, door closing devices, or other fire protection equipment will subject a student to a \$100 fine and/or other discipline.

**FIRE HAZARDS** Use of candles, incense, open-flame lamps, or any other item that could cause a fire- or smoke-related incident will result in a fine of up to \$100.

**FOOD SERVICE** Three nutritious meals are served daily in the college cafeteria, on the third floor of Wright Hall. Students may use their identification cards to charge meals on their monthly

statements. A \$2 surcharge is added to each meal charged without an ID card. Cash is also accepted in payment.

The Campus Kitchen, located in the College Plaza, is a fast-food restaurant, also operated by the Food Service Department, which serves meals 7 a.m.-2:30 p.m., each day.

K.R.'s Place is located in the student center. This is a fast-food place that is open from 1-4 and 6-8 p.m.

In addition, the Food Service staff will provide special luncheons and banquets for groups who make requests to the director of food service two weeks in advance.

The Food Service and Campus Kitchen are normally closed on Thanksgiving Day, Christmas Day, New Year's Day and the Sabbath after Christmas. Students residing on campus must make their own arrangements for meals on these days by eating at other establishments or by carrying out food the days previous to those holidays.

**GUESTS** Each residence hall is a private campus home where guests are welcome to visit. Residents must arrange with a residence hall dean for guests to reside overnight in student rooms. Such guests are to register at the service desk and will be expected to abide by general campus and residence hall regulations. Visits should be limited to three nights. If a longer stay is arranged, a charge of \$2 per night will be placed on the resident's account.

**HAZING AND OTHER IRREGULAR ACTIVITIES** A student who conspires to engage in hazing or commits any act that injures, degrades or disgraces, or tends to injure, degrade or disgrace a fellow student will be subject to discipline, including dismissal.

**HEALTH SERVICES** Health care may be obtained by all permanent residence hall residents and all village students taking seven or more hours during the school year or three or more during the summer at the Student Health Service, administered by a nurse director in cooperation with the college physician. Clinic hours are posted and the physician makes daily calls at the Health Service Monday through Friday. He leaves when all who are waiting have been cared for. A nurse is on duty after clinic hours also, except during vacations and summer, and may be reached for emergencies by calling 238-2713. A four-room

infirmary is maintained for overnight confinement if necessary.

Southern College requires that students be covered by health insurance. Students who are already covered with a similar insurance plan may during registration request at Health Service to be excluded from the school policy. Such students will need to supply, at that time, written evidence from their parent's employer or local insurance agent which contains the company name and policy number under which they are covered; otherwise, coverage must be purchased through the college health insurance plan.

**HORSES** Horseback riding is not allowed on campus. It causes extreme damage to the lawns.

**HOUSING AND RESIDENCE REQUIREMENTS** The total social and educational program at Southern College is based on the premise that this is a residential college, not a commuter school. Single students enrolled for more than three semester hours, who are under the age of 23, and who do not live with their parents or legal guardians, must live in the residence halls. Exceptions to this are made for students who have completed a bachelor's degree or four years of college.

In order to live elsewhere a student must present a written request to the vice president for student services who will consult with the Student Personnel Committee. Such a request must include parental approval, specifics regarding residence requested, and the reasons an exception to the policy is being requested. Generally only those requests which demonstrate definite financial need which off-campus living will correct, or which verify other extenuating circumstances will be approved. Requests will not be considered if a student is on citizenship probation. Students who do not abide by the established residence requirements will have their registration cancelled. When a student has been given special permission to live off campus no change in residence may be made without the permission of the vice president for student services.

A student who lives in the residence hall must be registered in classes. Anyone who drops classes will need to make living arrangements outside of the residence hall. Any exception to

this policy must be cleared through the residence hall dean and the vice president for student services.

Married student housing is available through the office of the vice president for finance. A student who is no longer enrolled or accepted as a student will be asked to vacate college housing. **KEYS** Room keys are issued to all residents without charge. A substantial fee is charged for each key lost or not returned when a resident checks out of the residence hall.

**KITCHENETTES** Each residence hall has a kitchenette where residents may prepare food.

**LAUNDRY ROOMS** Coin-operated washers and dryers are available in laundry rooms in each residence hall. These rooms are closed 30 minutes before sundown on Friday and are open again 30 minutes after sundown on Saturday.

**LOST AND FOUND** All articles found on campus should be taken to the Lost and Found Department located at the Service Department, 5071-B Industrial Drive. Valuables are kept there to be claimed by those who have lost them. Articles not claimed within one year from the time they were turned in will be taken to the Community Services Center.

**MAIL** Mailboxes are located in the foyer of each residence hall. Mail is delivered each morning Sunday through Friday. A resident's mailing address is the room number, followed by the name of the residence hall, Collegedale, TN (Talgie ZIP Code: 37315-0569) (Thatcher ZIP Code: 37315-0529). Be sure the correct residential ZIP code is on the envelope.

**MOTION PICTURES** All feature-length motion pictures must be approved for showing on campus or at any school-related function by the faculty Film Preview Committee. Requests for the showing of films should be directed to the vice president for student services for approval by the Student Services Committee according to the following guidelines:

1. The Student Association may show a maximum of four films

per semester with no more than one per year being a public benefit program.

2. The Artist Adventure Series has the option of showing two films per semester.
3. The Classic Film Series may present four films per semester.
4. Other campus organizations may show a feature film in a program restricted to the membership of the sponsoring group and invited guests. No campus organization will be allowed to show more than one such film during the academic year.

### MUSIC STANDARDS

1. Music performed or reproduced anywhere on campus is expected to be in harmony with standards of good taste applicable to the occasion and in keeping with the ideals of spiritual commitment and personal relationship with God to which the college is dedicated. To assist with the responsibility, a screening committee is appointed by the college president each year to screen all student programs before they are presented. Student groups should contact the chairman of the screening committee in ample time before their scheduled performance so that the committee can be called for the screening. Failure to have a program properly screened may cause cancellation of the program. A musical group organized by students for public performances must be approved by the Student Services Committee.
2. Rock music of any type is not acceptable on campus. It has a debilitating effect on refined sensibilities of the Christian and can have almost hypnotic and demonic possession of the human mind and body with its wild, loud, steady and primitive beat.

**PERSONAL IDENTIFICATION** Students are to present proper identification when requested to do so by administrators, faculty, staff, cafeteria, library, residence hall and security personnel.

**PETS** Pets are not permitted in the residence halls.

**PLACEMENT SERVICE** The director of counseling operates a placement service which issues announcements concerning employment opportunities and upon request provides potential employers with data on graduates of the college. The placement service is effective in assisting students to find satisfactory

professional employment. Registration with the placement service is voluntary and should be made at the beginning of the senior year or the end of the junior year.

Questionnaires originating outside the classroom to survey student life and services are to be approved by the vice president for student affairs prior to their distribution.

**REFRIGERATORS** Refrigerators not exceeding a capacity of 4.5 cubic feet are permitted in the student rooms.

Friday	6 a.m. to 10 p.m.
Sabbath	6 a.m. to 12 p.m.

**RESIDENCE HALL VISITORS** Southern College is a private school. Thus the residence halls are private buildings and function for the needs of the students who live there. Any non-resident student or visitor who has not made arrangements with the dean on duty will be asked to leave at the closing time. Also, any visitor who plans to stay in the residence hall for the weekend must make arrangements with the dean on duty upon his or her arrival on campus.

**ROOFS** Any individual who is on the roof of a college building without authorization will be fined \$100.

**ROOM ASSIGNMENTS** Residents are not to move from one room to another without first making arrangements with a residence hall dean.

**ROOM FURNISHINGS AND CARE** Room furnishings include beds, desks, chairs, drawer space, window drapes and carpet. Students should bring their own bed linens, pillows, bedspreads, towels, washcloths and wastebaskets. Drapes and furnishings are not to be removed from the room. Wallpaper and contact paper should not be put on the walls. Poster putty and/or masking tape should be used to hang posters. Nails, tacks or Scotch tape are not to be used for this purpose.

Residents are responsible for the condition of their rooms and will be charged for damages, as well as custodial expenses if a room is left in need of repair and cleaning. Rooms and furniture are not to be painted.

The Engineering Department is responsible for maintaining facilities and furnishings in the residence halls, including painting, electrical and plumbing repairs and installation of drapery rods, hooks, etc. Residents are to leave requests for such services at the service desk.

Students' rooms are to be decorated in harmony with college standards. Items such as alcoholic-beverage containers and pictures/posters of nude or scantily clad persons are not to be displayed.

Cooking appliances must not be used in student rooms. State health regulations prohibit cooking in sleeping rooms. Such appliances may be used in residence hall kitchenettes.

**ROOM OCCUPANCY** Students will be charged rent as long as their belongings are in the room. During times when student teaching or internships, etc., require extended absences from the campus, storage facilities are available at a reduced rate.

**ROOM RESERVATIONS** After a student has been accepted by the college, a room reservation can be made. Before a housing or room reservation may be made, \$100 of the advance payment as a deposit must be paid. Tentative reservations may be made without a deposit before July 1; however, the deposit must be paid by that date in order to hold the reservation. After July 1, requests for reservations must be accompanied by the \$100 deposit. An advance payment of \$100 insures a student a room.

The deposit will be refunded when a student checks out of the residence hall (for an indefinite period of time) after the first 30 days of residency, provided all residence hall obligations have been satisfactorily cured for and the floor, walls, woodwork and furniture of the room are clean and undamaged. For further details regarding room deposit refunds, please refer to the *College Catalog*.

**SABBATH OBSERVANCE** The Sabbath is God's time for man to meet with Him in an atmosphere free from non-spiritual distractions. To facilitate this the college gives primary attention to worship, rest, and Christian fellowship and service from Friday sundown until Saturday sundown. During these hours students are expected to refrain from secular activities including secular entertainment, secular music, shopping, sports, school studies, work, and other similar activities.

**SELLING** Selling or soliciting of goods or services in the residence halls must be approved by the head dean. Salesmen or peddlers are not allowed to function on the college campus. This includes the student center.

**SKATEBOARDS** Skateboards are not to be towed behind any vehicle whatsoever.

**SOUND EQUIPMENT** Sound equipment is not to be heard outside a student's room at any time. Failure to comply with this policy will result in the removal of the equipment. Head phones are recommended.

**STEALING** Protection against stealing is a serious challenge for an institution in which hundreds of people reside closely in a relatively open manner. Students should take precautions to protect their personal belongings. However, since thieves conduct their activities surreptitiously, individuals who take without permission any items which they do not own will be regarded as stealing. They will be disciplined immediately and may be suspended.

**STORAGE** A locked storage room is located in each residence hall where residents may keep luggage and cartons at their own risk.

All such items are to be tagged. The college will assume no responsibility for the protection of stored items.

**STUDENT ASSOCIATION** The Student Association is an organization of the total student body which is responsible for specific activities on campus, acts as a voice for the student body, and provides opportunity for leadership training. Officers are elected and appointed each spring to serve the following school year. Publications of the Student Association include the *Joker*, a directory of students and staff; the *Numerique*, a listing of phone numbers; the *Southern Accent*, the campus newspaper; the *Chatter*, a weekly news/announcement sheet; and *Southern Memories*, the college yearbook. Students enrolled for a minimum of eight semester hours are members of the Student Association and are eligible to receive the various services provided by the Association.

**STUDENT CENTER** Lounges, a snack shop, a game room, and a prayer room are available for student use on the third floor of the Student Center building. Student Association offices, the chaplain's office, the CARE office, and a Counseling Center are also located there. The Computer Center and Health Services are housed on the first floor of the building and the cafeteria is on the second floor.

**STUDENT EMPLOYMENT** Students at Southern College are encouraged to obtain part-time employment in the college's industries, services, or academic departments in order to help pay for their school expenses. Students accepting employment with the college are expected to be punctual to work appointments and to maintain their work schedule during the entire semester, including examination week. To be absent from work appointments without cause or previous arrangement or without notification in the case of illness is sufficient reason for discharge. Residence hall students who wish to accept off-campus employment must obtain permission from the vice president for student services. Permission will be denied if the employment could be detrimental to the physical well-being and/or character development of the student. Students may work as volunteers for the fire department or the ambulance service if they maintain a cumulative grade point average of 2.00. First semester freshmen must have a satisfactory secondary school record.

**STUDENT RECORDS** Copies of the Family Education Rights and Privacy Act of 1974, and amendments subsequent to this Act and HEW guidelines are available in the Office of Student Services. Students have the right to inspect and review official records, files and data directly related to them kept by any unit of the college. This request should be made in writing to the administrator responsible for the record. Requests are to be processed within four or five days from the date the request has been filed. The Act stipulates a reasonable fee may be charged if copies of the material in the file are desired.

**STUDY ATMOSPHERE** A study atmosphere is to be maintained in the residence halls at all times. Musical instruments are not to be played in the residence halls (see "Sound Equipment").

**SUICIDE** Any student who attempts or makes a gesture of suicide will be asked to withdraw from school and will be readmitted only after therapy and a letter from the therapist.

stances are third party calls to be made on the college telephone lines or collect calls accepted. A student who becomes involved with third party billing or accepting collect calls will be subject to the following penalty: a \$25 fine and suspension from classes until the fine and telephone charges are paid.

**TELEVISION AND STEREO SETS** Television sets are not allowed in the rooms of the residence halls. Radio and stereo equipment are allowed; however, the volume must be adjusted so the equipment is not heard beyond the room where it is placed. Televisions will be confiscated and a fine imposed. Stereo equipment will also be confiscated if not used according to all the above guidelines. The residence hall deans are not responsible for the safety of any equipment confiscated during the school year.

Television rooms are available in each residence hall. Programming on the sets in these rooms is under the direction of residence hall deans. There are also two television sets in the Student Center. One in the amphitheater is restricted to Cable News Network. The other in the lounge is for special events and programming as determined in advance by the Student Activities Committee.

**THEATER ATTENDANCE** The college does not condone attendance at motion picture theaters. Attendance at the theater may result in disciplinary action.

**TOWING** Individuals on skateboards, sleds, bicycles, skis, or any similar conveyances are not to be towed behind any vehicle whatsoever. Students who violate this restriction are subject to cancellation of college registration which includes a \$25 reinstatement fee. Repeat violators will be suspended.

**VIDEO TAPES** Current copyright laws prohibit colleges and their suborganizations from showing video tapes that are intended for home use only. Special licensing fees must be paid to show such tapes. Clubs, departments, student organizations must adhere to this restriction. Any videos that are shown must be approved by the Film Subcommittee.

**WEEKEND LEAVES** Any time a student leaves the residence hall overnight a leave slip must be filled out and approved by a

dean before leaving. Weekend leave slips must be turned in to the main desk by 10:00 p.m. Wednesday, at which time they will be approved or denied and returned to the student's mailbox. Falsification of weekend leaves will result in disciplinary action. Freshmen are limited to eight overnight leaves per semester. Any leave other than to home may need approval of parents or guardian.

**WORLD MISSIONS** Information concerning Student Missionary or Taskforce opportunities is available in the chaplain's office.

**WORSHIP ATTENDANCE (Residence Halls)** The strength to live a Christian life is possible through an on-going relationship with God. Christian living and spiritual commitment are dependent primarily on personal devotions. The Lord can bless each student through the experience of the worship program, but residence hall workshops can never fulfill the need for a private devotional life. The deans urge students to take the time to meditate and study on their own. This will make residence hall workshops and other religious services much more meaningful.

It is necessary to require attendance at worship in order to maintain the spiritual uniqueness of Southern College. Purposes for worship are:

1. To offer a daily reminder of who we are, why we are here and where we are going.
2. To develop a sense of Christian community.
3. To give the student strength and encouragement through Christian fellowship.
4. To enhance the spiritual growth of the students.
5. To establish and strengthen the habit of daily devotions.

Worships are held Sunday, Monday, Tuesday, and Wednesday. Worships are held twice each day, at 7:00 p.m. and 10:45 p.m. Students are required to attend residence hall worship once a day, three of the four days (Sunday through Wednesday). A student may choose to attend Sabbath sundown Meditations in place of one day of residence hall worship. All resident students are required to attend Friday evening vespers unless they have an approved weekend leave. Worship cards will be given out until the scheduled starting time of the program.

Students who have a direct conflict in meeting all worships in a single day may petition for a permanent excuse. Petition forms are available at the front desk.

Seven skips are allowed each semester. Three of these skips may be for Friday vespers. The eighth skip will result in disciplinary restrictions for up to 21 days. The ninth skip will result in disciplinary restrictions for up to 42 days. The tenth skip will make the student subject to suspension.
